

2023-2024

Baï Seed®

When sourcing seeds, plugs, cuttings or liners for your business from Ball Seed®, our commitment is to have the products you need and to deliver them to you on time, as ordered, and with top quality.

Ball is continuously investing in teams of people ready to help serve your business.

We are also investing in products and delivery methods to improve the quality and reliability of every order you place with us.

JIM KENNEDY
DIRECTOR OF NORTH AMERICAN SALES

DO YOU HAVE IT? CAN I GET IT?

The power of plants and gardening is propelling growth in our industry. If we let it, the craziness of the global supply chain might constrain us. When you work with all of us at Ball Seed, we can share ideas and insights on how best to navigate the supply chain and secure the products you need to run your business. Planning, pre-booking and pricing are key areas to make time to consider in preparation for the 2023 and 2024 seasons.

As you plan your production, look for these top new introductions: Solarscape™ Impatiens, Flamma Celosia, Beehive White Pentas, Megawatt™ White Begonia, and Goldblitz Rudbeckia. We are also excited to offer several

new cut flowers (page 177) and vegetable varieties (page 197) from the best breeders.

Our goal continues to be to help every grower in North America achieve *their* goal in 2023. Every seed counts.

Thank you for entrusting your business to Ball Seed.

630 588-3464
jkennedy@ballhort.com

WELCOME TO YOUR 2023-2024 CATALOG!

Ball Seed has the plants, products and services to help make your growing season a success. All our seed, plugs, unrooted cuttings, liners, bulbs and bare root are available on WebTrack®, our online ordering system. You'll also find greenhouse equipment, soil and media, and technical support for growers of all sizes. Your Ball Seed sales representative will work with you to customize solutions to improve your business. Contact us today!

All you need to go from garden to table.

Q

We use our proprietary Ball Vigor Index® rating to identify superior seed lots to make sure we **only supply the highest-quality seed to our customers**. In this way, we can help maximize the profitability of our growers, and optimize seed for automated seeding systems. But we don't test the seed in a petri dish, we **test it by growing it the way you grow it**, so you can be confident it **will perform that same way under your conditions**.

QUALITY YOU CAN TRUST

We also test pelleting and priming to determine the uniformity of how and when pellets break down for the optimal pellet size to get **the most full cells in the plug tray**. This is how our Precision™ Multi-Pellets can provide the most balanced mix of varieties that will all germinate and grow compatibly from each pellet.

Another benefit of the Ball Vigor Index is that **we can anticipate failure before customers experience it, and remove that seed from inventory before it is ever sent out**. You can rely on us to only supply you with the highest-quality seed that will perform just as you would expect.

STELLAR PRODUCTS

S

Count on Ball Seed® for:

- Easy access to tens of thousands of **innovative, trialed-and-proven varieties** from 225+ top-notch suppliers. (ballseed.com/webtrack)
- Our state-of-the-art **Ball Premier Line® seed** technology that takes seed from good to great.
- Industry-leading **packaging and storage conditions** that give you the freshest seed...easier sowing and storage...and the extra edge in production tracking.

THE BEST INPUTS GROW THE BEST PLANTS

BALL PREMIER LINE® SEED

Today more than 80% of our seed inventory – billions of seeds each year – passes through our Ball Premier Lab for coating and pelleting, priming and testing. You benefit from reduced shrink, reduced cost and improved yield.

BALL VIGOR INDEX® SEED

Our patented plug testing method determines the vigor and uniformity of seed lots by analyzing physical characteristics and responses of seedlings grown in a plug tray. The higher the rating, the better the quality. So, you are assured of great performance from every packet of seed that displays the Ball Vigor Index rating.

- Coleus (PL)
- Dianthus (PL)
- Dusty Miller (PL)
- Impatiens (HE & CT)
- Pansy (GS)
- Petunia (PL)
- Phlox (GS)
- Salvia (HE)
- Viola (GS)

FUSEABLES® PRECISION™ MULTI-PELLETS (PMPL)

See p. 66 for Fuseables listings.

The first-ever professional-quality multi-species and single-species Precision Multi-Pellets are specially formulated to deliver a balanced mix of two or three varieties.

Tried and tested in the lab and in the greenhouse, they germinate and grow compatibly. All combo components are present at least 90% of the time.

- Single-Species Coleus
- Single-Species Petunia
- Multi-Species

AMPLIFIED SEED (AMP)

Enhanced through a proprietary process for fast, uniform germination.

- Echinacea

TREATED NON-CHEMICAL

Seed has been disinfected without the use of fungicides, reducing the seedling pathogens on the seed.

- Salvia

BALL CONTROLLED GROWTH™ SEED (BCG)

Every Ball Controlled Growth seed is treated with A-Rest® at the optimum rate for each lot. It's safe, sustainable, and saves you time and money while producing quality products.

- African Marigold (CT)
- French Marigold (CT)
- Zinnia (CT)

A-REST is a registered trademark of SePRO Corporation.

COATED SEED (CT)

Film-coated seed ensures better "flowability" through seeders.

- Alyssum
- Aster
- Cilantro
- Coriander
- Craspedia
- Dahlia
- Digitalis
- Eggplant
- Gaillardia
- Gazania
- Gerbera
- Gomphrena
- Iberis
- Impatiens
- VF Kale
- Lettuce
- Lobelia
- Marigold
- Pepper
- Phlox
- Rudbeckia
- Stock
- Tomato
- Zinnia

CERTIFIED ORGANIC SEED

Our organic seed is not treated with any chemicals. Visit ballseed.com for a complete product listing.

GENESIS® SEED (GS)

Primed seed germinates under a wider range of temperatures and delivers better uniformity.

- Aquilegia
- Cleome
- Coreopsis
- Cyclamen
- Echinacea
- Kniphofia
- Lavandula
- Lewisia
- Pansy
- Poppy (Papaver)
- Primula
- Rudbeckia
- Verbena
- Viola

HIGH ENERGY SEED (HE)

Refined seed delivers improved germination and uniformity.

- Cosmos
- Delphinium
- Echinacea
- Geum
- Gypsophila
- Impatiens
- Lavender
- Lemongrass Premium
- Leucanthemum
- Penstemon
- Ptilotus
- Rudbeckia
- Salvia
- Scabiosa
- Strawberry
- Verbena

MULTI-SEED PELLETS (MPL)

Eliminates the need to run trays through the seeder multiple times.

- Alyssum (7-9 seeds)
- Bacopa (4-5 seeds)
- Begonia (3-4 seeds)
- Chamomile German (8 seeds)
- Chives Onion (8 seeds)
- Dichondra (3-4 seeds)
- Fuseables Single-Species Bacopa
- Fuseables Single-Species Juncus
- Gypsophila (12-14 seeds)
- Helenium (3-4 seeds)
- Helichrysum (3-4 seeds)
- Lemon Balm (8 seeds)
- Lemongrass (9-11 seeds)
- Linaria (4 seeds)
- Lobelia (6-9 seeds)
- Sweet Marjoram (8 seeds)
- Oregano Greek (10 seeds)
- Ornamental Grasses (5-9 seeds)
- Ornamental Mint (8-12 seeds)
- Portulaca (4-5 seeds)
- SimplyHerbs (7-12 seeds)
- SimplySalad (6-10 seeds)
- Snapdragon (5-7 seeds)

PELLETED SEED (PL)

Applying a uniform pellet for small seed items improves visibility and makes seeder pick-up easier.

- Achillea
- Ageratum
- Angelonia
- Arabis
- Astilbe
- Basil
- Begonia
- Bellis
- Calceolaria
- Campanula
- Celosia
- Coleus
- Dianthus
- Digitalis
- Dusty Miller (pelleted)
- Exacum
- Gloxinia
- Heuchera
- Isotoma
- Juncus Grass
- Lavandula
- Linaria
- Lisianthus
- Lobelia
- Matricaria
- Mimulus
- Nemesia
- Nicotiana
- Pentas
- Petunia
- Plectranthus
- Portulaca
- Ranunculus
- Rudbeckia
- Sedum
- Sempervivum
- Snapdragon
- Stevia
- Tanacetum
- Torenia
- Trachelium
- Verbasicum

TREATED SEED (TR)

Uses Thiram for general seedling disease control and Allegiance for protection against downy mildew. Seed is sealed; there is no change in shape/size and no dust or rub-off.

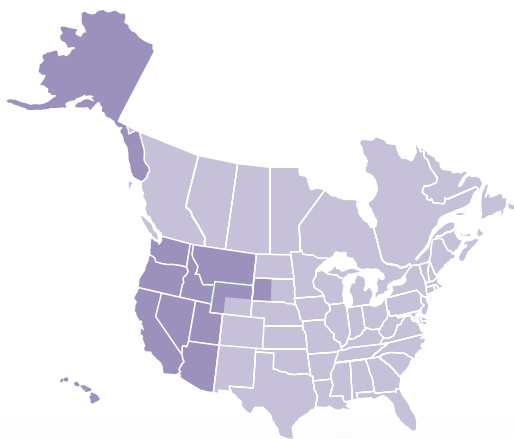

- Carrot
- Carthamus
- Celery
- Helianthus (Sunflower)
- Pepper

PLUG TESTING

All Ball Premier Line seed is plug tested.

AGERATUM

Ageratum houstonianum (Floss Flower) ●

Crop Time: Packs, 12 to 13 weeks

Aloha F₁ Series

Height: 5 to 8 in. (13 to 20 cm)

Spread: 8 to 12 in. (20 to 30 cm)

Available as Ball Premier Line® seed.

Aloha is early to flower and suited for growing in packs and in 4-in. (10-cm) pots. It is an excellent type for mass production. The strong vigor in the garden makes Aloha an excellent garden performer.

- Blue
- White

High Tide™ Blue F₁

Height: 14 to 16 in. (36 to 41 cm)

Spread: 12 in. (30 cm)

A PanAmerican Seed® Product.

Available as Ball Premier Line® seed.

Landscape series makes a dense, mounded hedge of color. Grows taller and more vigorously than other landscape ageratum, outlasting standard bedding varieties in gardens and mixed containers. Very well-branched, self-cleaning and easy-care.

ALCEA Also see Perennials.

Alcea rosea annua (Hollyhock) ●

Spring Celebrities Series

Height: 24 to 32 in. (61 to 81 cm)

Spread: 18 to 24 in. (46 to 61 cm)

Long-flowering, naturally dwarf annual hollyhock produces large, semi-double blooms from May through October. Good for bedding and containers.

- Carmine Rose
- Crimson
- Lemon
- Purple
- White
- Mix Includes double and semi-double blooms.

ALTERNANTHERA

Alternanthera brasiliana ●●

Purple Prince

Height: 10 to 16 in. (25 to 41 cm)

Spread: 18 to 20 in. (46 to 51 cm)

A PanAmerican Seed® Product.

Crop Time: 4 to 4.5-in. (10 to 11-cm) pots, 4 to 5 weeks

First compact seed alternanthera is an easy-to-grow alternative to vegetative varieties. Creates a durable carpet of ruby/ burgundy foliage that stands up to any Summer condition, including drought and rain. Great in low-maintenance landscapes for both professional and home gardener use, or as an eye-catching spiller in containers. May flower under very short days; light plants at that time of year to prevent bud formation.

Purple Knight Alternanthera

must have

Clear Crystal Mix Alyssum

Alternanthera dentata 🌈

Purple Knight

Height: 18 to 36 in. (46 to 91 cm)
Spread: 24 to 36 in. (61 to 91 cm)

A PanAmerican Seed® Product.

Crop Time: 4 to 4.5-in. (10 to 11-cm) pots, 4 to 5 weeks

Vigorous, dark purple-leaved foliage plant is an ideal accent for mixed containers.

Very heat-tolerant plant thrives even in subtropical Summer conditions. Grow in full sun for the darkest leaf color. Upright, spreading plants work well in landscapes. Good for 4-in. (10-cm) pots to gallons. The height varies by location; it grows taller in warmer conditions.

Snow Crystals

Height: 6 to 10 in. (15 to 25 cm)
Spread: 12 to 14 in. (30 to 36 cm)

A PanAmerican Seed® Product.

Available as Ball Premier Line® seed.

Heat-tolerant plants.

New Sweetie Series

Height: 3 to 5 in. (8 to 13 cm)
Spread: 6 to 10 in. (15 to 25 cm)

Available as Ball Premier Line® seed.

Crop Time: 8 to 10 weeks

Features a genetically compact, spreading habit. Very uniform, floriferous bedding plant. Pollinator friendly.

- Lavender
- Lemon Yellow
- Pink
- Rose
- White

• **Mix** May contain most or all colors in the series.

Wonderland Series

Height: 3 in. (8 cm)
Spread: 8 to 12 in. (20 to 30 cm)

Well-matched in height, blooming time and outdoor performance.

- Blue
- Deep Purple
- Deep Rose
- Lavender
- Pink
- White

• **Mix** May contain most or all colors in the series.
• **Mulberry Mix** Shades of lavender, purple and white.

New Yeti Big White

Height: 3 to 5 in. (8 to 13 cm)
Spread: 6 to 10 in. (15 to 25 cm)

Available as Ball Premier Line® seed.

Highly branched with dense racemes of small flowers. Pollinator friendly.

Easter Bonnet Mix Alyssum

North Face White Alyssum

ALYSSUM

Lobularia maritima (Sweet Alyssum) 🌈

Clear Crystal® Series

Height: 6 to 10 in. (15 to 25 cm)
Spread: 12 to 14 in. (30 to 36 cm)

A PanAmerican Seed® Product.

Available as Ball Premier Line® seed.

Crop Time: Packs, 6 to 8 weeks

Tetraploid series delivers superior vigor and stronger performance in containers and landscapes than diploids.

Few PGRs are needed in most markets and plants can be produced with little or no heat. Flowers are large and fragrant. Unique Lavender Shades and Purple Shades are the first pigmented tetraploid alyssums and are well-matched to White.

- Lavender Shades
- Purple Shades
- White

• **Mix** May contain most or all colors in the series.

Easter Bonnet Series

Height: 4 to 10 in. (10 to 25 cm)
Spread: 10 to 12 in. (25 to 30 cm)

A PanAmerican Seed® Product.

Available as Ball Premier Line® seed.

Crop Time: Packs, 6 to 8 weeks

Compact, uniform and early-blooming series, matched in habit and flowering, is offered in a full color range.

- Deep Pink
- Deep Rose
- Violet
- White

• **Mix** May contain most or all colors in the series.

Snow Crystals Alyssum

new

NEW Sweetie Mix Alyssum

new

NEW Yeti Big White Alyssum

Carnival Amaranthus

Giga White

Height: 3 in. (8 cm)
Spread: 9 to 12 in. (23 to 30 cm)

Available as Ball Premier Line® seed.

Big, pure white flowers on dense, well-branched plants fill packs and pots well. More vigorous with larger flowers than Wonderland varieties.

North Face White

Height: 5 to 6 in. (13 to 15 cm)
Spread: 12 to 16 in. (30 to 41 cm)

Available as Ball Premier Line® seed.

Mounded, cascading habit is ideal for hanging baskets and as container fillers. The larger, pure white flowers and improved vigor show better at retail and in the garden.

AMARANTHUS

Amaranthus gangeticus (Joseph's Coat) 🌈

Carnival

Height: 48 in. (122 cm)
Spread: 18 to 24 in. (46 to 61 cm)

Crop Time: Packs, 3.5-in. (9-cm) pots: Sow in February and March for April and May sales.

Striking foliage plant shows fiery shades of yellow and red contrasting with bronze leaves. Tall purple flowers are produced in late Summer. A focal point for any display.

AMMI See Cut Flowers.

ANEMANTHELE See Grasses.

Harmony Scarlet Anemone

Harmony Burgundy Anemone

Harmony Double Rose Anemone

Harmony Double Blue Anemone

ANEMONE ● Also see Cut Flowers.

Harmony Series

Height: 22 to 24 in. (56 to 61 cm)
Spread: 12 to 16 in. (30 to 41 cm)

Dwarf series makes a colorful potted plant for Spring holiday sales, and can then be planted outdoors in the garden for Summer flowering. Best-suited to 6-in. (15-cm) and gallon containers.

- Blue
- Burgundy
- Orchid
- Scarlet
- White
- **Mix** May contain most or all colors in the series.

Harmony Double Series

Height: 6 to 8 in. (15 to 20 cm)
Spread: 5 in. (13 cm)

Sister series to Harmony offers compact plants topped with unique double flowers for lots of color. Good early Spring sales opportunity. Great in gardens and containers.

- Blue
- Pink
- Rose
- Scarlet
- White
- **Mix** May contain most or all colors in the series.

ANGELONIA

Angelonia angustifolia
 (Summer Snap) ●

Serena® F₁ Series

Height: 16 to 20 in. (41 to 51 cm)
Spread: 12 to 14 in. (30 to 36 cm)

A PanAmerican Seed® Product.
 Available as Ball Premier Line® seed.

Crop Time: 306 premium packs, 4 to 6.5-in. (10 to 17-cm) pots, gallons: 13 to 16 weeks

No stick, no pinch...just sow and go!

High-quality, economical choice for premium pack and landscape programs. Well-branched, "no-pinch" plants are compact and full; grow up to 50% larger in Florida, southeast Asia and similar climates. Well-suited to hot climates in both humid and dry areas. Outstanding choice for gardens and mixed containers with continuous flowering. Deer and rabbit resistant.

- Blue
- Purple
- Rose
- White
- **Mix** Blue, Purple, Rose, White.
- **Waterfall Mix** Includes Purple plus a sky blue and white segregating mix (not available separately).

Serenita® F₁ Series

Height: 12 to 14 in. (30 to 36 cm)
Spread: 12 to 14 in. (30 to 36 cm)

A PanAmerican Seed® Product.
 Available as Ball Premier Line® seed.

Crop Time: 306 premium packs, 4 to 6.5-in. (10 to 17-cm) pots, gallons: 13 to 16 weeks

The same "Elegant and Tough" performance as Serena...in a more compact and manageable plant.

Serenita is ideal for very hot/humid night temperatures like Florida, southeast Asia and other southern areas. Fewer to no PGRs are needed to produce shorter plants. Also good for mixed combos, where a shorter structure plant is required. Deer and rabbit resistant.

- Lavender
- Pink *All-America Selections Winner*.
- Purple
- Raspberry
- Rose
- Sky Blue
- White
- **Mix** Lavender, Pink, Purple, Raspberry, Sky Blue, White.

Asclepias curassavica ●

Silky Series

Height: 24 to 28 in. (61 to 71 cm)

A PanAmerican Seed® Product.

Strong-stemmed plants have intensely colored blooms all Summer.

- **Deep Red** Golden yellow centers.
- **Gold**

Red Butterfly ●

Height: 24 to 28 in. (61 to 71 cm)

Spread: 10 in. (25 cm)

A multipurpose variety, suitable as a bedding, landscape and patio plant, as well as a home garden cut flower. Features beautiful flower umbels on strong stems all through the Summer.

ASPARAGUS

Crop Time: 7 to 7.5 months

Asparagus densiflora (Foxtail Fern) ●

Mazeppa

Height: 24 to 36 in. (61 to 91 cm)

Spread: 24 to 36 in. (61 to 91 cm)

Evergreen tuberous plant with linear feathery leaves on long, arching stems. During Summer, small white flowers are produced, followed by bright red berries.

Asparagus densiflorus/Asparagus meyerii (Asparagus Fern) ●

Meyerii

Height: 24 to 36 in. (61 to 91 cm)

Spread: 24 to 36 in. (61 to 91 cm)

Deep green, tapered, foxtail-like spikes.

Sprengeri

Height: 24 to 36 in. (61 to 91 cm)

Spread: 24 to 36 in. (61 to 91 cm)

Darker green, coarser leaves than *A setaceus*.

Asparagus macowanii (Ming Fern)

Ming Fern ●●

Height: 48 to 72 in. (122 to 183 cm)

Produces white flowers in the Spring to early Summer. A native to arid regions of South Africa, this is a very drought-tolerant plant.

Asparagus plumosus (Asparagus Fern)

Plumosus

Height: 61 to 91 in. (155 to 231 cm)

Spread: 61 to 91 in. (155 to 231 cm)

Soft, needlelike leaves that cascade down a container.

Blutopia®, Pinktopia & Snowtopia®

Height: 6 in. (15 cm)

Spread: 18 to 24 in. (46 to 61 cm)

A PanAmerican Seed® Product.

Available as Ball Premier Line® seed.

These first-ever bacopas from seed let you mechanize production, with easy crop scheduling, quick turns, no pinching and no stock plants. Ideal for 4.5 to 12-in. (11 to 30-cm) programs. Performs well in large planters and mixed containers.

- **Blutopia** Traditional lavender-blue color. More mounded habit and slightly smaller leaves than Snowtopia.
- **Pinktopia** Brings a bright pink bloom and brighter green leaves to the collection.
- **Snowtopia** White.

- **Blush**
- **Pink**
- **Red**

WINGED BEGONIA

Begonia x hybrida ●●

Crop Time: 6-in. (15-cm) pots, 14 to 17 weeks; 8-in. (20-cm) pots, 15 to 18 weeks; 10 to 12-in. (25 to 30-cm) baskets, 16 to 19 weeks

BabyWing® F1 Series

Height: 12 to 15 in. (30 to 38 cm)
Spread: 10 to 12 in. (25 to 30 cm)

A PanAmerican Seed® Product.
Available as Ball Premier Line® seed.

Flowering 10 days to 2 weeks earlier than Dragon Wing, BabyWing produces blooms all season over foliage that looks like small Dragon Wing leaves. Upright, mounded plants have a controlled habit ideal for shipping. Extremely heat tolerant; stands up to stressful conditions. Ideal for 4 to 10-in. (10 to 25-cm) programs.

- **Bicolor** Novel color pattern with a hint of "orange glow." Slightly smaller flowers than others in the series, but very floriferous for the same overall flower power.
- **Pink**
- **Red** Green leaves can show red picotée edge when young.
- **White**
- **White Bronze Leaf**

Dragon Wing® F1 Series

Height: 12 to 15 in. (30 to 38 cm)
Spread: 15 to 18 in. (38 to 46 cm)

A PanAmerican Seed® Product.
Available as Ball Premier Line® seed.

Dragon Wing delivers proven garden performance across a wide range of conditions. This "Amazing Blazing Begonia" builds spectacular hanging baskets and large containers, and makes great gardens and landscapes! Named for its eye-catching angel-wing leaves and large blooms, award-winning Dragon Wing is very heat tolerant and gardener friendly. Surpasses vegetative varieties for branching, vigor and flower power.

- **Pink**
- **Red**
- **New White** Starts flowering around 2 to 12 days earlier than Pink, with a slightly wider habit; can blush in warmer conditions.

Megawatt™ F₁ Series

Height: 20 to 28 in. (51 to 71 cm)
Spread: 16 to 24 in. (41 to 61 cm)

A PanAmerican Seed® Product.

Available as Ball Premier Line® seed.

Grow and sell high-voltage color earlier in the season...on a king-sized series! The two Bronze Leaf varieties finish 5 to 15 days earlier than comparable varieties. All six Megawatt colors produce striking, non-stop flowers from Spring through Fall, on sturdy stems that hold blooms above lush foliage. Beautiful and versatile plants are ideal for landscapes, baskets, big tubs and borders. Perform well in heat and drought, with no deadheading needed.

- Pink Bronze Leaf
- Pink Green Leaf
- Red Bronze Leaf
- Red Green Leaf
- **New** Rose Bronze Leaf Improved
Offers better variety purity, eliminating green leaf off-types, with deeper bronze foliage color and improved plant habit.
- Rose Green Leaf
- **New** White Green Leaf Starts to flower slightly earlier than other series varieties (5 to 10 days), but it is a more true, larger-format type than the competition.

Tophat Series

Height: 16 to 20 in. (41 to 51 cm)
Spread: 20 to 24 in. (51 to 61 cm)

Available as Ball Premier Line® seed.

Largest blooms in the jumbo-sized, interspecific begonia class. Green-leaved and upright habit. Bred for versatility. Finishes at least 1 week earlier than its leading competitors.

- White
- Mix May contain most or all colors in the series.

Senator iQ F₁ Series

Height: 8 in. (20 cm)

Spread: 8 in. (20 cm)

Available as Ball Premier Line® seed.

Senator varieties marked with the iQ symbol have darker bronze foliage, the darkest on the market! They are non-stretching in the pack/pot, and have a more uniform, early-flowering and compact plant habit with large, bold blooms.

Excellent garden performance and longer shelf life at retail.

Prelude Plus F₁ Series

Height: 8 to 10 in. (20 to 25 cm)

Spread: 6 to 8 in. (15 to 20 cm)

A Ball Ingenuity™ product, available exclusively through Ball Seed®.

Available as Ball Premier Line® seed.

An improvement over Prelude, this new series offers larger flowers, more vibrant green foliage and earlier flowering.

- Pink
- Rose
- Scarlet
- White
- Mix May contain most or all colors in the series.

Sprint Plus F₁ Series

Height: 8 to 10 in. (20 to 25 cm)

Spread: 10 to 12 in. (25 to 30 cm)

Available as Ball Premier Line® seed.

Flowers 10 to 14 days earlier than others of this type, with excellent germination and young plant vigor. Needs fewer PGRs in production. Grows uniformly in packs and stays uniform all season without stretching. Compact, rounded, well-branched plants have large, round flowers.

Available as Ball Premier Line® seed.

Early-flowering landscape series makes compact and uniform plants with 0.75-in. (2-cm) blooms.

- Pink
- Red
- Rose
- White
- Mix May contain most or all colors in the series.

GREEN & BRONZE-LEAF FIBROUS BEGONIA

Maestro Plus Mix F₁

A Ball Ingenuity™ product, available exclusively through Ball Seed®.

Available as Ball Premier Line® seed.

Unique mix of well-matched, green and bronze-leaved colors taken from the Harmony Plus (page 23) and Prelude Plus (above) series. Compact plants have earlier and larger flowers. Very uniform, free-flowering habit and great outdoor performance.

TUBEROUS BEGONIA

Begonia x tuberhybrida
(Tuberous-Rooted Begonia) ●

Crop Time: 10-in. (25-cm) baskets, 19 to 21 weeks

Bliss Series

Height: 10 to 12 in. (25 to 30 cm)

Spread: 10 to 12 in. (25 to 30 cm)

A Ball Ingenuity™ product, available exclusively through Ball Seed®.

Available as Ball Premier Line® seed.

Bred by Benary.

Very early, uniform-flowering series finishes 10 days faster than most tuberous begonias with a tight, compact habit and smaller foliage for less breakage.

Bliss gives growers cost-effective production all the way from 4 and 6-in. (10 and 15-cm) pots to baskets. Consumers and landscapers appreciate the terrific flower power; large, fully double blooms in bright colors; and exceptional garden performance in shade beds and planters.

FOLIAGE BEGONIA

Gryphon

Height: 14 to 16 in. (36 to 41 cm)

Spread: 16 to 18 in. (41 to 46 cm)

A PanAmerican Seed® Product.

Available as Ball Premier Line® seed.

Crop Time: 4.5 to 6-in. (11 to 15-cm) pots, 13 to 17 weeks; 12-in. (30-cm) pots, 17 to 20 weeks

Unique tropical appearance adds "WOW" to retail programs and makes Gryphon a great impulse item.

Retailers appreciate the showy displays, low water needs, longer sales window, and versatility for both indoor and outdoor plant sales areas. For consumers, these easy-care, water-efficient plants deliver great success and bring them back for more. Garden-to-house Gryphon lets them extend the season by bringing plants indoors at the end of the season. The height is 14 to 16 in. (35 to 40 cm) in shade, 12 to 14 in. (30 to 35 cm) in partial sun and may grow to 30 in. (75 cm) tall in hot/humid conditions.

CANNA

Canna x generalis 🌞

Crop Time: 4-in. (10-cm) pots, 14 to 17 weeks

Cannova® F1 Series

Height: 30 to 48 in. (76 to 122 cm)

Spread: 14 to 20 in. (36 to 51 cm)

A Ball Ingenuity™ product, available exclusively through Ball Seed®.

The first-ever seed F1 series offers an easy-to-grow option with improved economy.

Bred by Takii in Europe.

Move over TC and rhizomes – grower-friendly Cannova has taken the market by storm! This exceptional hybrid series boasts strong colors that will capture the landscape market and be a sure hit with home gardeners in their garden beds and as “thrillers” in their mixed containers. Ideal for cart programs, the versatile plants work well in 4-in. (10-cm) pots to 2 gallons, offering a wealth of selling opportunities.

- **Bronze Orange** Bronze foliage.
- **New Bronze Peach** Bright peach blooms are striking against deep dark bronze foliage.
- **Bronze Scarlet** Bronze foliage; may contain 5 to 10% green leaf types.
- **Mango**
- **Orange Shades**
- **New Red Golden Flame** Incredibly unique bloom color – saturated red with bright yellow edging.
- **Rose**
- **New Scarlet** Saturated, true red variety features a uniform flowering window and early flowering.
- **Yellow**

CANNOVA is a U.S. registered trademark of Takii Europe B.V.

South Pacific F1 Series

Height: 26 to 32 in. (66 to 81 cm)

Spread: 12 to 18 in. (30 to 46 cm)

Vigorous, compact and virus-free plants produce single, 4-in. (10-cm) flowers quickly; excellent repeat blooming. Good in gardens, planters, shallow water gardens. 11 to 12 weeks.

- **Ivory**
- **Orange** All-America Selections Winner.
- **Rose**
- **Scarlet** All-America Selections Winner.

Tropical Series

Height: 24 to 30 in. (61 to 76 cm)

Spread: 16 to 18 in. (41 to 46 cm)

Bright, 3 to 4-in. (8 to 10-cm) blooms are held above the foliage. Use for pots and bedding. The spread is 16 to 18 in. (41 to 46 cm), but it will grow to 3 ft. (91 cm) across in warmer climates.

- **Bronze Scarlet** The first dwarf bronze-leaf Canna from seed. Rich scarlet flowers over bronze-burgundy foliage.
- **Red** Extra-dwarf. Blooms just 13 weeks from sowing in warm conditions.
- **Rose**
- **Salmon**
- **White** Creamy white blooms, some with pink markings. Similar habit to Salmon.
- **Yellow**

CARNATION

Dianthus caryophyllus (Carnation) ●

Can Can Series

Height: 18 in. (46 cm)
Spread: 8 in. (20 cm)

USDA Hardiness Zones: Tender perennial from Zone 8.

High-quality, large-flowered series produces brightly colored blooms with a spicy fragrance. Strong-stemmed, well-branched plants work well in borders and planters, and make a good garden cut flower.

- **Cocktail Party** Burgundy, purple, salmon, scarlet and rose pink.
- **Rose**
- **Scarlet** *All-America Selections Winner*.

Lillipot Mix

Height: 8 to 10 in. (20 to 25 cm)
Spread: 4 to 5 in. (10 to 13 cm)

Masses of 2-in. (5-cm) flowers cover uniform, basal-branching plants. Ideal for 4-in. (10-cm) pots.

CARTHAMUS See Cut Flowers.

CELOSIA Also see Cut Flowers and Potted Plants.

Celosia argentea ●

Crop Time: 4-in. (10-cm) pots, 13 weeks

Asian Garden

Height: 30 to 40 in. (76 to 102 cm)
Spread: 12 to 15 in. (30 to 38 cm)

Received high marks from the judges for its good branching; bushy growth; early-to-bloom, bright pink flowers; and ability to attract pollinators. Heat and drought tolerant Asian Garden continues to bloom all Summer, holding up even through early frost. Upright, sturdy-stemmed variety can be used as a fresh or an everlasting dried cut flower. *All-America Selections Winner*.

Celosia argentea (Foliage Celosia) ●

Sol™ Collection

Height: 10 to 14 in. (25 to 36 cm)
Spread: 10 to 16 in. (25 to 41 cm)

A PanAmerican Seed® Product.
Available as Ball Premier Line® seed.

An attractive new foliage celosia collection for the market! Offers relatively fast production time and no downy mildew issues.

- **Gekko Green** Foliage tends to be more green when kept indoors and turns to burgundy when the plant is left outdoors for at least 1 to 2 weeks.
- **Lizard Leaf** Foliage tends to be more green when kept indoors and turns to burgundy-red when the plant is left outdoors for at least 1 to 2 weeks. Foliage tends to curl due to genetic factors and can be modified by different climate conditions.

Celosia cristata (Cockscomb) ●

Armor Mix

Height: 12 to 16 in. (30 to 41 cm)
Spread: 8 in. (20 cm)

Available as Ball Premier Line® seed.

Vigorous bedding plants are ideal for hot Summer gardens, displaying showy cockscomb blooms at the center of the plant, in vibrant orange, purple, red and yellow. Also works well in mixed containers.

Brainiac Series

Height: 6 to 8 in. (15 to 20 cm)
Spread: 6 to 8 in. (15 to 20 cm)

Early flowering with a compact, uniform habit.

- **Lightning Yellow**
- **Mad Magenta**
- **Raven Red**
- **Robo Red**
- **Think Pink**
- **Maxi Mix** Includes all series colors.

Dracula

Height: 8 to 16 in. (20 to 41 cm)
Spread: 8 to 12 in. (20 to 30 cm)

A PanAmerican Seed® Product.
Available as Ball Premier Line® seed.

Unique novelty celosia produces one big bloom on top of each plant. In the greenhouse, flower is red and foliage is green with some red. Outdoors, the leaves are darker and more purple-toned and flower is darker purple. Eye-catching color and shape add drama to landscapes, gardens and containers. Good mid-height border plant. Height is shorter in high light.

Prestige Scarlet

Height: 12 to 24 in. (30 to 61 cm)
Spread: 10 to 12 in. (25 to 30 cm)

Heat-tolerant landscape performer produces 3.5-in. (9-cm) combs and continues to branch after the central flower emerges. *All-America Selections Winner*.

Tornado Red

Height: 12 to 20 in. (30 to 51 cm)

Bushy plants feature many small, dense, burgundy-red combs that hold color well when dried. Good for indoor and outdoor production.

Celosia plumosa (Feather Celosia) ●

Bright Sparks Series

Height: 11 to 13 in. (28 to 33 cm)
Spread: 10 to 12 in. (25 to 30 cm)

Bright Sparks excels with large plumes, very well-branched habit and great heat tolerance. The extra branching puts more flowers on every plant, and the bloom size of secondary flowers matches the initial flower. Flowers are less prone to fading than similar types, assuring long-lasting displays. Good for 6-in. (15-cm) programs.

- **Bright Yellow**
- **Burgundy**
- **Scarlet Shades**
- **Mix** May contain most or all colors in the series.

Castle Mix Celosia

Dragon's Breath Celosia

NEW Flamma Rose Celosia

CELOSIA continued

Castle Series

Height: 16 to 20 in. (41 to 51 cm)
Spread: 12 to 14 in. (30 to 36 cm)
 7 to 8-in. (18 to 20-cm) plumes.

- **Orange**
- **Pink** *All-America Selections Winner.*
- **Scarlet**
- **Yellow**
- **Mix** May contain most or all colors in the series.

Dragon's Breath

Height: 24 in. (61 cm)
Spread: 16 in. (41 cm)

Great in heat and humidity, this variety shows off extra-large, bright red plumes. Well-suited to gallons for landscape and mixed container use. Minimal nitrogen needed during growing period, less fertilizer and irrigation needed for growers.

Fashion Look Mix

Height: 14 to 16 in. (36 to 41 cm)
Spread: 12 in. (30 cm)

Available as Ball Premier Line® seed.

Formula mix offers all of the outstanding features of the "Look" celosia, with an eye-catching combination of green-leafed Fresh Look varieties and bronze-leafed, scarlet-plumed New Look.

First Flame™ Series

Height: 10 to 14 in. (25 to 36 cm)
Spread: 10 to 16 in. (25 to 41 cm)

A PanAmerican Seed® Product.

Available as Ball Premier Line® seed.

Finishes 10 to 14 days earlier than others of this type for reduced production costs. Uniform heights across all colors means fuller-looking containers. Excellent, brightly colored Summer crop for large containers.

Crop Time: Packs, 11 to 14 weeks; 4 to 5-in. (10 to 13-cm) pots, 12 to 16 weeks.

- **Purple**
- **Red**
- **Scarlet**
- **Yellow**
- **Mix** Red, Yellow, Scarlet.

New Flamma Series

Height: 8 to 10 in. (20 to 25 cm)
Spread: 6 to 7 in. (15 to 18 cm)

Early and uniform flowering. Flower color stays bright without fading.

- **Bright Red**
- **Golden**
- **Orange** *All-America Selections Winner.*
- **Red**
- **Rose**
- **Mix** May contain most or all colors in the series.

Fresh Look Series

Height: 14 in. (36 cm)
Spread: 12 in. (30 cm)

Available as Ball Premier Line® seed.

Basal-branched plants are topped by plumes up to 10 in. (25 cm) high. Vigorous with excellent pack and garden performance. New leaves cover old plumes so plants keep their "fresh look" all season.

- **Gold** *All-America Selections Gold Medal Winner.*
- **Orange**
- **Red** *All-America Selections Gold Medal Winner.*
- **Yellow** *All-America Selections Winner.*
- **Mix** May contain most or all colors in the series.

Glorious Series

Height: 8 to 12 in. (20 to 30 cm)
Spread: 6 to 8 in. (15 to 20 cm)

Offers a shorter crop time, compact habit and uniform flowering across all colors.

Heat-tolerant plants produce striking plumes in bright colors. Ideal for packs and 4-in. (10-cm) pots.

- **Orange**
- **Pink**
- **Red**
- **Yellow**
- **Mix** May contain most or all colors in the series.

Spread: 15 to 18 in. (38 to 46 cm)

A PanAmerican Seed® Product.

Available as Ball Premier Line® seed.

- A great accent plant for large shade containers, huge-leafed Kong also has a well-branched, mounded habit that creates beautiful landscapes. Performs best and shows more intense color outdoors in full shade. Also works as an indoor plant in bright light.
- **Lime Sprite** Can show rose midrib in deepest shade; flowers at the late end of the series, similar to Red.
- **Mosaic** No two leaves are alike.
- **Red**
- **Rose**
- **Salmon Pink**
- **Scarlet**
- **Empire Mix** Contains all 6 colors.

Lime Sprite and Salmon Pink are bred by PanAmerican Seed; other colors are bred by Sakata Seed Corporation.

The **Ball Seed® Sales Reps** are on the road and in the field with you, applying their unique skills and knowledge to your specific growing needs. Trained in the latest growing trends, trials and techniques, they **customize products and programs** that work for you.

Our **Customer Service Representatives** work hand-in-hand with our Sales Reps. They are experts at anticipating customer needs and offering customized solutions, leveraging the **best and most comprehensive resources** in the business. Together, we can find the products and programs to keep your business growing.

Solenostemon scutellarioides
(Pack Coleus) ●●

Black Dragon

Height: 12 to 14 in. (30 to 36 cm)
Spread: 10 to 12 in. (25 to 30 cm)

A PanAmerican Seed® Product.

Available as Ball Premier Line® seed.

Large, red leaves with curled and serrated, black-purple edges.

Coleus x hybridus/Solenostemon scutellarioides ●●

Fairway Series

Height: 8 in. (20 cm)
Spread: 10 in. (25 cm)

Available as Ball Premier Line® seed.

Extra-dwarf, well-branched series is suited to packs and 4-in. (10-cm) programs, and delivers long shelf life. Very late flowering; good in baskets, landscapes and planters.

- Mosaic
- Orange
- Red Velvet
- Rose
- Ruby
- Yellow
- Mix May contain most or all colors in the series.

Rainbow Series

Height: 14 in. (36 cm)
Spread: 10 in. (25 cm)

Available as Ball Premier Line® seed.

Semi-dwarf series grows 12 in. (30 cm) to 15 in. (38 cm) tall, has excellent basal branching and is best in shade to part-shade. Large, vividly colored leaves; very late flowering.

- Color Pride
- Festive Dance
- Multicolor
- Red Velvet
- Volcano
- Masterblends Mix Bushy with broad, heart-shaped leaves.

Wizard® Series

Height: 12 to 14 in. (30 to 36 cm)
Spread: 10 to 12 in. (25 to 30 cm)

A PanAmerican Seed® Product.

Available as Ball Premier Line® seed.

Compact and uniform, medium-leaved series is popular for gardens, baskets and planters. Easy-care plants are late flowering, extending their landscape value. Coral Sunrise, Golden, Sunset and Velvet Red work well in high light/full sun areas.

- Coral Sunrise Can start out salmon-pink under cooler conditions and mature to lighter pink when warmer. Good in sun.
- Golden
- Jade
- Mosaic Earliest of the series.
- Rose
- Scarlet
- Sunset Bronze.
- Velvet Red
- Select Mix Includes Coral Sunrise, Jade, Mosaic, Scarlet, Sunset and Velvet Red.

Chocolate Covered Cherry Coleus

Chocolate Mint Coleus

Crimson Gold Coleus

Mighty Mosaic Coleus

NEW Ruby Heart Coleus

Pineapple Surprise Coleus

Watermelon Coleus

COLEUS, PREMIUM SUN

Solenostemon scutellarioides ●●

Crop Time: 4-in. (10-cm) pots, 11 to 14 weeks

Premium Sun Coleus are great performers in full sun, with high humidity. Also suitable for shade.

Chocolate Covered Cherry

Height: 12 to 14 in. (30 to 36 cm)
Spread: 10 to 12 in. (25 to 30 cm)

A PanAmerican Seed® Product.
Available as Ball Premier Line® seed.

Non-fading multicolor pattern – rose center on each leaf is surrounded by deep mahogany and edged with green. Late flowering and manageable size.

Chocolate Mint

Height: 14 to 20 in. (36 to 51 cm)
Spread: 12 to 14 in. (30 to 36 cm)

A PanAmerican Seed® Product.
Available as Ball Premier Line® seed.

Dark-leaved plants feature mid-size, rich chocolate leaves edged in mint green. Upright habit.

Crimson Gold

Height: 14 to 18 in. (36 to 46 cm)
Spread: 14 to 18 in. (36 to 46 cm)

A PanAmerican Seed® Product.
Available as Ball Premier Line® seed.

Well-branched, vigorous plants show off beautiful foliage all season. Deep red with golden green edge. Late-flowering.

Dark Chocolate

Height: 24 to 30 in. (61 to 76 cm)
Spread: 18 to 24 in. (46 to 61 cm)

A PanAmerican Seed® Product.
Available as Ball Premier Line® seed.

Mid-size leaves in an eye-catching, mahogany brown color; slight touches of burgundy, especially in full sun. Ideal for in-ground plantings and large containers. Suitable for 5-in. (13-cm) pots with 3 plants per pot. NOTE: Planting in full sun is not recommended.

Lime Delight

Height: 28 in. (71 cm)
Spread: 18 to 22 in. (46 to 56 cm)

A PanAmerican Seed® Product.
Available as Ball Premier Line® seed.

Vibrant lime green to golden foliage is in demand with decorators. Combines well with other annuals.

Mighty Mosaic

Height: 18 to 26 in. (46 to 66 cm)
Spread: 18 to 22 in. (46 to 56 cm)

A PanAmerican Seed® Product.
Available as Ball Premier Line® seed.

Easy-to-produce, multicolor variety delivers the impact of vegetative types. Very late flowering – looks great in landscapes and big planters all season. Great in shade; takes the sun in high humidity.

Pineapple Surprise

Height: 18 to 26 in. (46 to 66 cm)
Spread: 18 to 22 in. (46 to 56 cm)

A PanAmerican Seed® Product.
Available as Ball Premier Line® seed.

Unique and versatile tricolor pattern – iridescent chartreuse and deep burgundy hearts are splashed with chartreuse and green. The surprise: Up to 3% of plants can show primarily darker green/burgundy bicolor instead of chartreuse. Stable pattern all season like similar vegetative varieties. Very late flowering.

Rose to Lime Magic

Height: 24 in. (61 cm)
Spread: 18 to 22 in. (46 to 56 cm)

A PanAmerican Seed® Product.
Available as Ball Premier Line® seed.

Unique variety changes color as the season progresses – rose leaf color eventually dissolves, exposing green margin and cream center. Late to flower.

New Ruby Heart

Height: 18 to 26 in. (46 to 66 cm)
Spread: 18 to 22 in. (46 to 56 cm)

A PanAmerican Seed® Product.
Available as Ball Premier Line® seed.

Brings a ruby red color to the collection. The thin, chartreuse border on the heart-shaped leaves continues on the undersides and stems, adding brightness.

Watermelon

Height: 20 in. (51 cm)
Spread: 18 to 22 in. (46 to 56 cm)

A PanAmerican Seed® Product.
Available as Ball Premier Line® seed.

Watermelon-colored leaves have green edges in cool conditions and mature to deep pink under warmer conditions. Late flowering.

Cosmos bipinnatus ●

Crop Time: Packs, 8 to 11 weeks

Apollo F1 Series

Height: 18 to 26 in. (46 to 66 cm)
Spread: 20 to 24 in. (51 to 61 cm)

Naturally dwarf habit and shorter internodes are grower and retailer friendly – easy to grow and ship, with a better color display and shelf life. Big, 4-in. (10-cm) flowers and good petal quality assure high-impact gardens and containers.

- **Lovesong** Includes pink, pink picotee and white blooms.
- **Mix** Includes white, pink and rose.

Casanova Mix

Height: 10 to 14 in. (25 to 36 cm)
Spread: 12 to 16 in. (30 to 41 cm)

Genetically compact, bushy plants show off colorful single blooms in red, white, pink and violet. Very uniform and perfect for high-density production.

Lemonade

Height: 24 to 30 in. (61 to 76 cm)
Spread: 12 to 18 in. (30 to 46 cm)

Unusual color pattern has contrasting yellow flowers with a white eye. Produces blooms throughout the season. Can be used in containers, and makes an ideal border.

Sonata™ Series

Height: 24 in. (61 cm)
Spread: 12 to 14 in. (30 to 36 cm)

A PanAmerican Seed® Product.

Easy-to-grow plants are free-flowering with golden-eyed blooms. Not short-day types; plants flower in June from March sowing. Good garden cut flower.

- Carmine
- Pink
- Pink Blush
- Purple Shades
- Red Shades
- White
- **Complete Mix** Offers the most complete color range in *Cosmos bipinnatus*, adding the unique Purple Shades and Red Shades into the mix.

Cosmos sulphureus ●

Bright Lights Mix

Height: 30 to 40 in. (76 to 102 cm)
Spread: 9 to 12 in. (23 to 30 cm)

Lacy foliage and silky flowers give an airy touch to the garden from mid-Summer to frost. Wonderful for cutting.

Cosmic Series

Height: 12 in. (30 cm)
Spread: 12 to 18 in. (30 to 46 cm)

Stocky plants are well-branched and very free-flowering.

- **Orange** *All-America Selections* Winner.
- **Red**
- **Yellow**
- **Mix** May contain most or all colors in the series.

Limara Lemon

Height: 8 in. (20 cm)
Spread: 12 to 14 in. (30 to 36 cm)

Many creamy lemon blooms with darker golden eyes top the compact, well-branched plants.

Mandarin

Height: 10 to 12 in. (25 to 30 cm)
Spread: 6 to 8 in. (15 to 20 cm)

A PanAmerican Seed® Product.

Features a deeper orange color, a better habit and is more uniform compared to competing varieties, with a slightly more compact, mounded shape.

CRASPEDIA See Cut Flowers.

CROSSANDRA

Crossandra infundibuliformis
 (Firecracker Flower) ●

Tropic Series

Height: 10 in. (25 cm)
Spread: 8 in. (20 cm)

A PanAmerican Seed® Product.

Crop Time: 4-in. (10-cm) pots, 24 to 28 weeks

Fast-growing plants produce flowers continuously, even in hot climates. Glossy, dark green leaves.

CUPHEA

Cuphea ignea (Cigar Plant) ●

Dynamite

Height: 8 to 10 in. (20 to 25 cm)
Spread: 10 to 12 in. (25 to 30 cm)

A PanAmerican Seed® Product.

Crop Time: Packs, 11 to 12 weeks

Small, tubular, bright scarlet flowers on compact, well-branched plants. Good for 4-in. (10-cm) programs, keeping its compact habit without PGRs.

Cuphea llavea ●

Sriracha Series

Height: 14 to 18 in. (36 to 46 cm)
Spread: 14 to 24 in. (36 to 61 cm)

Crop Time: 6-in. (15-cm) pots and gallons, 9 to 11 weeks

The first cuphea from seed in separate colors has large flowers on a mid-size plant. Heat and drought-tolerant for larger pots; ships well and has long shelf life.

- Lavender Bicolor
- Pink
- Rose
- Violet

Cuphea ramosissima ●●

Pink Shimmer

Height: 10 to 16 in. (25 to 41 cm)
Spread: 12 to 18 in. (30 to 46 cm)

A PanAmerican Seed® Product.

This reblooming gem requires no deadheading, looks great even under hot conditions and features profusions of petite flowers all Summer long.

CYCLAMEN See Potted Plants.

DAHLIA

Dahlia hybrida (Fresco Mix.) ●

Fresco Mix

Height: 10 to 12 in. (25 to 30 cm)
Spread: 12 in. (30 cm)

Crop Time: Packs, 12 to 13 weeks.

Very uniform for height, habit and flowering time, the fresco mix produces double, 2.75-in. (7-cm) blooms in red, violet, yellow, white and rose. Good for pack and 4-in. (10-cm) pot programs.

Dahlia x hybrida ●

Figaro™ Series

Height: 14 to 18 in. (36 to 46 cm)
Spread: 10 to 12 in. (25 to 30 cm)

A PanAmerican Seed® Product.

Available as Ball Premier Line® seed.

Good premium pack item for garden and container use. Semi-double to double blooms.

- Orange Shades
- Red Shades
- Violet Shades
- White
- Yellow Shades
- Mix Contains 100% semi-double and fully double flowers.

DATURA

Datura metel (Datura Ballerina)

Crop Time: 6-in. (15-cm) pots, 13 to 16 weeks

Ballerina Series

Height: 24 to 36 in. (61 to 91 cm)
Spread: 18 to 24 in. (46 to 61 cm)

Striking plants produce fragrant, trumpetlike, double flowers from June to October. Eye-catching in large mono or mixed containers, and landscapes.

Well-suited for 6-in. (15-cm) pots.

NOTE: Seeds are toxic if eaten.

- Purple
- White
- Yellow

DELPHINIUM Also see Perennials and Cut Flowers.

Delphinium grandiflorum ●

Cheer Blue F₁

Height: 16 in. (41 cm)
Spread: 10 in. (25 cm)

A dwarf version of the popular cut flower that is ideal for garden beds and containers. *Fleuroselect Gold Medal* winner has a striking mid-blue color. Good vigor and uniformity.

Summer F₁ Series

Height: 12 in. (30 cm)
Spread: 10 to 12 in. (25 to 30 cm)

Uniform, early and well-branched. Features dainty flower clusters rather than traditional long, spiky stems. Thrives in heat and humidity without stretching.

- Blues Bright sky blue.
- Cloud Bicolor blue and white.
- Morning Delicate light pink.
- Nights Midnight blue.
- Stars Pure white.
- Colors Mix Sky blue, deep blue and white.

DIANTHUS Also see Perennials and Cut Flowers.

Crop Time: Packs, 15 to 16 weeks

Dianthus barbatus interspecific
single-flowered type (Single Dianthus,
Pinks, Carnation) ●

Amazon™ F₁ Series

Height: 18 to 36 in. (46 to 91 cm)
Spread: 10 to 12 in. (25 to 30 cm)

A PanAmerican Seed® Product.
Available as Ball Premier Line® seed.

Dark green, glossy foliage sets off the vibrant blooms on this strong-stemmed, heat-tolerant series. Amazon does triple duty as a landscape/bedding plant, home garden cut flower and commercial cut flower. Well-suited to gallon or larger pot production. Excellent late-season performer. Vernalization is not required. Height finishes at 36 in. (91 cm) tall as a Winter greenhouse-grown crop.

- **Neon Cherry**
- **Neon Duo** 50:50 mix of Neon Cherry and Neon Purple on separate plants.
- **Neon Purple**
- **Rose Magic** Blooms start white and age to pink, then to deep rose.

Jolt™ F₁ Series ●

Height: 16 to 20 in. (41 to 51 cm)
Spread: 12 to 14 in. (30 to 36 cm)

A PanAmerican Seed® Product.
Available as Ball Premier Line® seed.

The most heat-tolerant Interspecific Dianthus delivers Shocking Summer Color!™

Grower-friendly, well-branched plants are easy to produce with fewer to no PGRs. Ideal for Summer premium quart and gallon containers to command a higher price point. Performs as a semi-hardy annual in Zone 7 and milder. Strong dark green foliage.

- **Cherry**
- **Pink** *All-America Selections Winner.*
- **Pink Magic** Flowers open white, then light pink, and mature to dark pink; optimal color pattern results from high light and cool night temperatures.
- **Purple**

Dianthus barbatus interspecific
double-flowered type (Double Dianthus,
Pinks, Carnation) ●

Dynasty F₁ Series

Height: 16 to 20 in. (41 to 51 cm)
Spread: 10 in. (25 cm)

A PanAmerican Seed® Product.
Available as Ball Premier Line® seed.

Crop Time: Packs, 15 to 16 weeks
Makes well-branched, strong-stemmed plants with good heat tolerance.

Lightly scented, 1 to 1.25-in. (2.5 to 3-cm) blooms. Ideal for landscapes and home cut flower gardens. Can be grown with PGRs to make novelty pot plants for Valentine's and Mother's Day sales. Good in premium pack, 6-in. (15-cm) pot and gallon programs.

- **Orchid**
- **Pink Magic**
- **Purple**
- **Red**
- **Rose Lace**
- **White Blush**
- **Mix** Rose Lace, White Blush, Orchid and Pink Magic.

Dash™ F₁ Series

Height: 15 to 20 in. (38 to 51 cm)
Spread: 12 to 14 in. (30 to 36 cm)

A PanAmerican Seed® Product.
Available as Ball Premier Line® seed.

Compact, basal-branched and early-flowering series needs fewer PGRs than others of this type, and makes premium quarts and gallons.

No vernalization needed allows easy year-round, low-energy production. Long, strong, straight stems hold bright, fragrant blooms. Long-lasting at retail, and well-suited to planters and landscapes with no staking needed.

- **Crimson**
- **Magician** Flowers open white and mature to shades of rose.
- **Pink**
- **Violet**
- **White**
- **Mix** May contain most or all colors in the series.

Diabunda F₁ Series

Height: 6 to 8 in. (15 to 20 cm)
Spread: 8 to 12 in. (20 to 30 cm)

Available as Ball Premier Line® seed.

Full, well-branched, large-flowered plants are uniform for habit, flower form and timing across the series for easy production. Flowers faster than traditional *D. barbatus* varieties for early Spring sales, as well as Winter sales in temperate areas. Good for both large and small pot programs.

- **Pink Pearl**
- **Purple**
- **Purple Picotee**
- **Red**
- **Red Picotee**
- **Rose**
- **Mix** May contain most or all colors in the series.

DICHONDRA

Dichondra argentea (Dichondra) ●●

Crop Time: 4 to 4.5-in. (10 to 11-cm) pots, 12 to 14 weeks

Silver Falls

Height: 2 to 3 in. (5 to 8 cm)
Spread: 36 to 48 in. (91 to 122 cm)

A PanAmerican Seed® Product.

Very drought and heat-tolerant, silver-stemmed foliage plant with true cascading habit for baskets and mixed containers. Performs as a low-growing groundcover, but needs well-drained soil for best performance. Covered with very small, rounded silver leaves. Branches well without pinching. Spreads up to 6 ft. (1.8 m) in areas with a longer growing season.

Dichondra repens (Dichondra) ●●

Emerald Falls

Height: 2 to 4 in. (5 to 10 cm)
Spread: 36 in. (91 cm)

A PanAmerican Seed® Product.

Available as Ball Premier Line® seed.

Rounded green leaves, heat tolerance and a dense, cascading habit make this an excellent choice for mixed containers and baskets. Also performs well as a low-growing groundcover, and as an indoor lifestyle plant. Creates a denser, tighter and shorter plant than Silver Falls, without pinching or PGRs. Easy to grow – branches heavily early to completely cover the pot before branches can tangle. Height is 2 to 4 in. (5 to 10 cm) in the ground.

DIGITALIS See Perennials and Cut Flowers.

DOLICHOS *Dolichos lablab* (Hyacinth Bean) ●

Crop Time: 6-in. (15-cm) pots, 12 to 14 weeks, 3 ppp with support

Red Leaf

A highly ornamental, cultivated variety of the hyacinth bean. With deep green and purple foliage, it bears long racemes of very pretty, fragrant, bicolor pink and white sweet pea-like flowers followed by large and decorative, dark purple to brown seed pods.

Ruby Moon

Showy, heat-tolerant and fast-growing climber has purple foliage, flowers and pods; blooms July to October. Good pot plant and interesting cut flower. Pods are edible and can be used in Asian, Thai and Indian dishes.

DORONICUM See Perennials.

DRACAENA SPIKE

Cordyline indivisa ●

Crop Time: 4 to 5-in. (10 to 13-cm) pots, 15 months

C. indivisa

Height: 24 in. (61 cm)
Spread: 28 to 36 in. (71 to 91 cm)

Cleaned, hulled seed produces medium green spikes.

DUSTY MILLER

Cineraria maritima ●

Crop Time: Packs, 12 to 13 weeks

Silver Lace

Height: 7 in. (18 cm)
Spread: 8 in. (20 cm)

Compact, slow-growing, excellent foliage plant for borders, edgings and pots.

Cineraria maritima candicans ●●

Silver Plated

Height: 12 in. (30 cm)
Spread: 12 in. (30 cm)

Available as Ball Premier Line® seed.

The young leaves are slightly lobed, but as the plants mature, they become deeply cut, much paler in color and are covered in a silvery gray fleecy.

Silverdust

Height: 10 in. (25 cm)
Spread: 10 in. (25 cm)

A PanAmerican Seed® Product.

Available as Ball Premier Line® seed.

Crop Time: Packs, 12 to 13 weeks
Bushy, uniform plants have finely cut, silvery white, velvety leaves. Good for gardens, landscapes and containers.

Senecio cineraria ●

Cirrus

Height: 6 to 8 in. (15 to 20 cm)
Spread: 10 to 12 in. (25 to 30 cm)

Available as Ball Premier Line® seed.

Oak leaf-shaped leaves are silvery green.

New Look

Height: 8 to 10 in. (20 to 25 cm)
Spread: 8 in. (20 cm)

Available as Ball Premier Line® seed.

Large, very white foliage resembles oak leaves. Ideal for borders, mixed containers.

Quicksilver

Height: 6 to 8 in. (15 to 20 cm)
Spread: 6 to 8 in. (15 to 20 cm)

Available as Ball Premier Line® seed.

Naturally dwarf plant stays more compact than Silverdust or comparable varieties. The basal-branched plants have finely indented, silver leaves.

Charity Mix Erysimum

Sugar Rush Yellow Erysimum

Sugar Rush Purple Bicolor Erysimum

ECHINACEA See Perennials.

ERYNGIUM See Perennials and Cut Flowers.

ERYSIMUM

Erysimum cheiri ●

Crop Time: Packs, 10 to 12 weeks

Charity Mix

Height: 8 to 12 in. (20 to 30 cm)
Spread: 6 to 10 in. (15 to 25 cm)

Well-branched, dark green-leaved plants begin to bloom at 4 in. (10 cm). Use in containers, landscapes. Cool crop for Spring and Fall sales. Does not require vernalization to bloom.

Sugar Rush F₁ Series

Height: 14 to 16 in. (36 to 41 cm)
Spread: 12 in. (30 cm)

The first dual-purpose hardy F₁ wallflower adds Fall color to borders and planters; it can rewinter and flower abundantly the following Spring.

Branching better than traditional O.P. types, Sugar Rush produces one central spike surrounded by 4 to 5 side branches. Suited to 3.5 to 5-in. (9 to 13-cm) programs.

- Orange
- Primrose
- Purple Bicolor
- Red
- Yellow
- Mix May contain most or all colors in the series.

Erysimum species (Wall Flower) ●

Citrona® Series

Height: 10 to 12 in. (25 to 30 cm)
Spread: 10 to 12 in. (25 to 30 cm)

A PanAmerican Seed® Product.

Crop Time: Packs, 10 to 12 weeks

Floriferous, well-branched plants display bright, scented blooms in Spring and Fall landscapes and mixed containers. Suited to premium packs, 4-in. (10-cm) pots and gallons. No vernalization needed.

- Orange
- Yellow

ESCHSCHOLZIA Also see Annuals (Poppy) and Perennials (Papaver).

Erysimum californica (California Poppy)

Twister

Height: 8 to 10 in. (20 to 25 cm)
Spread: 8 in. (20 cm)

Wavy swirls of semi-double and double flowers in a beautiful range of pastel shades, including orange, yellow, cream and pink.

EUCALYPTUS Also see Cut Flowers.

Eucalyptus citriodora ●

Lemon Bush

Fast-growing, shrublike plant has textured, aromatic foliage with a lemon scent. Leaves contain citronella oil, a natural insect repellent. Good in containers and landscapes.

Twister Eschscholzia

EUPHORBIA

Euphorbia graminea ●

Glamour

Height: 15 to 24 in. (38 to 61 cm)
Spread: 15 to 24 in. (38 to 61 cm)

A PanAmerican Seed® Product.

The best variety for in-ground performance; early to flower, with a vigor that holds up to a variety of weather challenges.

Glitz F₁

Height: 10 to 14 in. (25 to 36 cm)
Spread: 12 to 18 in. (30 to 46 cm)

A PanAmerican Seed® Product.

"Plays well with others" in premium mixed containers.

This seed opportunity is readily available and lets growers produce a top-quality plant with no pinching needed. Medium vigor, good branching and more open architecture than other varieties. Also makes a nice mono planter.

EUSTOMA See Potted Plants and Cut Flowers (Lisianthus).

Brassica oleracea (Ornamental Kale) ●●

Crop Time: Packs, 10 to 13 weeks

Round-Leaf Type

Osaka Series

Height: 6 to 12 in. (15 to 30 cm)
Spread: 12 to 18 in. (30 to 46 cm)

Tight, compact heads of semi-waved leaves.
• **White**
• **Mix** Red and white solids and picotees.

Osaka iQ F₁ Series

Height: 5 in. (13 cm)
Spread: 11 in. (28 cm)

Earlier to color for a shorter crop cycle. More compact habit leads to less or no required use of PGRs.

- **New** Pink Bicolor
- **Red**

Pigeon F₁ Series

Height: 8 to 12 in. (20 to 30 cm)
Spread: 12 to 14 in. (30 to 36 cm)

Compact, small-leaved series for 4-in. (10-cm) pot production.

- **Purple**
- **Red**
- **Victoria** Pink.
- **White**
- **Mix** May contain most or all colors in the series.

Songbird F₁ Series

Height: 8 to 12 in. (20 to 30 cm)
Spread: 12 to 14 in. (30 to 36 cm)

Produces more upright plants than Pigeon, which allows for better moisture drainage and less chance of disease. Works well in 4-in. (10-cm) to gallon containers.

- **Pink**
- **Red**
- **White**
- **Mix** May contain most or all colors in the series.

Feather-Leaf Type

Peacock F₁ Series

Height: 8 to 12 in. (20 to 30 cm)
Spread: 12 to 14 in. (30 to 36 cm)

Deeply serrated, feathery foliage highlights the somewhat open, dwarf series.

- **Red**
- **White**

Glossy-Leaf Type

Crystal F₁ Series

Height: 10 to 12 in. (25 to 30 cm)
Spread: 12 to 14 in. (30 to 36 cm)

Good seed germination. Glossy leaf adds to salability earlier. Good heat tolerance.

- **New** Deep Red
- **New** Pink
- **Red**
- **Snow**

Wavy-Leaf Type

Nagoya F₁ Series

Height: 10 to 12 in. (25 to 30 cm)
Spread: 15 to 18 in. (38 to 46 cm)

Heavily fringed, very uniform leaves.

- **Red**
- **Rose**
- **White**
- **Mix** May contain most or all colors in the series.

Glamour Red F₁

Height: 8 to 10 in. (20 to 25 cm)
Spread: 10 to 12 in. (25 to 30 cm)

Produces unique, shiny, waxless leaves that give it a more intense, vivid color than other varieties and make it a real standout in gardens, landscapes and planters. The frilly, rosy-red inner leaves are surrounded by dark green leaves for an eye-catching "bullseye" look in Spring, Fall and even Winter in mild climates. Exhibits good disease tolerance in all regions of the country. *All-America Selections Winner*.

Kamome F₁ Series

Height: 8 to 12 in. (20 to 30 cm)
Spread: 12 to 14 in. (30 to 36 cm)

Early-to-color, dwarf plants have fringed leaves with finely ruffled edges.

- **New** Bright Red
- **New** Bright White
- **Pink**
- **Red**
- **White**

Yokohama F₁ Series

Height: 5 to 7 in. (13 to 18 cm)
Spread: 8 in. (20 cm)

Unique, extra-curly fringed leaves make Yokohama a real standout in large and small mixed containers. Slow to bolt for longer and stronger performance, plus improved cold tolerance. Works well in packs and 4 to 8-in. (10 to 20-cm) pots.

- **Red**
- **White**
- **Mix** May contain most or all colors in the series.

New Day Red Shades Gazania

New Day Bronze Shades Gazania

New Day Mix Gazania

GAZANIA

Gazania rigens 🌞

Crop Time: Packs, 11 weeks

Enorma Mix

Height: 8 to 10 in. (20 to 25 cm)

Spread: 8 to 10 in. (20 to 25 cm)

Mid-size plants are topped by large flowers over glossy, dark green foliage. More disease resistant than fuzzy-leaved types in humid climates because the foliage does not trap water. Excellent performance across the U.S., including warm-climate Winter landscapes.

New Day® F1 Series

Height: 8 to 10 in. (20 to 25 cm)

Spread: 6 to 8 in. (15 to 20 cm)

A PanAmerican Seed® Product.
Available as Ball Premier Line® seed.

Delivers a more compact and bulkier plant with bigger flowers on shorter peduncles.

New Day is easier to produce for growers, and offers better holdability at retail. Landscapers and consumers will appreciate this drought-tolerant series for its excellent performance in landscapes, containers and baskets. Well-suited to high-density pack and small pot programs.

Better Yields with Quality Seed

The **Ball Premier Lab** provides growers with seed inputs they can rely on to increase yields through **decreased labor, higher production efficiency** using automated technology, and **reduced shipping and storage issues** from higher-quality seed.

The lab revolutionized the seed industry with the development of **advanced testing and technology**. From Ball's original high-energy seed forms to the development of seed-testing protocols that have **eliminated under-performing lots for growers**, to the Ball Vigor Index that sets a germination standard, plus superior seed coating and pelleting techniques, the lab has set the bar for premium seed.

Spread: 14 in. (36 cm)

This dwarf series is more uniform in height than Buddy.

- Pink
- Purple
- White
- Mix May contain most or all colors in the series.

Las Vegas Series

Height: 16 to 20 in. (41 to 51 cm)

Brightly colored blooms and great heat and drought tolerance make these easy-care plants real standouts in beds and containers. Taller than standard bedding types; well-suited to 4.5-in. (11-cm) and larger pots.

- Pink
- Purple
- White
- Mix May contain most or all colors in the series.

Ping Pong Series

Height: 16 to 20 in. (41 to 51 cm)
Spread: 8 to 10 in. (20 to 25 cm)

Ping Pong bursts with color in containers and mass plantings! Its height and dimension also make it a great garden cut flower. Easy to produce on the bench, drought tolerant and low maintenance for consumers.

- Lavender
- Purple
- White
- Mix May contain most or all colors in the series.

Gomphrena haageana

Strawberry Fields

Height: 18 to 24 in. (46 to 61 cm)
Spread: 12 in. (30 cm)

Free-flowering plants bloom continuously from early Summer into Fall, showing off lots of 1 to 1.5-in. (2.5 to 4-cm), true red flowers. Thrives in warm and hot weather. Makes a nice border or cut flower variety; offers very reliable vase life or can be dried as an everlasting.

Gomphrena pulchella ●

Crop Time: 18 weeks

Fireworks

Height: 36 to 48 in. (91 to 122 cm)
Spread: 48 in. (122 cm)

A PanAmerican Seed® Product.
Available as Ball Premier Line® seed.

Vigorous, drought-tolerant plants are topped by many long-lasting, hot pink flowers tipped with bright yellow. Resists weather damage. Suitable for field and garden cut flower production.

GRASSES See pages 131 to 135.

GYPSOPHILA Also see Perennials.

INTERSPECIFIC IMPATIENS

Impatiens hybrida 🌞 🌧

New Solarscape™ F1 Series

Height: 9 to 11 in. (23 to 28 cm)
Spread: 15 to 20 in. (38 to 51 cm)

A PanAmerican Seed® Product.

Available in North America only.

Great low-maintenance plant provides high-impact color in sunny spaces, whether in the ground or in containers.

The first interspecific impatiens series from seed provides the same garden performance as vegetative interspecific impatiens without the royalties. Perfect for opening-price-point, non-branded programs at retail and for landscape growers. Blooms have tropical appeal, with a satiny texture in vibrant, glowing hues.

- **Magenta Bliss**
- **Neon Purple** A dense and slightly spreading variety, and is the most compact of the series at approximately 10% shorter height.
- **Orange Burst**
- **White Shimmer** Shimmering white flowers may have a small percentage of pink at the center and very pale, bluish pink buds and petals.

New Solarscape™ XL Salmon Glow F1

Height: 11 to 13 in. (28 to 33 cm)
Spread: 18 to 20 in. (46 to 51 cm)

A PanAmerican Seed® Product.

Available in North America only.

Tropical blooms start out a bright salmon color with shading to lighter salmon-coral. XL plant height averages about 20% larger than standard Solarscape.

Crop Time: Packs, 7 to 8 weeks

Accent Series

Height: 10 to 12 in. (25 to 30 cm)

Spread: 10 to 12 in. (25 to 30 cm)

Available as Ball Premier Line® seed.

Free-flowering series of basal-branching plants with large, 1.5-in. (4-cm) blooms.

- Burgundy
- Deep Pink
- Red Star
- Rose Star
- Star Mix

Accent Premium F₁ Series

Height: 10 to 12 in. (25 to 30 cm)

Spread: 10 to 12 in. (25 to 30 cm)

Available as Ball Premier Line® seed.

Series combines excellent uniformity in flowering and habit with improved branching. The Accent Premium varieties feature large, high-quality flowers and strong garden vigor on mounded plants – an ideal combination for a bedding impatiens. Fills out containers and garden beds well, and handles environmental stress where more compact types can fail. Good for flats, as well as premium 4-in. (10-cm) and larger pots.

Dazzler® F₁ Series

Height: 10 to 14 in. (25 to 36 cm)

Spread: 12 to 14 in. (30 to 36 cm)

A Ball Ingenuity™ product, available exclusively through Ball Seed®.

Available as Ball Premier Line® seed.

Landscapers appreciate this series for its quick fill and manageable vigor.

Dazzler makes an extremely uniform plant that is covered with masses of 1.5-in. (4-cm) blooms on rich, green foliage. Well-matched across the series, all colors come into bloom together and flower freely right up until frost. Dazzler is well-suited to pack, 4-in. (10-cm) pot and basket programs.

Super Elfin® XP F₁ Series

Height: 10 to 14 in. (25 to 36 cm)

Spread: 12 to 14 in. (30 to 36 cm)

A PanAmerican Seed® Product.

Available as Ball Premier Line® seed.

Super Elfin XP colors are extremely well-matched to deliver the best uniformity of any impatiens on the market.

Super-easy to program and produce, XP varieties have a 5 to 7-day bloom window; exceptionally uniform habit and plant vigor; consistency of early flowering; and bigger blooms than the competition. Super Elfin XP offers a broad range of the core, top-selling colors plus unique novelties. Both the Super Elfin XP and standard colors continue to deliver abundant and early blooms; compact, basal-branching habit; and superior holding in packs.

MARIGOLD

Tagetes erecta (African Marigold) ●

Antigua F₁ Series

Height: 10 to 12 in. (25 to 30 cm)

Spread: 10 to 12 in. (25 to 30 cm)

Available as Ball Premier Line® Ball Controlled Growth™, de-tailed and coated seed.

Dwarf type is early and uniformly flowering, with 3-in. (8-cm) blooms. 11 to 12 weeks.

- Gold
- Orange
- Primrose
- Yellow
- Mix May contain most or all colors in the series.

Bali Series

Height: 24 to 32 in. (61 to 81 cm)

Spread: 14 to 16 in. (36 to 41 cm)

Available as Ball Premier Line® seed.

This tall marigold stands up to Summer-long garden demands. Bred under hot and humid conditions and proven through repeated trialing, this high-yielding, disease-tolerant series delivers very firm, ball-shaped flowers – up to 5 in. (13 cm) each – that ship well. Strongly branched plant is perfect for bedding use – Bali will not fall over under rainy conditions. Also works well as a cut flower. 12 to 13 weeks.

- Gold
- Orange
- Yellow Unique variety has a light green center.
- Mix May contain most or all colors in the series.

Big Duck Series

Height: 12 to 16 in. (30 to 41 cm)

Spread: 10 to 12 in. (25 to 30 cm)

Available as Ball Premier Line® seed.

Natural, semi-dwarf, heat-tolerant series with huge double flowers is beautiful as a single variety or grouped in large pots, beds and landscapes, offering a spectacular “carpet-like” view.

- Gold All-America Selections Winner.
- Orange
- Yellow

Chedi Orange F₁

Height: 40 to 55 in. (102 to 140 cm)

Spread: 24 to 32 in. (61 to 81 cm)

Available as Ball Premier Line® coated seed.

This is not your ordinary marigold! Even better than Cracker Jack, the extra-tall plants show off big, firm and well-shaped flowers up to 4.75 in. (12 cm) across. Count on long shelf life and continuous flowering from this star performer – it's tolerant of soil-borne diseases such as *Fusarium*, with excellent adaptability to a wide range of climates. Great as a garden cut flower, too. 10 to 11 weeks.

Discovery F₁ Series

Height: 8 to 10 in. (20 to 25 cm)

Spread: 6 to 8 in. (15 to 20 cm)

Available as Ball Premier Line® coated seed.

Dwarf type has fully double, 2.5 to 3-in. (6 to 8-cm) blooms with tighter flower heads than the originals, and the same tidy habit. 11 weeks.

- Orange
- Yellow
- Mix May contain most or all colors in the series.

MARIGOLD continued

Inca II Series

Height: 12 to 14 in. (30 to 36 cm)

Spread: 12 to 14 in. (30 to 36 cm)

Available as Ball Premier Line® seed.

Compact and early plants flower freely with large, 4 to 5-in. (10 to 13-cm) blooms. Strong stems are good for shipping. 10 to 11 weeks.

- Deep Orange
- Gold
- Primrose
- Yellow
- Mix May contain most or all colors in the series.

Little Duck Series

Height: 6 to 10 in. (15 to 25 cm)

Spread: 6 to 8 in. (15 to 20 cm)

Available as Ball Premier Line® de-tailed seed.

The most compact, natural dwarf marigolds available today. Tidy plants have bright, fully double, tube-shaped petals on top of dark green foliage.

- Orange
- Yellow

Marvel II™ F1 Series

Height: 16 to 18 in. (41 to 46 cm)

Spread: 10 to 12 in. (25 to 30 cm)

A PanAmerican Seed® Product.

Available as Ball Premier Line® Ball Controlled Growth™, de-tailed and coated seed.

This intermediate-type African marigold offers improved branching, earliness, flower size and a brighter flower color. Series is uniform under both short and long days.

- Gold
- Orange
- Yellow
- Mix May contain most or all colors in the series.

Perfection F1 Series

Height: 14 to 18 in. (36 to 46 cm)

Spread: 12 to 14 in. (30 to 36 cm)

Available as Ball Premier Line® de-tailed seed.

Sturdy stems hold fully double, 3 to 3.5-in. (8 to 9-cm) blooms. 11.5 weeks.

- Orange
- Yellow

Proud Mari Series

Height: 10 to 12 in. (25 to 30 cm)

Spread: 10 to 12 in. (25 to 30 cm)

Available as Ball Premier Line® coated seed.

Dwarf, compact plants need little to no PGRs and deliver excellent landscape performance. Thick flower stems keep the bright and large, fully double flowers standing upright. Uniform bloom time and height across the gold, orange and yellow varieties.

- Gold
- Orange
- Yellow
- Mix May contain most or all colors in the series.

Vanilla F1

Height: 16 in. (41 cm)

Spread: 10 in. (25 cm)

A PanAmerican Seed® Product.

Available as Ball Premier Line® Ball Controlled Growth™, de-tailed and coated seed.

Fully double, creamy white flower heads have tight centers to shed water and avoid turning brown longer. Dark green foliage offers a good contrast to the 2.5 to 3-in. (6 to 8-cm) flowers. 11 weeks.

Taishan Yellow Marigold

Taishan Mix Marigold

Taishan® F1 Series

Height: 10 to 12 in. (25 to 30 cm)
Spread: 8 to 10 in. (20 to 25 cm)

A Ball Ingenuity™ product, available exclusively through Ball Seed®.
Available as Ball Premier Line® seed.

With 20% shorter peduncles and 15% thicker stems than the market leader, Taishan stands tall in shipping and at retail. Better branching with more aggressive side branching fills packs quickly and delivers a healthy look. Large flowers hold their doubleness and shed water well. At retail, the big, tightly petaled blooms on super-strong stems look terrific, with less waste, better tolerance of overhead watering and longer shelf life. Gardeners and landscapers will appreciate the full plants and season-long shows of high-impact color. 7 to 10 weeks.

- Gold
- Orange

Bonanza™ Series

Height: 10 to 12 in. (25 to 30 cm)

Spread: 6 to 8 in. (15 to 20 cm)

A PanAmerican Seed® Product.

Available as Ball Premier Line® seed.

Early, large-flowered, pack-friendly series performs well under a wide range of conditions. Double, crested, 2 to 2.5-in. (5 to 6-cm) blooms. 9.5 weeks.

- **Bee** Mahogany with yellow edging.
- **Bolero** Attractive bicolor.
- **Deep Orange**
- **Flame**
- **Gold**
- **Harmony** Bronze with gold center.
- **Yellow**
- **Mix** May contain most or all colors in the series.

New Chica Series

Height: 6 to 8 in. (15 to 20 cm)

Spread: 6 to 10 in. (15 to 25 cm)

Available as Ball Premier Line® coated seed.

Double-crested flowers on early, free-flowering, compact growing plants with uniform height. Deliver excellent garden performance.

- **Flame**
- **Gold**
- **Orange**
- **Yellow**
- **Mix** May contain most or all colors in the series.

Disco Series

Height: 8 to 10 in. (20 to 25 cm)

Spread: 6 to 8 in. (15 to 20 cm)

Available as Ball Premier Line® coated seed.

Single, 2 to 2.5-in. (5 to 6-cm) blooms. 10 weeks.

- **Granada** Orange and red bicolor.
- **Marietta** Golden yellow with mahogany fleck at base of petals.
- **Orange**
- **Red**
- **Yellow**
- **Mix** May contain most or all colors in the series.

Durango® Series

Height: 10 to 12 in. (25 to 30 cm)

Spread: 6 to 8 in. (15 to 20 cm)

A PanAmerican Seed® Product.

Available as Ball Premier Line® seed.

Outstanding performers from bench to garden, Durango shows extra-large, 2 to 2.5-in. (5 to 6-cm), anemone-type flowers on strong stems. Early, free-flowering plants have a uniform height and good branching. Several unusual colors with excellent retail appeal. 7 to 10 weeks.

- **Bee** Mahogany edged with yellow.
- **Bolero** Golden yellow flower petals tipped with red.
- **Flame** Mahogany edged with orange.
- **Gold**
- **Orange**
- **Red**
- **Tangerine**
- **Yellow**
- **Mix** May contain most or all colors in the series.
- **Outback Mix** Bolero, Red, Tangerine, Yellow. Very uniform for timing, habit and flower size.

Fireball

Height: 10 to 12 in. (25 to 30 cm)

Spread: 6 to 8 in. (15 to 20 cm)

A PanAmerican Seed® Product.

Available as Ball Premier Line® seed.

Unique look for premium packs, pots and decorative planters.

Fireball and companion Strawberry Blonde show off multicolor blooms on the same plant, due to germplasm never seen in African or French types before. Fireball's flowers open red, then turn to fiery bronze and dark gold as they age. In early Spring growing conditions, the 2.5-in. (6-cm) flowers age and change color more slowly for maximum contrast; when warmer, the color changes faster with less distinct contrast. 6 to 9 weeks.

Flamenco

Height: 10 to 12 in. (25 to 30 cm)

Spread: 6 to 8 in. (15 to 20 cm)

A PanAmerican Seed® Product.

Available as Ball Premier Line® seed.

With its yellow center and red-tipped petals, this novelty color offers a unique pattern similar to Fireball and Strawberry Blonde; for habit and flower timing, this variety is in line with the Bonanza series.

Happy Series

Height: 6 to 7 in. (15 to 18 cm)

Spread: 6 to 8 in. (15 to 20 cm)

Available as Ball Premier Line® seed.

Heat tolerant, extra-dwarf series resists stretching. Compact, with superb basal branching and fantastic uniformity in the pack. Superior flower form and flower coverage.

- **Gold**
- **Harmony**
- **Orange**
- **Spry**
- **Yellow**
- **Mix** May contain most or all colors in the series.

Strawberry Blonde

Height: 8 to 10 in. (20 to 25 cm)

Spread: 8 to 10 in. (20 to 25 cm)

A PanAmerican Seed® Product.

Available as Ball Premier Line® seed.

Multicolor blooms on the same plant!

The world's first "pink" marigold! The first flower opens a deep pink with rustic yellow crest, then ages to a straw yellow. Like companion Fireball, Strawberry Blonde brings a first-ever look to premium packs, pots and containers. In early Spring growing conditions, the 2.25-in. (6-cm) flowers age and change color more slowly for maximum contrast. In warmer conditions, color changes faster with less contrast. 6 to 9 weeks.

Super Hero Series

Height: 9 in. (23 cm)

Spread: 10 to 12 in. (25 to 30 cm)

Available as Ball Premier Line® seed.

The next generation of Heroes! Earlier to flower with a compact plant habit, but not dwarf. Very good and stable flower pattern. Most uniform series in packs and pots. Replaces current Hero series. 7 to 9 weeks.

MATTHIOLA See Stock. Also see Cut Flowers.

MELAMPODIUM

Melampodium paludosum ●

Delight Lemon

Height: 6 to 12 in. (15 to 30 cm)

Spread: 12 in. (30 cm)

Very floriferous plants with 1-in. (2.5-cm), light yellow, daisylike flowers. Performs well in hot and humid climates.

Derby

Height: 8 in. (20 cm)

Spread: 12 to 18 in. (30 to 46 cm)

Heat-tolerant, dwarf plants produce many bright yellow blooms all season.

Jackpot Gold

Height: 6 to 12 in. (15 to 30 cm)

Spread: 12 in. (30 cm)

Improved version of Million Gold features better habit and larger, golden-orange blooms. Bushy plants flower continuously from early Summer to first frost, with proven garden performance in both cold Spring conditions and long, dry Summers.

Showstar

Height: 10 in. (25 cm)

Spread: 8 to 10 in. (20 to 25 cm)

Bushy variety with yellow, star-shaped blooms.

MELINIS See Grasses.

Mini Mint Ornamental Mint

ORNAMENTAL MINT

Mentha requienii (Corsican Mint) ●●

Mini Mint

Height: 1 to 2 in. (3 to 5 cm)
Spread: 6 to 12 in. (15 to 30 cm)

A PanAmerican Seed® Product.
Available as Ball Premier Line® seed.

Attractive, highly fragrant groundcover or small pot plant is easy to grow from a multi-seed pellet with 8 to 12 seeds. One plug in a 4-in. (10-cm) pot delivers a fast fill; can be direct sown. Makes great-looking small pots, mix components and garden specimens. Performs as a perennial in Zones 6 to 9. NOTE: Leaves are non-toxic but do not have a palatable flavor.

ORNAMENTAL MILLET

Pennisetum glaucum ●●

Crop Time: 4-in. (10-cm) pots and larger sold green, 6 to 9 weeks

Copper Prince F₁

Height: 24 to 36 in. (61 to 91 cm)
Spread: 18 to 24 in. (46 to 61 cm)

A PanAmerican Seed® Product.
Exciting color! Copper Prince begins as a light caramel color, then deepens to copper as it sends up rose-bronze, foxtail-type panicles for added Summer interest. Wide blades and excellent tillering for large containers and landscapes.

Jade Princess F₁

Height: 24 to 30 in. (61 to 76 cm)
Spread: 18 to 24 in. (46 to 61 cm)

A PanAmerican Seed® Product.
A "must have" for landscapers and consumers looking for plants in the popular chartreuse color group.
Intense lime green leaves, controlled and mounded shape, and pollenless heads make this variety shine in the store, and outdoors in landscapes and mixed or mono containers. Seed can be direct-sown into finish containers. Well-suited to pot sizes up to gallons, with a fast finish time. The most compact of the varieties we offer. NOTE: Requires warmer temperatures than other millets to perform well.

Jester F₁

Height: 36 to 48 in. (91 to 122 cm)
Spread: 10 to 14 in. (25 to 36 cm)

A PanAmerican Seed® Product.
Unique color-changing foliage adds interest to gardens, landscapes and mixed containers. Leaves begin chartreuse with burgundy accents, then burgundy, and finally the same bronze-purple color as Purple Majesty; color is strongest in full sun. Jester grows to about three-quarters the height of Purple Majesty, with wider leaves and more basal branching.

Purple Baron F₁

Height: 30 to 40 in. (76 to 102 cm)
Spread: 10 to 14 in. (25 to 36 cm)

A Ball Ingenuity™ product, available exclusively through Ball Seed®.

The ideal choice for mixed containers!

This compact yet robust variety grows to about two-thirds the height of Purple Majesty, with large, thick flower spikes on plants with more basal branching. The foliage emerges and grows like Purple Majesty, finishing a slightly darker purple color at maturity. Leaves are shorter and wider for easy shipping.

Purple Majesty

Height: 48 to 60 in. (122 to 152 cm)
Spread: 8 to 12 in. (20 to 30 cm)

A PanAmerican Seed® Product.
Striking ornamental plant for mass plantings, large mixed containers and borders features deep purple foliage, stems and flower plumes.

Produces cattail-like flower plumes, 12 to 14 in. (30 to 36 cm) long. Young plants are green. The stem and mid-rib of the foliage first turn purple after about 8 leaves have developed. Foliage turns dark purple when plants are moved from the greenhouse outside into full sun. Good cut flower choice. *All-America Selections Gold Medal Winner.*

MIMULUS

Mimulus x hybridus 🌈

Crop Time: Packs, 8 to 9 weeks

Magic Series

Height: 10 in. (25 cm)
Spread: 12 in. (30 cm)

Fast-finish series is compact and floriferous. Well-suited to early-season pack programs.

- **Ball Magic Mix A Ball Ingenuity™ product, available exclusively through Ball Seed®.** Special formulation of the brightest, most well-matched colors.
- **Spring Blossom Mix** Eye-catching blend of solid and patterned ivory to burgundy blooms.

Mystic Mix

Height: 10 to 12 in. (25 to 30 cm)
Spread: 10 in. (25 cm)

Available as **Ball Premier Line® seed.** Spreading variety.

MORNING GLORY

Ipomoea tricolor 🌈

Crop Time: Flowers, 5 to 6 weeks

Heavenly Blue

Sky blue flowers open in the morning.

Moon Flower

Long, vigorous vines grow to 20 feet (6 m). Giant white flowers can measure over 7 in. (18 cm) across! Excellent for planting in night gardens.

Ipomoea x imperialis

Sunrise Serenade

Big double flowers highlight this Imperial Japanese variety. Each wavy-edged, 2.5 to 3-in. (6 to 8-cm) bloom is cherry red with white base. Gardeners will enjoy the eye-catching flowers of this traditional vining plant from early Summer until the first frost. Flowers remain open longer than standard single varieties.

Pharbitis x hybrida 🌈

Happy Hour Rose

Produces many rose-red flowers, each with a white throat, over variegated foliage. Flowering starts when the vine reaches 3 ft. (91 cm). Perfect for baskets; also works well as a trailing pot plant and climbing vine. Best direct sown.

MULTI-SPECIES MULTI-PELLETS

See Fuseables®, page 66.

NASTURTIUM

Tropaeolum majus 🌈

Crop Time: Packs, 11 to 13 weeks

Alaska Mix

Height: 12 in. (30 cm)
Spread: 10 in. (25 cm)

White, marbled foliage contrasts with 2 to 2.5-in. (5 to 6-cm), single blooms.

Baby Rose

Height: 12 in. (30 cm)
Spread: 16 in. (41 cm)

Small, dark-green foliage and a unique flower color make this a potential candidate for pot and pack production. *All America Selections Regional Winner.*

Jewel Mix

Height: 10 in. (25 cm)
Spread: 20 to 24 in. (51 to 61 cm)

Semi-double, 2 to 2.5-in. (5 to 6-cm) flowers; vigorous.

Tip Top Rose 🌈🌈

Height: 15 in. (38 cm)
Spread: 20 in. (51 cm)

A strong yet compact nasturtium with unique and showy rose-colored flowers showcased above medium-green foliage. *All America Selections Regional Winner.*

Poetry White Nemesia

Poetry Blue Nemesia

Poetry Mix Nemesia

NEMESIA

Nemesia foetans ●

Crop Time: Packs and pots, 9 to 12 weeks

Poetry™ F₁ Series

Height: 12 to 14 in. (30 to 36 cm)
Spread: 10 to 12 in. (25 to 30 cm)

A PanAmerican Seed® Product.

Available as Ball Premier Line® seed.

Ideal for cool-season gardens and containers, Poetry is the first seed-grown nemesia of this type and makes an excellent premium variety. The well-branched, "no pinch" plants grow fast and full. Well-suited to Spring and Fall premium packs and 4-in. (10-cm) pots. Will flower in Winter in milder climates.

- Blue
- Deep Pink
- White
- Mix May contain most or all colors in the series.

Nemesia strumosa ●

Sundrops Mix

Height: 10 in. (25 cm)
Spread: 8 to 10 in. (20 to 25 cm)

A PanAmerican Seed® Product.

Crop Time: Pots, 13 to 15 weeks

Early, compact plants in a wide range of colors and patterns. Good for small container programs.

Nemesia x hybridus ●

Crop Time: 4 to 6-in. (10 to 15-cm) pots, 10 to 11 weeks

Seventh Heaven Mix F₁

Height: 12 to 14 in. (30 to 36 cm)
Spread: 14 to 16 in. (36 to 41 cm)

Available as Ball Premier Line® seed.

Featuring denser and better-branched foliage and larger flowers than similar seed varieties, this variety is on par with vegetative types. The mix includes the first lavender bicolor in seed types.

NEPETA See Perennials and Vegetables (Herbs – Catnip).

NICOTIANA

Nicotiana alata (Flowering Tobacco) ●

Crop Time: Packs, 13 to 15 weeks

Perfume Series

Height: 16 to 20 in. (41 to 51 cm)
Spread: 14 to 16 in. (36 to 41 cm)

Available as Ball Premier Line® seed.

Abundant, 2-in. (5-cm) blooms are highly scented at night. Long-lasting in landscapes and containers. Good for 4 to 5-in. (10 to 13-cm) programs for Summer color sales.

- Deep Purple *All-America Selections Gold Medal Winner.*
- Mix Deep Purple plus blue, bright rose, lime, red and white (which are not sold separately).

Saratoga Series

Height: 10 to 12 in. (25 to 30 cm)
Spread: 10 to 12 in. (25 to 30 cm)

Available as Ball Premier Line® seed.

Bushy plants with trumpet-shaped flowers.

Akila White, Purple & Lavender Shades Osteospermum

Kirigami Ornamental Oregano

ORNAMENTAL OREGANO

Also see Perennials.

Origanum x hybrida ●

Kirigami

Height: 8 to 10 in. (20 to 25 cm)
Spread: 12 to 14 in. (30 to 36 cm)

A PanAmerican Seed® Product.

The perfect patio plant, this eye-catching non-culinary oregano features large, purple-green bracts, rose flowers and clear, light green foliage, with a delicious fragrance to attract pollinators. Dense, mounded, slightly trailing plant has a tighter, fuller habit than standard vegetative varieties, so it holds better in shipping and at retail. Heat and drought tolerant, with showy display of texture in baskets, borders and rock gardens from Spring until Fall. Higher light and cooler night temperatures accent the purple bract color.

OSTEOSPERMUM

Osteospermum ecklonis (African Daisy) ●

Akila® F1 Series

Height: 10 to 14 in. (25 to 36 cm)
Spread: 14 to 20 in. (36 to 51 cm)

A PanAmerican Seed® Product.

Crop Time: 4-in. (10-cm) pots, 80 to 100 days

Gives growers the best seed-grown osteos for habit and seed quality.

The most compact seed series available, Akila is well-suited to high-density pack and pot programs and mechanized production – plants branch without pinching and all colors flower in the same week. The full, well-branched plants are an economical and upscale choice for landscapers to use in mass plantings and containers. In the garden, Akila shows off beautiful flowers and the plants are drought-tolerant once established.

- **Daisy White** Petals have a yellow back. *All-America Selections Winner.*
- **Lavender Shades**
- **Purple**
- **Sunset Shades** Multicolor segregating mix includes popular colors like yellow, magicians and rose-reds, plus salmon, apricot and orange shades. A gorgeous mix of the colors of the setting sun.
- **White**
- **White Purple Eye**
- **Grand Canyon Mix** First multicolor segregating mix includes popular colors like yellow, magicians and rose-reds, as well as purple, lavender, creams and whites.
- **Mix** May contain most or all colors in the series.

Southern Solutions for Fall Pansies

We are the ideal source for your Fall finished pansy crop in the South. **Plugs are your best option** for growing in hot southern temperatures in the Fall, and we have the right plugs for your needs.

Whether it is larger plugs for large containers, or smaller plugs for bedding flats, you'll find the perfect pansy right here.

SPREADING/TRAILING PANSY

PANSY

Viola × wittrockiana
(Spreading/Trailing Pansy) 

Crop Time: Packs, Spring: 12 to 15 weeks;
Summer: 11 to 14 weeks.

Freefall XL F₁ Series

Height: 4 to 6 in. (10 to 15 cm)

Spread: 14 to 20 in. (36 to 51 cm)

Flower Size: 2 to 2.25 in. (5 to 5.5 cm)

Available as Ball Premier Line® seed.

Offers the same tidy habit of the Freefall series, with the added benefit of much larger flowers. Non-tangling habit and extremely quick flowering time. Perfect for hanging baskets, containers and landscape applications. Flowers prolifically throughout the season and has excellent weather tolerance.

- **New Blue Picotee Shades**

- **Bright Yellow**

- **Fire**

- **Golden Yellow**

- **Purple Face**

- **Red Wing**

- **Scarlet Blotch**

- **Victoriana**

- **White**

- **Yellow Blotch**

- **Mix** May contain most or all colors in the series.

Freefall F₁ Series

Height: 4 to 6 in. (10 to 15 cm)

Spread: 12 to 15 in. (30 to 38 cm)

Flower Size: 1.25 to 1.5 in. (3 to 4 cm)

Available as Ball Premier Line® seed.

(*Viola spp.*) Versatile trailing series is ideal for baskets and also works well in color bowls and the landscape. Early-flowering Freefall starts low and mounding, then the plants develop a vigorous, cascading and spreading habit that covers an area with color using fewer plants.

Viola x wittrockiana 🌻

Cool Wave® F1 Series

Height: 6 to 8 in. (15 to 20 cm)
Spread: 24 to 30 in. (61 to 76 cm)
Flower Size: 2 to 2.25 in. (5 to 5.5 cm)
 USDA Hardiness Zones: to Zone 5

A PanAmerican Seed® Product.
 Available as Ball Premier Line® seed.

The fastest-growing, longest-lasting, truly trailing pansy. It's a MUST HAVE!

The Best Pansy Ever has superior overwintering hardiness that assures that Cool Wave pansies are the earliest to return in Spring. More vigorous than any spreading pansy, fewer Cool Wave plants are needed per pot and these pansies pump out tons of cool-season color! With the most prostrate habit of any spreading pansy, Cool Wave varieties make great "spillers" in combos and are a fast-growing, high-impact groundcover.

- **New Blue** Vibrant shade of solid blue with excellent flower presentation makes for an attractive plant habit at point-of-sale.
- **Blue Skies**
- **Blueberry Swirl**
- **Fire**
- **Frost**
- **Golden Yellow**

Matrix® F1 Series

Height: 8 in. (20 cm)
Spread: 8 to 10 in. (20 to 25 cm)
Flower Size: 3.5 in. (9 cm)
Crop Time: Packs, Spring: 12 to 15 weeks;
 Summer: 11 to 14 weeks

Extra-large-flowered Matrix is your best option for longer days and warmer growing.

All Matrix varieties flower within a 7-day window at 25% color in Fall production so that all colors from the same sowing can ship together. The extra-large flowers hold up to the heat and PGR stress in Summer/Fall production. Superior branching produces plants that cover the soil before initiating blooms without stretching, to assure more flowers per plant in landscapes and containers. The bottom line: *Matrix makes life easier – you don't touch the crop as much!*

Spring Matrix Blue Pansy

Spring Matrix™ F1 Series

Height: 8 in. (20 cm)
Spread: 8 to 10 in. (20 to 25 cm)
Flower Size: 3 in. (8 cm)

A PanAmerican Seed® Product.
 Available as Ball Premier Line® seed.

Large-flowered Spring Matrix is your best option for shorter days and cool growing.

Spring Matrix delivers the tightest bloom window of any Spring-flowering pansy, across a full color range. With the most uniform habit and least stretch of any Spring pansy, the plants look better, last longer and have the tightest bloom window. The flower size of Spring Matrix prevents the flopping that can occur in Winter/Spring pansies.

STANDARD PANSY

Panola XP Mix Pansy

Panola XP Scarlet Pansy

Panola XP True Blue Pansy

New Spooky Halloween Mix F₁

Height: 8 in. (20 cm)
Spread: 8 to 10 in. (20 to 25 cm)
Flower Size: 3.5 in. (9 cm)

A Ball Ingenuity™ product, available exclusively through Ball Seed®. Available as Ball Premier Line® seed.

A perfect Fall mix of orange and black pansies.

Panola® XP F₁ Series

Height: 6 to 8 in. (15 to 20 cm)
Spread: 8 to 10 in. (20 to 25 cm)

A PanAmerican Seed® Product. Available as Ball Premier Line® seed.

The ultimate multi-season landscape pansy has a tight 5 to 7-day flowering window, very uniform habit and shorter peduncles across all XP colors. Panola continues to outperform standard medium-flowered varieties, with exceptional overwintering, early flowering and less stretch in warm climates. Free-flowering, well-branched and compact plants are suited to early Spring and Fall programs.

New Select Orange Blotch F₁

Height: 4 to 6 in. (10 to 15 cm)
Spread: 6 to 8 in. (15 to 20 cm)

Available as Ball Premier Line® seed.

With its bright orange color and cheerful pansy face, this is a perfect addition for Fall seasonal promotions. Slightly more vigorous and later to flower than Delta Premium.

Ultima Morpho

Height: 6 in. (15 cm)
Spread: 6 in. (15 cm)

Available as Ball Premier Line® seed.

Early to color up. All-America Selections Winner.

Ultima Radiance Series

Height: 6 in. (15 cm)
Spread: 6 in. (15 cm)

Available as Ball Premier Line® seed.

Splashes of color highlight the faced flowers, each showing rich color shades.

- Violet

PAPAVER See Poppy. Also see Perennials (Papaver).

PENSTEMON Also see Perennials.

Penstemon hartwegii ●

Crop Time: 6-in. (15-cm) pots, 17 to 19 weeks

Arabesque Series

Height: 24 to 30 in. (61 to 76 cm)
Spread: 20 to 24 in. (51 to 61 cm)

Annual penstemon series is much earlier and faster to finish than other *P. hartwegii* varieties.

Offering strong branching and superior uniformity, compact Arabesque is programmable in premium quart and gallon programs. Showy, long-blooming plants perform well in gardens and large pots. NOTE: Not recommended for pots smaller than 6 in. (15 cm). Hardy to USDA Zone 7.

- Appleblossom Pink hues are enhanced with cool night temperatures.
- Pink
- Red All-America Selections Regional Winner.
- Violet

Partybells Series

Height: 16 to 18 in. (41 to 46 cm)
Spread: 12 to 16 in. (30 to 41 cm)

Best choice for high-density production, with naturally dwarf habits AND strong lateral branching to create a fuller, more colorful plant that is easier to grow. Easy programming – schedule like an annual for Summer sales. Thrives in hot, dry conditions. Continuous flowering spikes resist lodging.

- Red
- Violet

PENTAS

Pentas lanceolata (Star Cluster) 🌞

Crop Time: Packs, 15 to 17 weeks

BeeBright Series

Height: 10 to 12 in. (25 to 30 cm)

Spread: 12 to 14 in. (30 to 36 cm)

Available as Ball Premier Line® seed.

This compact and well-branched series works well in high-density 4-in. (10-cm) pots, quarts and gallons. Very uniform plants have a 3 to 5-day bloom window, and flower up to 7 days earlier than others of this type. Showing off its bright flowers continuously atop the plants, BeeBright attracts pollinators AND gardeners!

• **Lipstick**

• **Pink**

• **Red**

• **Violet**

• **White**

• **Mix** May contain most or all colors in the series.

New Beehive White F1 🌞🌙

Height: 8 to 12 in. (20 to 30 cm)

Spread: 8 to 12 in. (20 to 30 cm)

Available as Ball Premier Line® seed.

Excellent basal branching makes for full and fast hanging baskets and landscape applications.

Butterfly™ F1 Series

Height: 12 to 22 in. (30 to 56 cm)

Spread: 10 to 18 in. (25 to 46 cm)

A PanAmerican Seed® Product.

Available as Ball Premier Line® seed.

Crop Time: Packs, 15 to 17 weeks

Hybrid vigor provides better stress tolerance than open-pollinated varieties. Butterfly flourishes in full sun with high heat/humidity, producing large, star-shaped flowers and umbels up to 3 in. (8 cm) across for big "drive-by" landscape color. Can be grown in both northern and southern gardens and containers. Attracts butterflies and hummingbirds. Good for gallons; also works in 4 to 5-in. (10 to 13-cm) pots and premium packs with PGRs.

• **Deep Pink**

• **Deep Rose**

• **Light Lavender**

• **Orchid**

• **Red**

Glitterati™ F1 Series

Height: 12 to 22 in. (30 to 56 cm)

Spread: 10 to 18 in. (25 to 46 cm)

A PanAmerican Seed® Product.

Available as Ball Premier Line® seed.

Shows off a truly new look for pentas, while still offering the heat and humidity performance this class is known for. Distinctive star pattern combines easily with other varieties, adding a unique component in Fourth of July and other warm/hot-season combinations. Finishes fast for speed to market, and follow-up blooming keeps the plants in full color and looking good all season.

• **Purple Star**

• **Red Star**

Graffiti OG Red Velvet F1

Height: 12 to 14 in. (30 to 36 cm)
Spread: 24 in. (61 cm)

Available as Ball Premier Line® seed.

Early plants bloom freely and uniformly. Naturally well-branched; do not require growth regulators. Well-suited to 4 to 6-in. (10 to 15-cm) pots.

Honey Cluster Series

Height: 14 to 18 in. (36 to 46 cm)
Spread: 16 to 20 in. (41 to 51 cm)

Available as Ball Premier Line® seed.

Very uniform, well-branched intermediate pentas fill larger pots quickly and up to 5 days earlier than others of this type. Robust, easy-care landscape plants are very floriferous with continuous top flowering. Attractive to pollinators – bees love it! Well-suited to quarts, 6-in. (15-cm) pots, gallons and premium containers.

- Deep Rose
- Pink
- Red
- White
- Mix May contain most or all colors in the series.

Honey Cluster Red Pentas

Honey Cluster Pink Pentas

Kaleidoscope Series

Height: 18 in. (46 cm)
Spread: 16 in. (41 cm)

Available as Ball Premier Line® seed.

Upright and early plants are vigorous performers for landscapes, baskets and mixed containers. Recommended for 6-in. (15-cm) or larger pot programs; little or no PGRs are needed.

Lucky Star® F₁ Series

Height: 12 to 16 in. (30 to 41 cm)

Spread: 12 to 14 in. (30 to 36 cm)

A PanAmerican Seed® Product.

Available as Ball Premier Line® seed.

Stays in color...really! With the fastest follow-up blooming of any pentas on the market and a 1-week bloom window, Lucky Star maintains a consistent show of non-stop color from retail through the end of the season. Follow-up blooms do not eclipse the prior flush, so plants stay compact, tight and ready for sale at retail with minimal work.

- White
- Mix Dark Red, Deep Pink, Lavender, Raspberry, Violet, White.

New Look Series

Height: 9 in. (23 cm)

Spread: 24 to 36 in. (61 to 91 cm)

Available as Ball Premier Line® seed.

Star-shaped, single flowers are produced all Summer.

- Pink
- Red
- Rose
- Violet
- White
- Mix May contain most or all colors in the series.

Northern Lights Lavender

Height: 20 to 22 in. (51 to 56 cm)

Spread: 18 in. (46 cm)

Available as Ball Premier Line® seed.

Versatile variety is good for both northern and southern markets – tolerates cooler growing temperatures and low pH levels, while also performing well in hot settings. Soft lavender blooms over darker green leaves than other pentas.

Available as Ball Premier Line® seed.
It's Early, it's Efficient, it's the Evolution of Easy Wave®...it's E3 Easy Wave™!
Part of the Wave® Petunia Family – the most-asked-for-plant brand ever.

Fulfills sales earlier in the season. Flowers at or under 10 hours daylength. Offers simplified production and can be successfully grown at lower PGR rates than Easy Wave (except Blue). All varieties have a similar, uniform plant structure and vigor. Plant holding capabilities across the series mean better quality over a longer time period for an extended sales window. The mounding, spreading habit offers a three-dimensional landscape effect, creating impressive baskets and planters. Recommended for 6-in. (15-cm) pots, premium quarts and gallons, 306 premium packs with handle, hanging baskets.

- **Blue** Requires 10 hours daylength. Cold durable.
- **Coral** Requires 9.5 hours daylength. Cold durable.

Perfect for planters and gardens!

Part of the Wave® Petunia Family – the most-asked-for-plant brand ever.

Exceptional uniformity and well-matched habit, plus the widest color range, make Easy Wave the easiest to produce and most versatile of all large-flowered spreading petunias! An excellent choice for landscapes, gardens, baskets and containers, these easy-to-flower, high-impact plants have minimal maintenance requirements. More mounded, with a more controlled spreading habit than low-growing Wave varieties. Grower-friendly series is easier to flower under shorter days, making it well-suited to early-season sales.

A PanAmerican Seed® Product.
Available as Ball Premier Line® seed.
Packed with petite blooms!

Part of the Wave® Petunia Family – the most-asked-for-plant brand ever.

Shock Wave delivers the best reboundability and is the earliest to flower of any spreading petunias. Plants bloom in a tight and consistent 4 to 6-day window, and combine fast flowering with strong branching to deliver the quickest fill in baskets. Ideal for early-season sales, Shock Wave performs equally well in small spaces, hanging baskets, containers and mixed combos, producing a mounded, spreading plant that is similar in shape and just as easy to manage as Easy Wave.

Tidal Wave® F₁ Series

Height: 16 to 22 in. (41 to 56 cm)

Spread: 30 to 60 in. (76 to 152 cm)

Flower Size: 2 to 2.5 in. (5 to 6 cm)

A PanAmerican Seed® Product.

Available as Ball Premier Line® seed.

Super-size color for big spaces!

Part of the Wave® Petunia Family – the most-asked-for-plant brand ever.

The largest of the Wave petunia family, Tidal Wave varieties create a very full, shrublike plant that is ideal for landscapes and large containers. The growth habit is based on how closely the plants are spaced in the garden – the closer the spacing, the taller the plants. When spaced a minimum of 12 in. (30 cm) apart, plants form a dense, mounded hedge. Grown in a restricted space with support, they will grow an extra 2 to 3 ft. (61 to 91 cm) upward, like a vine. When given plenty of space, these petunias make a floriferous groundcover. Excellent *Botrytis* tolerance and quick recovery from rain.

- **Cherry**
- **Hot Pink**
- **Purple**
- **Red Velour** *All-America Selections Winner.*
- **Silver** *All-America Selections Winner.*

See page 82 for variety photos.

A PanAmerican Seed® Product.

Available as Ball Premier Line® seed.

Makes a carpet of color!

Part of the Wave® Petunia Family – the most-asked-for-plant brand ever.

The Authentic Trailing Petunia™, Wave is one of the most successful plant brands ever introduced and has set the highest standard for petunia landscape performance. The spectacular low-growing, spreading habit makes this award-winning series ideal for landscapes and garden beds, as well as baskets and large color bowls. Masses of flowers form along the entire length of each branch. Unlike standard petunias, the flowers continue to bloom freely all season without being trimmed back. Wave petunias are more *Botrytis*-tolerant than most petunias, and stand up well to both heat and cooler conditions.

- **Carmine Velour** 13 hours daylength required. Cold durable. *All-America Selections Winner*.
- **Lavender** *All-America Selections Winner*.
- **Misty Lilac** Flowers may show appealing white "splashes" when plants are grown in high light or growth regulators are applied.
- **Pink**
- **Purple** Begins to flower at 11 hours, and is 12 to 14 days earlier than Purple Classic.
- **Purple Classic** *All-America Selections Classic*.

See page 82 for variety photos.

Grown and treated for an exceptionally fast finish, pre-lit Wave plugs can send your plants to retail in as few as 4 weeks. Check availability and book your easy-to-grow plugs in a wide range of sizes immediately at ballseed.com.

SPREADING/TRAILING PETUNIA

Petunia x hybrida

FotoFinish Series

Height: 10 to 14 in. (25 to 36 cm)
Spread: 24 to 36 in. (61 to 91 cm)

Available as Ball Premier Line® seed.

Extremely uniform spreading petunia series with perfectly matched plant habits and flower timing.

- Blue
- Burgundy
- Pink
- Red
- Rose Morn
- Rose Star
- Salmon
- White
- Mix May contain most or all colors in the series.
- Patriot Mix

Opera Supreme Series

Height: 4 to 8 in. (10 to 20 cm)
Spread: 30 to 40 in. (76 to 102 cm)

Available as Ball Premier Line® seed.

Low-growing with bright, iridescent, 2-in. (5-cm) blooms over the plant all season. Less daylength sensitivity than others of this type. Well-suited to landscapes, large containers and baskets.

- Pink Morn
- Raspberry Ice

Skybox Rose Star

Height: 10 to 14 in. (25 to 36 cm)
Spread: 24 to 28 in. (61 to 71 cm)
Flower Size: 3 in. (8 cm)

Available as Ball Premier Line® seed.

New class of large-flowered spreading petunias for high-impact pots and hanging baskets reliably targets early season sales with extra-early flowering, even under short days, on a tidy and easy-to-manage plant habit.

Success Series

Height: 12 to 14 in. (30 to 36 cm)
Spread: 32 to 34 in. (81 to 86 cm)
Flower Size: 3 in. (8 cm)

Available as Ball Premier Line® seed.

Trailing series delivers earliness, uniformity and daylength neutrality. Plants flower 7 days earlier than the competition, with all colors flowering in a 6-day window. The round, mounded plants are excellent garden performers, and put on beautiful shows in containers and baskets, too.

Flower Size: 2.5 to 3 in. (6 to 8 cm)

Available as Ball Premier Line® seed.

Multiflora series produces abundant blooms on a compact plant with novel, tightly domed shape. Long shelf life. PGRs are not required, but Trilogy will fit into any PGR program. Less sensitive to daylength than other spreading petunias.

Fuseables® Blueberry Lime Jam

Fuseables Pleasantly Blue

Fuseables single-species Precision™ Multi-Pellets contain novelty and standard petunia varieties. See page 66 for more on Fuseables.

Pretty Collection

Controlled habits assure tidier baskets than traditional petunias, and plants hold together and don't lodge later in the season as standard varieties can.

Pretty Grand and Pretty Flora controlled growth petunias solve the seasonal, geographic and control challenges of traditional petunias. Fewer to no PGRs are needed, and both series are suitable for cold-growing. The tight bloom window across every color assures that same-time shipping is a snap. Better branching with improved airflow versus other compact petunias means less chance of disease, especially *Botrytis*. Available in the top-selling colors that make up 75% of petunia sales – these are the colors that sell. Perfect for high-density production and “promo” baskets.

Pretty Flora™ F1 Series

Height: 7 to 10 in. (18 to 25 cm)
Spread: 8 to 12 in. (20 to 30 cm)
Flower Size: 2.75 to 3 in. (7 to 8 cm)

A Ball Ingenuity™ product, available exclusively through Ball Seed®.

Available as Ball Premier Line® seed.

- Coral
- Mello Yellow
- Midnight
- Pink
- Pink Pearl Holds its soft, shimmery color in high light/warm night conditions.
- Purple
- Red
- Rose
- New Rose Morn Nicely compact habit. Times on the late side of the series flowering window.
- New Rose Vein Large flowers for a multiflora petunia. Can produce up to 4% of pale pink off-types.
- White
- Flag Mix Midnight, Red, White.
- Formula Mix

Pretty Grand™ F1 Series

Height: 6 to 10 in. (15 to 25 cm)
Spread: 8 to 12 in. (20 to 30 cm)
Flower Size: 3.25 to 3.5 in. (8 to 9 cm)

A Ball Ingenuity™ product, available exclusively through Ball Seed®.

Available as Ball Premier Line® seed.

- Blue Sky
- Coral
- Deep Pink Darker color than traditional pink petunias.

COMPACT GROWTH PETUNIA

Ez Rider Mix Petunia

Ez Rider White Petunia

Damask Series

Height: 8 to 11 in. (20 to 28 cm)
Spread: 12 to 14 in. (30 to 36 cm)
Flower Size: 2.5 to 3 in. (6 to 8 cm)

Available as Ball Premier Line® seed.

Uniform, genetically compact multiflora series needs fewer to no PGRs – suited to high-density programs. Vigorous plants fill in fast.

- Blue
- Carmine
- Pink
- Purple
- Red
- Rose
- Salmon
- Violet
- White
- Mix May contain most or all colors in the series.

Duvel Series

Height: 6 to 8 in. (15 to 20 cm)
Spread: 12 to 14 in. (30 to 36 cm)
Flower Size: 3 in. (8 cm)

Available as Ball Premier Line® seed.

Big grandiflora flowers top this uniform flowering, genetically compact series with extended holding ability. Excellent vigor makes mounds of color in the garden. Ideal for high-density production in small pots and packs.

- Blue
- Burgundy
- Pink
- Red
- Salmon
- White
- Mix May contain most or all colors in the series.

Espresso Frappe Series

Height: 10 to 12 in. (25 to 30 cm)
Spread: 10 to 12 in. (25 to 30 cm)
Flower Size: 4 in. (10 cm)

Available as Ball Premier Line® seed.

Frilly edged flowers are produced on plants that are compact in the pack or pot, and deliver good vigor in the garden. Blooms are held on short stems just above the foliage.

- Rose
- Ruby

Ez Rider® F1 Series

Height: 6 to 10 in. (15 to 25 cm)
Spread: 8 to 12 in. (20 to 30 cm)
Flower Size: 3.25 to 3.5 in. (8 to 9 cm)

A PanAmerican Seed® Product.

Available as Ball Premier Line® seed.

Genetically shorter, more controlled series needs fewer PGRs on the bench, and plants hold better at retail with less chance of disease and less dump. The tight bloom window means all varieties ship and sell together. Versatile series works well in beds and containers, delivering lasting garden performance.

- Blue
- Deep Pink Similar to Rose in low light; in higher light, color is lighter than Rose.
- Deep Salmon White throat; darker color than traditional salmon petunias.
- Red
- Rose Color is similar to Deep Pink in low light; in higher light, color is deeper than Deep Pink.
- White Clean white with slightly ruffled margin.
- Mix May contain most or all colors in the series.

Sophistica® Collection

Height: 10 to 15 in. (25 to 38 cm)

Spread: 10 to 12 in. (25 to 30 cm)

Flower size: 3.5 in. (9 cm)

A PanAmerican Seed® Product.

Available as Ball Premier Line® seed.

An abundance of grandiflora blooms in eye-catching designer colors highlight mounded, upright plants that are well-matched for flower timing to make scheduling and shipping easier. Ideal for premium pots and larger containers.

- **Antique Shades** Rose color with yellow throat.
- **Blackberry** Shimmering black with some reddish-purple undertones.
- **Blue Morn** Blue margin with silver-white throat.
- **Lime Bicolor** Unique flower color changes based on light, heat and age of flowers.
- **Lime Green** Yellow with underlying lime tone is a very solid, saturated color with no veining or fading like traditional yellow petunias.
- **Twilight** Large flowers have a smoky mauve top and green underside.

Sophistica Lime Bicolor Petunia

Sophistica Twilight, Lime Green & Blackberry (Varieties sold separately)

Debonair™ F1 Collection

Height: 10 to 15 in. (25 to 38 cm)
Spread: 10 to 12 in. (25 to 30 cm)
Flower Size: 3 in. (8 cm)

A Ball Ingenuity™ product, available exclusively through Ball Seed®.

Available as Ball Premier Line® seed.

Designer series combines special one-of-a-kind colors with professional seed quality. Multiflora blooms are displayed on the well-branched, mounded and upright plants. Suitable for pots, combo planters and baskets, these premium petunias can command a higher price point at retail than standard varieties, and open the door to decorator opportunities.

- **Black Cherry** Shimmering black with burgundy-reddish undertones; dark green foliage. Times between Dusty Rose and Lime Green.
- **Dusty Rose** Flowers become lighter in higher light/warmer conditions.
- **Lime Green** Stronger plant vigor and similar timing to Black Cherry offer a better mixing option.

Petunia x atkinsiana (Milliflora Petunia)

Evening Scentsation

Height: 5 to 8 in. (13 to 20 cm)
Spread: 30 to 35 in. (76 to 89 cm)

Available as Ball Premier Line® seed.

Features an award-winning fragrance that is stronger in the evening. The stunning, indigo blue color of the 2.5-in. (6-cm) flowers was also highly praised by judges. Great in containers, hanging baskets or as a spreading groundcover, Evening Scentsation offers good rain and heat tolerance. *All-America Selections Regional Winner.*

Hurrah Series

Height: 8 to 10 in. (20 to 25 cm)
Spread: 7 to 10 in. (18 to 25 cm)
Flower Size: 2.5 in. (6 cm)

Available as Ball Premier Line® seed.

Early flowering even under low-light conditions, the series has a 5-day bloom window across all colors. Compact and non-stretching; ships well and holds well at retail. Delivers good flower power through heat and humidity.

Madness® F1 Series

Height: 10 to 15 in. (25 to 38 cm)

Spread: 10 to 12 in. (25 to 30 cm)

Flower Size: 3 in. (8 cm)

A Ball Ingenuity™ product, available exclusively through Ball Seed®.

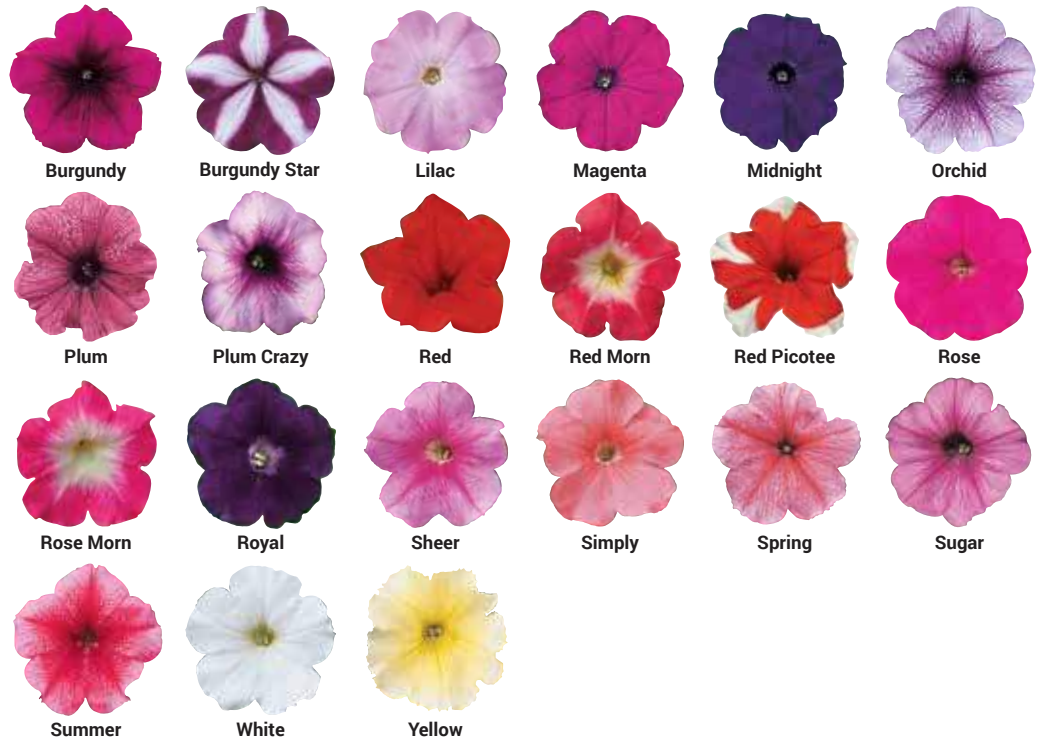

Available as Ball Premier Line® seed.

This tried-and-true floribunda series delivers better-than-ever plug performance with 90%+ minimum germination in raw seed, and the highest Ball Vigor Index rating in its class. Madness is well-known by shoppers at retail. Compact and floriferous, the very uniform plants show off many blooms. All of the colors put on impressive shows in packs, pots, beds and mass plantings throughout the Summer, right up until frost.

Waterfall Madness Mix Petunia

DOUBLE FLORIBUNDA & MILLIFLORA PETUNIA

DOUBLE FLORIBUNDA PETUNIA

Double Madness™ F1 Series

Height: 10 to 15 in. (25 to 38 cm)
Spread: 10 to 12 in. (25 to 30 cm)
Flower Size: 2 to 2.25 in. (5 to 5.5 cm)

A Ball Ingenuity™ product, available exclusively through Ball Seed®.

Available as Ball Premier Line® seed.

Offering the same superior performance as the original Madness series, these double petunias look just as spectacular in pots, baskets, beds and landscape plantings. The compact, floriferous plants deliver masses of flowers all Summer and bounce back within hours of a rainstorm. NOTE: With double petunias, first blooms often appear as singles due to the stress of growing. Subsequent blooms will be double.

21st Century Mix Phlox

21st Century Pink Phlox

PHLOX

Phlox drummondii ●

Crop Time: Packs, 12 to 15 weeks

21st Century F₁ Series

Height: 10 in. (25 cm)

Spread: 10 in. (25 cm)

A PanAmerican Seed® Product.

Available as Ball Premier Line® seed.

Performs like a hybrid at every turn – germination, vigor, earliness and weather tolerance are all excellent. Vigorous lateral branching makes fuller plants with superior “flower power” through the season. Excellent for Spring sales; good in Fall programs in the South.

- Blue
- Crimson
- Pink
- Scarlet
- White
- **Mix** May contain most or all colors in the series.

Popstars Mix F₁

Height: 10 to 12 in. (25 to 30 cm)

Spread: 14 to 16 in. (36 to 41 cm)

Naturally dwarf and strong branching, Popstars Mix delivers a fantastic show of unique, star-shaped, single and bicolor blooms. Includes red, white, purple, rose with eye and blue. The compact habit combined with F₁ vigor ensures good performance and amazing flower power in containers, baskets and gardens. Good for 4 to 6-in. (10 to 15-cm) pots

Happy Hour™ F₁ Series

Height: 8 to 10 in. (20 to 25 cm)
Spread: 10 to 12 in. (25 to 30 cm)

A PanAmerican Seed® Product.
Available as Ball Premier Line® seed.

Bred for reduced daylength sensitivity, Happy Hour flowers under shorter days than other portulaca, so growers can sow up to 2 weeks earlier for early-season sales. Well-branched, mounded plants ship well with less breakage than prostrate types, and put on high-impact displays at retail. Drought-tolerant and well-suited for hot, dry, full-sun locations.

A PanAmerican Seed® Product.
Available as Ball Premier Line® seed.

Bred to deliver exceptional reduced daylength sensitivity like Happy Hour, Happy Trails has the *shortest photoperiod needs of any portulaca*. Plants flower under shorter days (10-hour photoperiod) than the competition, so growers can sow up to 2 weeks earlier to sell earlier. Well-branched, trailing plants have fantastic spread in the garden and produce large flowers in the most vivid color assortment on the market today.

- Deep Red
- Fuchsia
- Orange
- Peppermint Pink with fuchsia flecks and some solid fuchsia flowers.
- Pink
- Rosita Unique color to trailing portulaca.
- White
- Yellow
- Mix Includes Happy Trails solid colors plus scarlet (not available separately).

Sundial F₁ Series

Height: 5 in. (13 cm)
Spread: 14 to 16 in. (36 to 41 cm)

Available as Ball Premier Line® seed.

Free-flowering garden performers bear 1.5 to 2-in. (4 to 5-cm) blooms in a wide choice of colors.

Cappuccino Rudbeckia

Prairie Sun Rudbeckia

Joey ApeX Ptilotus

PTILOTUS

Ptilotus exaltatus ●

Joey ApeX

Height: 14 in. (36 cm)

Spread: 12 to 14 in. (30 to 36 cm)

Crop Time: 4-in. (10-cm) pots, 10 to 12 weeks

Available as Ball Premier Line® seed.

Heat and drought-tolerant plant produces luminous, silver-green foliage topped by large, conical spikes of feathery flowers. Each long-lasting, 2 to 3-in. (5 to 8-cm), "bottlebrush" bloom starts out silver and matures to neon pink near the tips. The compact, uniform plants are well-suited to gardens and mixed containers.

RANUNCULUS See Potted Plants.

RUDBECKIA Also see Perennials.

Rudbeckia hirta (Black Eyed Susan) ●

Amarillo Gold

Height: 12 to 14 in. (30 to 36 cm)

Spread: 12 to 24 in. (30 to 61 cm)

Crop Time: 13 to 15 weeks.

Available as Ball Premier Line® seed.

Huge, bright flowers. Similar look and bloom size to Prairie Sun but on compact plants.

Autumn Colors

Height: 22 in. (56 cm)

Spread: 12 to 15 in. (30 to 38 cm)

Available as Ball Premier Line® seed.

Vivid blooms with red rings and brown centers top sturdy-stemmed plants.

Cappuccino

Height: 18 to 20 in. (46 to 51 cm)

Spread: 14 to 16 in. (36 to 41 cm)

Long-lasting, 4-in. (10-cm), red and yellow bicolor blooms top very vigorous and floriferous, heat-tolerant plants.

Cherokee Sunset

Height: 24 to 30 in. (61 to 76 cm)

Spread: 12 in. (30 cm)

A blend of Fall colors – yellow, bronze, orange and mahogany – on 3 to 4 in. (8 to 10-cm) double or semi-double flowers with long stems.

Cherry Brandy

Height: 12 to 20 in. (30 to 51 cm)

Spread: 18 in. (46 cm)

First red rudbeckia! Single flowers in red shades with deep red centers. Excellent cut flower and in beds.

Denver Daisy

Height: 20 to 28 in. (51 to 71 cm)

Spread: 15 to 20 in. (38 to 51 cm)

Available as Ball Premier Line® seed.

This big-bloomed rudbeckia creates awesome landscapes and containers. Eye-catching, bicolor, 6 to 8-in. (15 to 20-cm) blooms adorn the well-branched plants.

Indian Summer

Height: 30 in. (76 cm)

Spread: 24 in. (61 cm)

Available as Ball Premier Line® seed.

Single, 6 to 8-in. (15 to 20-cm), golden yellow flowers. *All-America Selections Winner.*

Prairie Sun

Height: 24 to 36 in. (61 to 91 cm)

Spread: 18 in. (46 cm)

Available as Ball Premier Line® seed.

Primrose yellow-tipped, golden yellow, 5-in. (13-cm) bicolor blooms with a green eye. *All-America Selections Winner.*

Sonora

Height: 12 to 14 in. (30 to 36 cm)

Spread: 18 to 24 in. (46 to 61 cm)

Available as Ball Premier Line® seed.

Large, 3-in. (8-cm) golden flowers with black center.

Toto Series

Height: 14 in. (36 cm)

Spread: 8 to 10 in. (20 to 25 cm)

Available as Ball Premier Line® seed.

Single, 3-in. (8-cm) blooms. Good for 4 to 6-in. (10 to 15-cm) programs.

- **Gold**
- **Lemon**
- **Rustic** Yellow bronze with red ring.
- **Mix** May contain most or all colors in the series.

Southern Star Blue Ruellia

RUELLIA

Ruellia brittoniana/Ruellia tweediana

Crop Time: Packs, 4 to 6-in. (10 to 15-cm) and gallon pots – Spring: 15 to 16 weeks; Summer: 13 to 14 weeks

Southern Star Series

Height: 10 to 12 in. (25 to 30 cm)

Spread: 16 to 18 in. (41 to 46 cm)

A PanAmerican Seed® Product.

The first dwarf ruellia from seed makes this heat-loving nursery item more readily available and affordable to grow. Very adaptable and low maintenance; tolerates wet and dry. Great product to expand southern programs; not recommended for the far North. Hardy to Zone 8.

- Blue
- Pink

Summer Jewel Series

Height: 14 to 19 in. (36 to 48 cm)

Spread: 16 in. (41 cm)

High-performance duo produces early and abundant blooms that keep on coming from Spring until Fall. Each densely branched plant flowers up to 2 weeks earlier than comparable varieties, and stays compact and tidy in containers and gardens all season. An added bonus for bird lovers: the bright flowers attract hummingbirds, while goldfinches swarm the plant for the seeds.

- **Lavender** Shows off a beautiful novel color in *S. coccinea*. *All-America Selections Winner*.
- **Pink** Green foliage. *All-America Selections Winner*.
- **Red** Dark green foliage. *All-America Selections Winner*.
- **White** *All-America Selections Winner*.
- **Mix** May contain most or all colors in the series.

SALVIA Also see Perennials. ●

Salvia canariensis
(Canary Island Sage) ●●

Lancelot

Height: 36 to 42 in. (91 to 107 cm)

Spread: 24 to 30 in. (61 to 76 cm)

A PanAmerican Seed® Product.

Crop Time: Packs, 8 to 14 weeks

A unique plant for the border. Produces silvery-white, felted leaves plus lavender flowers in July, with rosy-lavender bracts and a pleasant sage fragrance. Water-wise plant attracts hummingbirds, bees and butterflies.

Salvia coccinea ●

Hummingbird Series

Height: 14 to 24 in. (36 to 61 cm)

Spread: 4 to 10 in. (10 to 25 cm)

- **Forest Fire**
- **Snow Nymph**

Dwarf Salvia farinacea

Rhea

Height: 12 to 16 in. (30 to 41 cm)

Spread: 10 to 12 in. (25 to 30 cm)

Available as Ball Premier Line® seed.

Mid-blue spikes.

Sirius Blue

Height: 12 to 15 in. (30 to 38 cm)

Spread: 10 to 12 in. (25 to 30 cm)

A nice compact variety from seed, with an intense dark blue color that attracts bees and butterflies. Tall flower spikes fill in the garden easily. Features vigorous growth and versatile beauty that thrives in a wide range of climates and exposure. Good for borders, pots and containers.

Salvia farinacea (Tall *Salvia farinacea*) ●

Evolution Series

Height: 18 to 24 in. (46 to 61 cm)

Spread: 16 to 18 in. (41 to 46 cm)

Crop Time: Packs, 8 to 14 weeks

Each well-branched, early-flowering plant produces many long, dense, 6 to 7-in. (15 to 18-cm) spikes. Compact with dark green foliage.

Spread: 8 to 12 in. (20 to 30 cm)

A PanAmerican Seed® Product.

Crop Time: Packs, 8 to 14 weeks

Available in a range of unique colors, these Summer-blooming plants are easy to grow and look great in containers, borders and rock gardens. Performs as a perennial to Zone 8.

- Deep Blue
- Sky Blue

Dwarf Salvia splendens

Mojave Series

Height: 10 to 12 in. (25 to 30 cm)

Spread: 10 to 12 in. (25 to 30 cm)

Available as Ball Premier Line® seed.

Series features excellent flower quality, a dense flower spike, a range of colors, and highly contrasting dark foliage. Very strong and well branched habit. Good heat tolerance.

- Purple
- Red
- Red Bicolor
- Salmon
- White
- **Formula Mix** May contain most or all colors in the series.

Red Hot Sally II

Height: 10 to 12 in. (25 to 30 cm)

Spread: 8 in. (20 cm)

A Ball Ingenuity™ product, available exclusively through Ball Seed®.

Available as Ball Premier Line® seed.

Red Hot Sally II puts on a great show in premium packs and 4-in. (10-cm) pots, then stands out all season in landscapes, gardens, planters and mixed containers. Flower spikes are short and full. Add in high seed quality, superior uniformity and excellent heat tolerance, and Red Hot Sally II is a sure winner.

Reddy Series

Height: 8 to 10 in. (20 to 25 cm)

Spread: 8 to 10 in. (20 to 25 cm)

The only naturally dwarf, non-stretching salvias on the market need no PGRs and are the perfect choice for plug and pack production. Early and uniform series produces a large number of dense, brightly colored flowers above dark green foliage. Daylength neutral.

- Bright Red
- Lavender
- Pink
- Purple
- Salmon
- Scarlet Bicolor
- White
- **White Surprise** Truly unique – rich red-orange blossoms pop out of white bracts.
- **Mix** May contain most or all colors in the series.

Sentry

Height: 8 to 10 in. (20 to 25 cm)

Spread: 10 to 12 in. (25 to 30 cm)

Available as Ball Premier Line® seed.

Sentry shows the same dense, intense red flower spikes and great garden performance as Mojave, plus the added benefits of earliness and a more compact habit. Ideal for smaller pots and packs.

Lighthouse Series

Height: 24 in. (61 cm)

Spread: 10 in. (25 cm)

A PanAmerican Seed® Product.

Tall, bushy plants display long-lasting color. Easy-care varieties are heat resistant and ideal for landscape backgrounds and large containers. Deep green foliage. Suitable for pots and 1801 and larger cells.

- Purple
- Red

SALVIA INTERSPECIFIC

Salvia longispicata x farinacea ●

Big Blue

Height: 24 to 36 in. (61 to 91 cm)

Spread: 18 to 20 in. (46 to 51 cm)

A PanAmerican Seed® Product.

Crop Time: Packs, 8 to 14 weeks

The first of its type from seed, this vigorous annual shows off a clear blue color. Great performer in heat and low-water conditions. Low-maintenance plant does not need deadheading. Hummingbirds, bees, butterflies and more flock to Big Blue in the garden. At its best in full sun; will tolerate dappled shade or partial sun.

SANVITALIA

Sanvitalia speciosa ●

Queen of Sunlight

Height: 8 to 10 in. (20 to 25 cm)

Spread: 8 to 10 in. (20 to 25 cm)

Heavily branched, uniform and compact plants with masses of flowers for mixed combinations and patio planters.

- **Mix** May contain most or all colors in the series.

Tall Snapdragon

Liberty Classic F₁ Series

Height: 18 to 22 in. (46 to 56 cm)
Spread: 12 to 14 in. (30 to 36 cm)

Available as Ball Premier Line® seed.

Strong flower spikes have evenly spaced florets. Suitable for cut flower production, beds and 6-in. (15-cm) pots.

- **Bronze**
- **Crimson**
- **Lavender**
- **Rose Pink**
- **White**
- **Yellow**
- **Mix** May contain most or all colors in the series.

Oh Snap! F₁ Series

Height: 20 in. (51 cm)
Spread: 20 in. (51 cm)

An Independent Garden Center Exclusive series.

High-performance "knee-high" series shows off bright flowers that are closely spaced on the spike for lots of color impact. The sturdy plants have strong stems, making them well-suited to cut flower gardens. Good for premium pack, pot and gallon programs in early Spring production. Oh Snap! flowers approximately 12 weeks from sowing in long days and into warmer conditions (Spring to Summer); 16 to 17 weeks in short days and into cooler conditions (late Fall to Winter, early Spring).

- **Pink**
- **White**
- **Yellow**

Snaptastic F₁ Series

Height: 14 to 16 in. (36 to 41 cm)
Spread: 12 to 14 in. (30 to 36 cm)

Available as Ball Premier Line® seed.

A strong root system makes Snaptastic more resilient to heat and suitable for both Spring and Fall programs. Plants have a large central flower with rapid secondary flowering, plus strong stems that assure less breakage from growing to garden. Less daylength sensitive than others of this type.

- **Magenta**
- **Orange Flame**
- **Pink**
- **Red**
- **Yellow**
- **Mix** May contain most or all colors in the series.

Sonnet Mix Snapdragon

Sonnet Series

Vintage Mix

Height: 15 to 20 in. (38 to 51 cm)

Spread: 12 to 14 in. (30 to 36 cm)

A PanAmerican Seed® Product.

Compact, dwarf plants flower up to 1 week faster than comparable varieties with better branching. Up to 55% fully double blooms.

SUNFLOWER Also see Potted Plants and Cut Flowers.

Helianthus interspecific 🌱

Sunfinity Yellow Dark Eye

Height: 36 to 48 in. (91 to 122 cm)

Spread: 24 to 36 in. (61 to 91 cm)

This next-generation sunflower offers non-stop blooming, multiple branches and more flowers all season long! One-of-a-kind Sunfinity Yellow Dark Eye keeps on growing long after traditional single-stem sunflowers have bloomed and died, and it has much stronger tolerance to powdery and downy mildew. Well-suited to late Spring to early Fall premium programs, it's ideal in gallon to 8-in. (20-cm) pots, to create high-impact landscapes and large patio planters. Also makes a good garden cut flower.

Catharanthus roseus (Aerial Phytophthora-Resistant Upright Vinca)

Crop Time: Packs, 14 to 15 weeks

Valiant™ F₁ Series

Height: 14 to 20 in. (36 to 51 cm)

Spread: 10 to 12 in. (25 to 30 cm)

A PanAmerican Seed® Product.

Delivers Intermediate Resistance (IR) to aerial Phytophthora AND it's more vigorous than the competition.

Valiant makes well-branched, vigorous, market-ready plants with large flowers that deliver big color impact at retail and in the landscape. Superior vigor allows Valiant landscapes to better survive environmental stresses, such as sun, heat, drought, salt and cool/damp conditions. It's robust enough to establish well in Summer when it's cool and wet. Low maintenance with good landscape longevity. Available in the key colors.

Improve Efficiency, Decrease Labor with Ball Premier Line® Seed

The **Ball Premier Lab** has developed several seed technologies that can improve efficiency on your production line, as well as reducing labor costs and storage issues.

- **High-Energy Seed** is a refined seed technology that delivers improved germination and uniformity.
- **Genesis® primed seed** germinates under a wider temperature range to deliver better uniformity.
- **Film-coated seed** ensures reliable flow through seeders.
- **Treated seed, Ball Controlled Growth™ seed, multi-seed pellets** and **Fuseables® Precision™ multi-pellets** were developed to work smoothly with drum seeders and any other automated advancements.
- The **Ball Vigor Index®** is a patented plug testing method that determines the vigor and uniformity of seed lots and rejects lots that don't pass, protecting you from using unreliable seed.

Titan™ F₁ Series

Height: 14 to 16 in. (36 to 41 cm)

Spread: 10 to 12 in. (25 to 30 cm)

A PanAmerican Seed® Product.

Up to 2 weeks faster to flower than open-pollinated varieties, with exceptional uniformity, superior branching and the biggest flowers in all the top-selling vinca colors.

Handles stressful conditions in the pack and garden better than O.P. varieties. A vigorous grower even in cooler climates and a good low-water variety in hot, dry conditions. Titan is perfect for landscapes and containers of all types. Well-suited to premium packs and 4 to 6-in. (10 to 15-cm) pots.

- **Apricot**
- **Blush**
- **Burgundy**
- **New Cranberry** Features a rich, velvety, dark red bloom color with a lighter center. Times with Really Red. Landscape height is on the tall side of the series at 16 in. (41 cm).

Mediterranean XP Series

Height: 4 to 6 in. (10 to 15 cm)
Spread: 20 to 30 in. (51 to 76 cm)

A PanAmerican Seed® Product.

XP varieties fill in fast with terrific coverage to make big, color-filled baskets.

XP varieties deliver a tight, 5 to 7-day flowering window, luxurious spreading habit, larger flowers and reliable germination. With low water needs in sunny, hot and dry conditions, this is a great alternative to water-hungry crops. Mediterranean is the only series of trailing vincas with a true red.

- **Burgundy Halo**
- **Dark Red** Same deep red as Pacifica XP Dark Red. Slightly more mounded habit than others in the series.
- **Hot Rose**
- **Peach**
- **Red** Same true red as Pacifica XP Really Red. Slightly more mounded habit than others in the series.
- **Rose Halo**
- **Strawberry** Light pink with rose center.
- **White**
- **Mix** May contain most or all colors in the series.

Sorbet® F₁ Series

Height: 6 to 8 in. (15 to 20 cm)

Spread: 6 to 8 in. (15 to 20 cm)

A PanAmerican Seed® Product.
Available as Ball Premier Line® seed.

Plants cover the soil at flowering, with more blooms on every plant and less stretching. Fewer PGRs are needed, holdability is superior, and shrink is cut way back. Sorbet's F₁ vigor assures greater germination, earliness, and plug and garden performance. Early-blooming Sorbet remains compact in both heat and cold, making it a standout performer in Spring and Fall. The free-flowering plants perform across a wide range of climatic conditions and have excellent overwintering.

- **Black Delight**
- **Carmine Rose**
- **Fire** Pattern varies by environment.
- **Honeybee** Yellow/copper-orange bicolor. 30% more vigorous and longer peduncles than other Sorbet varieties.
- **Icy Blue**
- **Lavender Pink**
- **Lemon Chiffon**
- **Lilac Ice**
- **Midnight Glow** Totally unique color to violas – purple bloom with yellow and blue face with consistent blotch.
- **Orchid Rose Beacon**

Preciosa Formula Mix Zinnia

Preciosa Red Zinnia

Preciosa White Zinnia

Zesty Mix Zinnia

NEW Zesty Orange Zinnia

Short Stuff Mix F₁

Height: 12 to 14 in. (30 to 36 cm)

Spread: 10 to 12 in. (25 to 30 cm)

Available as Ball Premier Line® seed.

Fully double, 2 to 3-in. (5 to 8-cm) blooms.

Zesty™ Series

Height: 18 to 24 in. (46 to 61 cm)

Spread: 18 to 24 in. (46 to 61 cm)

A Ball Ingenuity™ product, available exclusively through Ball Seed®.

Available as Ball Premier Line® seed.

Series features fully double flowers and excellent vigor for extraordinary garden appeal; displays huge, vibrant colors all season long, and pollinators love this plant!

• **Fuchsia**

• **New Orange** Vibrant orange color.

Matches the rest of the series in timing and flower size; similar in height to Purple.

• **Pink**

• **Purple**

• **Scarlet** The most compact variety in the series.

• **White**

• **Yellow** Improved variety matches the rest of the series in flower diameter and timing; in the middle of the series for height.

• **Mix** Includes all the colors of the series.

Zinnita Mix

Height: 6 to 8 in. (15 to 20 cm)

Spread: 10 in. (25 cm)

Available as Ball Premier Line® seed.

Fully double flowers in orange, rose, scarlet, white and yellow on well-branched, mounded plants. Fast finishing.

Zinnia elegans (syn. *Zinnia violaceae*)
(Tall *Zinnia elegans*) ●

Cut & Come Again Mix

Height: 18 to 24 in. (46 to 61 cm)

Spread: 15 to 20 in. (38 to 51 cm)

Available as Ball Premier Line® seed.

Great for cutting, this bright mix shows a complete color range. Fully double to semi-double flowers have flat petals and grow up to 3 in. (8 cm) in diameter.

State Fair Mix

Height: 36 to 48 in. (91 to 122 cm)

Spread: 12 to 14 in. (30 to 36 cm)

A PanAmerican Seed® Product.

Large, bright blooms. Good garden cut flower.

Short Stuff Mix Zinnia

Zesty Scarlet Zinnia

State Fair Mix Zinnia

Zesty Pink Zinnia

ZINNIA continued

Uproar Rose

Height: 28 to 36 in. (71 to 91 cm)
Spread: 24 to 27 in. (61 to 69 cm)

Available as Ball Premier Line® seed.

Vigorous, well-branched plants produce big, double blooms in clear electric rose. Robust variety performs well in Summer gardens and large mixed containers; nice garden cut flower.

Uproar Rose Zinnia

Swizzle Cherry & Ivory Zinnia

Swizzle Scarlet & Yellow Zinnia

Zowie! Yellow Flame

Height: 24 to 30 in. (61 to 76 cm)
Spread: 24 to 27 in. (61 to 69 cm)

Available as Ball Premier Line® seed.

Semi-double, 3 to 4-in. (8 to 10-cm) blooms have yellow petal tips with magenta-orange centers for a flamelike look. Well-branched plants are well-suited to cut flower gardens. *All-America Selections Winner.*

Zowie! Yellow Flame Zinnia

Profusion White Zinnia

Zinnia grandiflora 🌞

Swizzle Series

Height: 10 to 12 in. (25 to 30 cm)
Spread: 10 to 12 in. (25 to 30 cm)

Available as Ball Premier Line® seed.

Interesting novelty series displays big, fully double, bicolor blooms on full and bushy plants. Good for gardens, containers.

- **Cherry & Ivory** Cherry with ivory petal tips.
- **Scarlet & Yellow** Scarlet with yellow petal tips.

Profusion Series

Height: 10 to 12 in. (25 to 30 cm)
Spread: 12 to 15 in. (30 to 38 cm)

Available as Ball Premier Line® seed.

Early, continuous-blooming plants perform well under both warm and cool conditions with high humidity. Excellent tolerance to disease, including powdery mildew and Bacterial Leaf Spot.

- **Apricot**
- **Cherry** *All-America Selections Winner.*

Zinnia marylandica 🌞

Zahara® Series

Height: 12 to 18 in. (30 to 46 cm)

Spread: 12 to 18 in. (30 to 46 cm)

A PanAmerican Seed® Product.

Available as Ball Premier Line® seed.

Drive-by color meets disease resistance...WOW!

This color-filled, heat-loving series has 20% larger flowers than the market leader, plus superior disease resistance. An excellent choice in the landscape where *Z. elegans* or vinca varieties have failed in the past. The plants have very low water needs once established in the ground, making the series outstanding in sunny, hot and dry conditions. Count on big retail impact and care-free, season-long shows in landscapes and containers.

- **Cherry**
- **Fire**
- **Raspberry** Matches Fire for habit.
- **Red** One of the largest flowers in the series. Color varies by environment.
- **Starlight Rose** Color pattern varies by environment; best color from high light, good fertilization and cool nights. *All-America Selections Winner.*
- **Sunburst**
- **White**
- **Yellow**
- **Bonfire Mix** Red, Fire, Yellow.
- **Mix** May contain most or all colors in the series.
- **Raspberry Lemonade Mix** Raspberry, Yellow, Starlight Rose.

Double Zahara Brilliant Mix Zinnia

ZINNIA continued

Double Zahara™ Series

Height: 16 to 20 in. (41 to 51 cm)

Spread: 16 to 20 in. (41 to 51 cm)

A PanAmerican Seed® Product.
Available as Ball Premier Line® seed.

The only fully double, disease-resistant series on the market.

Boasts all the same exceptional traits as its single Zahara counterparts: bigger flowers than the competition for more color show, low water needs, and superior all-season performance in beds and planters.

- **Bright Orange**
- **Cherry** Slightly less double than others in the series. *All-America Selections Winner.*
- **Fire** *All-America Selections Winner.*
- **Raspberry Ripple**
- **Salmon**
- **White**
- **Yellow**
- **Brilliant Mix** Yellow, Cherry, Fire.
- **Mix** Cherry, Salmon, Yellow, Fire, White.

New Zydeco Series

Height: 14 to 20 in. (36 to 51 cm)

Spread: 14 to 20 in. (36 to 51 cm)

Available as Ball Premier Line® seed.

Fully-double flowers increase flower longevity with lasting impact. Excellent disease resistance along with heat and drought tolerance for superior season-long garden performance.

NEW GRASSES FOR 2023-2024

Juncus Spiralis	134
Muhlenbergia Ruby	135
Muhlenbergia Rosy	135

Sirocco Anemanthele

Red Rooster Carex

Bronco, Red Rooster & Amazon Mist Carex (left to right)

The **ColorGrass®** program from PanAmerican Seed® offers a collection of ornamental grasses from seed, with a wide range of colors, heights, habits and textures.

Class/Variety	USDA Hardiness Zones	Height	Spread
ANEMANTHELE			
<i>Anemanthele lessoniana</i> ●			
Sirocco A PanAmerican Seed® Product. A ColorGrass® selection. Shows shades of copper and pink in cool conditions, in natural sunlight and at maturity. Upright. The only pink grass from seed on the market. Good in landscapes, containers, beds and baskets.	Annual	12 to 14 in. (30 to 36 cm)	22 to 24 in. (56 to 61 cm)
CAREX			
<i>Carex buchananii</i> ●			
Red Rooster A PanAmerican Seed® Product. A ColorGrass® selection. Red-bronze grass has curled tips and upright habit.	6-9	20 to 30 in. (51 to 76 cm)	12 in. (30 cm)
<i>Carex comans (Leatherleaf Sedge)</i> ●			
Amazon Mist A PanAmerican Seed® Product. A ColorGrass® selection. Variegated light/medium green grass has twisting tips and an arching habit.	6-10	6 to 12 in. (15 to 30 cm)	14 in. (36 cm)
Bronco A PanAmerican Seed® Product. A ColorGrass® selection. Bronze-brown variety has an arching habit.	6-10	6 to 12 in. (15 to 30 cm)	14 in. (36 cm)
Phoenix Green A PanAmerican Seed® Product. A ColorGrass® selection. Bright green. Sturdy, upright, narrow-leaved sedge. Good heat tolerance, easy care. Use as an accent in landscapes and planters.	6-10	20 to 24 in. (51 to 61 cm)	16 to 20 in. (41 to 51 cm)

Phoenix Green Carex

Leading in the Landscape

Ball Seed® is your **one-stop-shop for grasses to enhance the landscape** for commercial properties, municipalities and homeowners' gardens and associations. These grasses are easily grown from seed in your greenhouse for use in **containers, pots and landscapes**.

Grasses can be tricky to grow from region to region. Most can be used in landscape plantings ornamentally (as an annual), depending on the zone.

Here are the top varieties from our collection that are best for landscape use:

Sirocco Anemanthele	Makes a great filler in containers with its pink color.
Amazon Mist Carex	Best in containers with its feathery texture.
Red Rooster Carex	Its reddish-bronze color looks great in containers and in the ground.
Elijah Blue Festuca	Good as ground cover in the South.
Live Wire Isolepis	Fiber optic grass that works well in water applications and terrariums.
Blue Arrows Juncus	A bestseller in Zone 5.
Javelin Juncus	Ideal for large containers, ground beds and water gardens.
Twisted Arrows	Good as ground cover in the South, as well as in containers and water containers.
Ornamental Millet (page 62)	Also a good choice for use in the landscape.
Pony Tails Stipa	Use in ground beds, but with caution, as it can be considered invasive; this one is best in containers.

Pink Feather Cortaderia

Elijah Blue Festuca

Festina Festuca

White Feather Cortaderia

Live Wire Isolepis

Class/Variety	USDA Hardiness Zones	Height	Spread
CORTADERIA			
<i>Cortaderia selloana</i> ●			
Feather Series Enormous feathery plumes sway atop gracefully arching foliage and tall stems. • Pink Feather • White Feather	Annual	72 to 84 in. (183 to 213 cm)	48 to 72 in. (122 to 183 cm)
CYPERUS (CAT GRASS)			
<i>Cyperus alternifolius (Cat Grass)</i> ●●			
Zumula Known as umbrella plant, it is an appealing grass-like plant related to sedge grass. Compact height is perfectly suited for indoors. Young foliage is fresh and bright-green, followed by distinctive umbrella-shaped forms.		10 to 12 in. (25 to 30 cm)	10 to 12 in. (25 to 30 cm)
FESTUCA			
<i>Festuca cinerea/Festuca glauca</i> ●			
Elijah Blue Small, evergreen ornamental grass makes a fast-growing, dense mound with a blue-gray color that holds up even in the heat of Summer. Buff-colored flowers create eye-catching contrast. Excellent landscape plant for edging or mass groundcover. Drought tolerant when established.	4-11	8 to 12 in. (20 to 30 cm)	10 in. (25 cm)
Festina A PanAmerican Seed® Product. A ColorGrass® selection. Blue-green. Dense, compact tufts with small, upright brown plumes Summer to Fall. Very cold hardy.	4-10	12 to 18 in. (30 to 46 cm)	10 to 15 in. (25 to 38 cm)
<i>Festuca valesiaca</i> ●			
Buddy Blue Silvery blue. Tuft-forming plants produce open panicles of tiny beige spikes. Good in rock gardens. Wintergreen.	4	12 in. (30 cm)	8 to 12 in. (20 to 30 cm)
HORDEUM			
<i>Hordeum vulgare variegata (Variegated Cat Grass)</i> ●			
Tabby Bright white/green foliage makes an ornamental accent plant for indoor and outdoor containers, as well as an edible treat for both felines and humans. Provides vitamins and fiber for cats and people alike, and has gained popularity as a health "shot" at fitness centers. Will regrow when cut back for additional harvesting. NOTE: 30 seeds per gram.	Annual	12 to 24 in. (30 to 61 cm)	10 to 12 in. (25 to 30 cm)
ISOLEPIS			
<i>Isolepis cernua (Fiber Optic Grass)</i> ●			
Live Wire A PanAmerican Seed® Product. A ColorGrass® selection. Soft green; tipped with "fiber optic" flower spikes. Dense, mounded; no pinching or PGRs needed. Makes a good container or indoor gift plant; performs well in wet conditions. Prefers shade but can handle sun if moisture level is maintained.	Annual	6 to 8 in. (15 to 20 cm)	18 to 20 in. (46 to 51 cm)

Fuseables Twisted Arrows Juncus

Twister Juncus

Blue Arrows Juncus

must have

Javelin Juncus

Class/Variety	USDA Hardiness Zones	Height	Spread
JUNCUS			
<i>Fuseables® Multi-species Multi-pellete</i> ●●			
Twisted Arrows A PanAmerican Seed® Product. Blue-green and green. Upright. Combines Blue Arrows juncus and <i>J. effusus spiralis</i> (curly juncus) for a high-impact mix of colors and textures. Ideal for mixed containers and a good indoor lifestyle plant.	5-9	18 to 36 in. (46 to 91 cm)	12 to 18 in. (30 to 46 cm)
<i>Juncus effusus spiralis</i> ●●			
New Spiralis Available as Ball Premier Line® seed. Strong twisted leaves on compact plants. Very effective in the landscape. Young plants work well in mixed containers.	9	14 in.	12 to 18 in.
<i>Juncus filiformis</i> ●●			
Twister A PanAmerican Seed® Product. A ColorGrass® selection. Green, curly. Upright habit. Economical and easy to grow; can be produced as a mini for expanded sales opportunities. Also thrives in wet conditions, making it a useful pond plant.	5-9	12 to 14 in. (30 to 36 cm)	12 to 14 in. (30 to 36 cm)
<i>Juncus filiformis</i> ●●			
Spiralis Ornamental plant shows off corkscrew-like, twisted green foliage in baskets and planters. Good in bogs and water gardens, too.	5-10	8 in. (20 cm)	12 to 24 in. (30 to 61 cm)
<i>Juncus inflexus</i> ●			
Blue Arrows A PanAmerican Seed® Product. A ColorGrass® selection. Blue-green. Upright habit. Heat tolerant in a wide range of environments. Quite drought tolerant when grown in the ground; can also be grown as a pond plant. Great indoor plant.	5-9	36 in. (91 cm)	12 in. (30 cm)
<i>Juncus pallidus</i> ●			
Javelin A PanAmerican Seed® Product. A ColorGrass® selection. Green. Rugged, upright plant can grow in standing water, but also handles heat/drought. Good Winter interest, with straw-color foliage. Also a good "thriller" in mixed containers.	8-10	48 in. (122 cm)	18 to 20 in. (46 to 51 cm)
<i>Juncus tenuis</i> ●●			
Blue Dart A PanAmerican Seed® Product. A ColorGrass® selection. Blue-green. Upright. Strong vertical plant is a great alternative to spike dracaena. Well-suited to many conditions from standing water to dry soils.	4-10	14 to 16 in. (36 to 41 cm)	10 to 12 in. (25 to 30 cm)
KOELERIA			
<i>Koeleria glauca</i> ●●			
Coolio A PanAmerican Seed® Product. A ColorGrass® selection. Blue-green. Upright. Ideal for dry locations. The height in the first season is 6 to 8 in. (15 to 20 cm), but later will grow to 20 in. (51 cm).	6-8	8 to 10 in. (20 to 25 cm)	8 to 10 in. (20 to 25 cm)

NEW Spiralis Juncus

Blue Dart Juncus

Bunny Tails Lagurus

NEW Ruby Muhlenbergia

NEW Rosy Muhlenbergia

Must Have Pony Tails Stipa

Lucius Luzula

Savannah Melinis

Aureum Milium

Class/Variety	USDA Hardiness Zones	Height	Spread
LAGURUS (HARETAIL GRASS)			
<i>Lagurus ovatus</i> ●			
Bunny Tails Silvery green foliage; matures to silvery gray. Distinctive "puffs" like small rabbit tails appear in early Summer, and can be left for Winter interest. Uniform shape.	Annual	8 to 12 in. (20 to 30 cm)	12 in. (30 cm)
LUZULA			
<i>Luzula nivea (Haretail Grass)</i> ●●			
Lucius A PanAmerican Seed® Product. A ColorGrass® selection. Flat, mid-green leaves are fringed in white hairs; evergreen. Upright, arching habit. Small, white flowers in spiky inflorescences in Spring and early Summer. Flourishes in damp, shady conditions.	4-9	6 to 12 in. (15 to 30 cm)	18 in. (46 cm)
MELINIS (RUBY GRASS)			
<i>Melinis (Rhynchelytrum) nerviglumis</i> ●			
Savannah Blue-green; matures to purple-red in Fall. Small, tight mound. Silky pink flowers in early Summer turn creamy white in August. Good Winter interest. Can be used for fresh/dried cut flowers. Spikes grow to 18 in. (46 cm).	8-11	10 in. (25 cm)	10 in. (25 cm)
MILIUM (GOLDEN MILLET GRASS)			
<i>Milium effusum aureum</i> ●●			
Aureum Elegant, arching, bright golden yellow clumping grass is useful for landscaping and mixed containers. Shows best color in Spring and Fall.	5-9	18 to 24 in. (46 to 61 cm)	18 to 24 in. (46 to 61 cm)
MUHLENBERGIA			
<i>Muhlenbergia capillaris</i> ●			
New Ruby Amazing pink-colored inflorescence. Excellent texture in mass plantings. Heat and drought tolerant.	6-9	28 to 32 in.	24 to 36 in.
<i>Muhlenbergia reverchonii</i> ●			
New Rosy Densely tufted, clump-forming plant has glossy green foliage and reddish pink inflorescence. Smaller in stature than Ruby.	5-9	20 to 24 in.	18 to 24 in.
PANICUM			
Fontaine See Cut Flowers, page 191.			
Frosted Explosion See Cut Flowers, page 191.			
STIPA (MEXICAN FEATHER GRASS)			
<i>Stipa tenuissima</i> ●			
Pony Tails A PanAmerican Seed® Product. A ColorGrass® selection. Fine, needlelike, green. Upright habit. Silky green flowers in July mature to golden blonde.	6-10	16 to 24 in. (41 to 61 cm)	24 in. (61 cm)

GYP SOPHILA (BABY'S BREATH)					
<i>Gypsophila cerastioides</i> ●●					
Pixie Splash A Kieft Seed™ Perennial. Available as Ball Premier Line® seed. Uniform, compact, mounded habit is great for edging. Evergreen plants have white flowers with a pink splash.	✓	4-7	3 to 5 in. (8 to 13 cm)	4 to 7 in. (10 to 18 cm)	Spring
HELIOPSIS (OX EYE SUNFLOWER, HARDY ZINNIA)					
<i>Heliopsis helianthoides</i> ●					
Summer Sun Tall, bushy plants have yellow blooms atop long, serrated, deep green leaves. Attracts butterflies.	✓	3-9	36 to 72 in. (91 to 183 cm)	30 to 40 in. (76 to 102 cm)	Summer-Fall
HEUCHERA (CORAL BELLS, ALUMROOT)					
Uses: Gardens, landscapes, containers					
<i>Heuchera americana</i> ●●					
New Marvelous Marble Silver Excellent vigor for great pot and garden performance. Purple leaf color changes to green with dark veins as temperatures increase.		3-9	8 to 12 in. (20 to 30 cm)	4 to 8 in. (10 to 20 cm)	Spring
<i>Heuchera micrantha</i> ●●					
Palace Purple A Kieft Seed™ Perennial. Large, maple-shaped leaves are rich purple-bronze on top, pinkish-purple underneath; leaves turn bronze-green in high heat conditions. Creamy white flowers. Foliage height is 10 in. (25 cm), and flower height is 20 in. (51 cm).	✓	4-8	10 to 20 in. (25 to 51 cm)	14 to 16 in. (36 to 41 cm)	Summer-Late Summer
<i>Heuchera sanguinea</i> ●●					
New Coral Forest Spikes of clear red flowers above deep green foliage form early in the season. Shorter flower stems make a neater pot appearance.		3-9	6 to 10 in. (15 to 25 cm)	4 to 8 in. (10 to 20 cm)	Spring
Ruby Bells Unique color and extremely durable deep red flowers. Blooms are densely packed along erect flower spikes and compact wintergreen leaf cushions. Thrives in beds and rock gardens.		3-8	16 in. (41 cm)	10 to 12 in. (25 to 30 cm)	Early Spring-Late Summer

HEUCHERA continued

Heuchera x hybrida 🌈🌱

Melting Fire A Kieft Seed™ Perennial. Foliage is a unique color to seed varieties – young leaves are bright blood red; strongly curled, mature leaves display intense purple-red with hot red center. Foliage height is 8 in. (20 cm), while flower height is 18 in. (46 cm). 4-8 8 to 18 in. (20 to 46 cm) 12 to 14 in. (30 to 36 cm) Early Spring-Spring

HIBISCUS (ROSE MALLOW) Also see Annuals.

Uses: Gardens, large containers, low flowering hedge

Hibiscus moscheutos 🌱

Disco Belle Series Compact hibiscus is a good choice for providing big color in smaller spaces. Saucer-sized flowers grow up to 8 in. (20 cm) across. Can be grown in areas with a short Summer season, and it is ideal for large pots or gallon containers. ✓ 5-9 24 to 32 in. (61 to 81 cm) 20 in. (51 cm) Summer
• Pink • Rosy Red • White
• Mix May contain most or all colors in the series.

Honeymoon Series Showy series for containers or borders displays 6 to 8-in. (15 to 20-cm) flowers. Heat and drought tolerant. Very responsive to PGRs to produce a compact, well-branched plant. ✓ 5-9 24 to 32 in. (61 to 81 cm) 20 to 24 in. (51 to 61 cm) Summer
• Deep Red • Light Rose • Rose • White with Eye
• Mix May contain most or all colors in the series.

Luna™ F₁ Series A Kieft Seed™ Perennial. Big, 6 to 8-in. (15 to 20-cm) blooms are produced on bushy, well-branched plants. Heat-loving series is a good late-season sales extender. ✓ 5-9 24 to 36 in. (61 to 91 cm) 24 in. (61 cm) Summer-Late Summer
• Pink Swirl Dark eye; pink picotee pattern. **• Red • Rose**
• White Large red eye. **• Mix** May contain most or all colors in the series.

HOLLYHOCK See Alcea. Also see Annuals (Alcea).

IBERIS (EVERGREEN CANDYTUFT)

Iberis sempervirens 🌱

New Tahoe Compact, well-branched plants with uniform flowering offer excellent performance in small pots. 3-9 8 to 10 in. (20 to 25 cm) 4 to 8 in. (10 to 20 cm) Early Spring

Snow Flurries Available as Ball Premier Line® seed. Spring perennial; vernalization is recommended. Large, white flowers. Likes sunny locations. 3-9 12 in. (30 cm) 9 in. (23 cm)

Whiteout F, A Kieft Seed™ Perennial. **No pinching needed to grow better-looking plants!** Produce more salable plants thanks to the great flower power, plus uniform plant habit and flowering compared to existing seed varieties. Masses of bright white blooms top shiny dark foliage; evergreen. Needs vernalization for full flowering. 3-8 6 to 8 in. (15 to 20 cm) 8 to 12 in. (20 to 30 cm) Early Spring-Spring

Kniphofia Flamenco Mix

Lavandula Avignon Early Blue

Lavandula Ellagance Snow

Lavandula Lavance Deep Purple

Lavandula Blue Spear

Lavandula Hidcote Blue Apex

Class/Variety	First Year Flower	USDA Hardiness Zones	Height	Spread	Bloom Time
KNIPHOFIA (RED HOT POKER)					
<i>Kniphofia uvaria</i> (Tritoma) ●					
Flamenco Mix Available as Ball Premier Line® seed. Upright and strong-stemmed with 8-in. (20-cm) plumes of creamy white, yellow, orange and red over pointy, gray-green leaves. Up to 4 weeks earlier than other seed varieties.	✓	5-9	32 in. (81 cm)	48 in. (122 cm)	Summer-Late Summer
LAVANDULA (ENGLISH LAVENDER)					
Uses: Gardens, landscapes, low hedge; use fresh or dried for sachets and potpourri					
<i>Lavandula angustifolia</i> ●					
Avignon Early Blue A Kieft Seed™ Perennial. This tight, well-branched and strong-stemmed variety produces deeper blue flowers earlier than similar English Lavenders. Grows better in cool conditions.	✓	6-8	10 to 12 in. (25 to 30 cm)	9 to 11 in. (23 to 28 cm)	Late Spring-Summer
Blue Spear A Kieft Seed™ Perennial. With its bigger, taller spikes compared with other seed lavenders, this is the showiest English Lavender you can grow and sell. Its more upright flower stems stand closer to each other for huge impact from a distance. Easy to grow, with high uniformity, good habit and earliness.	✓	6-8	11 to 13 in. (28 to 33 cm)	9 to 11 in. (23 to 28 cm)	Late Spring-Summer
Ellagance Series A Kieft Seed™ Perennial. Spreading, upright and well-branched plants have rich gray-green foliage. More Winter hardy and cold tolerant with good tolerance to foliar diseases compared to other lavenders. • Purple • Snow	✓	5-8	12 to 14 in. (30 to 36 cm)	10 to 12 in. (25 to 30 cm)	Summer
Hidcote Blue Apex Available as Ball Premier Line® seed. This evergreen clump-forming perennial produces purple blue flowers above gray-green leaves. Excellent for borders and edging, and attractive to butterflies.	✓	5-9	12 to 18 in. (30 to 46 cm)	18 in. (46 cm)	Summer
Lavance Deep Purple A Kieft Seed™ Perennial. Available as Ball Premier Line® seed. Spikes and flowers have a very deep color for excellent contrast with the gray-green foliage. Heat tolerant. Highly scented flowers and leaves. Attracts bees and butterflies and resists deer and rabbits.	✓	5-8	10 to 12 in. (25 to 30 cm)	10 to 12 in. (25 to 30 cm)	Late Spring-Late Summer
Munstead Narrow and lacy, gray-green, scented foliage. Lavender-blue flowers.		5-8	16 in. (41 cm)	20 to 30 in. (51 to 76 cm)	Summer

Class/Variety	First Year Flower	USDA Hardiness Zones	Height	Spread	Bloom Time
LAVANDULA continued					
New Scent Series Available as Ball Premier Line® seed. Scented lavender with more consistent and earlier flowering. Bold spikes top silvery-green mounded plants with a vigorous branching habit. Easily programmable. • Blue Early • White Early • Blue & White Early Mix	✓	5-9	12 to 16 in. (30 to 41 cm)	6 to 8 in. (15 to 20 cm)	Summer-Late Summer
Vicenza Blue Apex Available as Ball Premier Line® seed. Compact, bushy variety has large, deep blue spikes above fragrant foliage. Heat and drought tolerant.	✓	5-8	12 to 18 in. (30 to 46 cm)	8 to 10 in. (20 to 25 cm)	Summer
<i>Lavandula multifida</i> 🟡					
Spanish Eyes A Kieft Seed™ Perennial. Bright blue, fragrant flowers and soft, fernleaf-type foliage. Long-blooming, upright plants have good weather tolerance and are very heat-tolerant. The best choice for the Southeast.	✓	7-10	16 to 25 in. (41 to 64 cm)	20 to 30 in. (51 to 76 cm)	Summer-Late Summer
Torch Series Available as Ball Premier Line® seed. Fern-leaved lavender has a lavender-rosemary-pine scent. Very fast growing plant – flowering gallon pots can be produced in under 16 weeks in Spring. • Blue • Minty Ice	✓	7-11	30 to 34 in. (76 to 86 cm)	24 in. (61 cm)	Summer
<i>Lavandula stoechas</i> (Spanish Lavender) 🟡					
Bandera Series A Kieft Seed™ Perennial. Available as Ball Premier Line® seed. A true breeding breakthrough! Compact to mid-habit varieties easily fill 4-in. (10-cm) pots to gallons, flowering heavily to almost cover the plants. Good branching and uniformity, with short harvest window. Holds its dense, mounded habit in the garden without falling open; long-flowering and self-cleaning with good secondary flush of flowers. • Deep Purple • Deep Rose • Pink • Purple	✓	7-10	7 to 9 in. (18 to 23 cm)	10 to 12 in. (25 to 30 cm)	Early Spring-Summer
Castillano 2.0 Series Very floriferous and fragrant pair is compact and uniform, making them useful in container programs. Mounded habit with medium vigor. • Lilac • White • Rose		7-9	10 to 12 in. (25 to 30 cm)	6 to 8 in. (15 to 20 cm)	Spring
New Violeta Purple XL The first ever Spanish Lavender from seed with repeat flowering. Vigorous habits with large, high-quality flowers rival vegetative varieties.	✓	7-9	14 to 20 in. (36 to 51 cm)	12 to 16 in. (30 to 41 cm)	Early Spring-Fall

LEUCANTHEMUM (SHASTA DAISY) Also see Annuals (Chrysanthemum).
Uses: Gardens, landscapes

<i>Leucanthemum x superbum, Chrysanthemum maximum</i> 🟡					
Alaska Single, pure white flowers with yellow centers are 3 in. (8 cm) across, over dark green leaves.		5-8	24 to 36 in. (61 to 91 cm)	12 to 24 in. (30 to 61 cm)	Summer-Late Summer
Crazy Daisy White, 2.5-in. (6-cm) flowers have a yellow eye; many are fully double. Dark green leaves. Cold period and long days are necessary to initiate bloom.		4-8	24 to 28 in. (61 to 71 cm)	12 to 18 in. (30 to 46 cm)	Summer

Leucanthemum Madonna

Leucanthemum Snow Lady

Leucanthemum White Breeze

Liatris Purple

Lewisia Elise Mix

Class/Variety	First Year Flower	USDA Hardiness Zones	Height	Spread	Bloom Time
Madonna F₁ A Kieft Seed™ Perennial. <i>Fleuroselect 2020 Gold Medal Winner</i> is a compact, first-year-flowering F ₁ shasta that features uniformity in height and habit, and produces a large percentage of saleable plants.	✓	3-9	8 to 10 in. (20 to 25 cm)	8 to 12 in. (20 to 30 cm)	Summer-Fall
Snow Lady Available as Ball Premier Line® seed. Dwarf, bushy, fast-growing variety bears single, 2-in. (5-cm), white flowers with big, yellow-green centers. <i>All-America Selections Winner.</i>	✓	5-8	12 to 15 in. (30 to 38 cm)	12 to 14 in. (30 to 36 cm)	Summer-Late Summer
White Breeze Early-flowering, dwarf and compact plants produce pure white blooms with yellow centers.	✓	3-8	10 to 12 in. (25 to 30 cm)	12 to 16 in. (30 to 41 cm)	Late Spring-Summer
LEWISIA					
<i>Lewisia cotyledon</i> 🟡🟢					
Elise Series Available as Ball Premier Line® seed. Sturdy plants with fleshy, succulent leaves. Very floriferous; heat and drought tolerant. Great in patio planters and rock gardens. • Ruby Red • Golden Yellow • Ultra Violet • White • Mix Pink, rose, salmon, white, yellow, orange, soft purple and bicolors.	✓	3-8	5 to 6 in. (13 to 15 cm)	6 to 8 in. (15 to 20 cm)	Spring
LIATRIS					
<i>Liatris spicata</i> 🟡🟢					
Purple Plant and flower are attractive to bees, butterflies and birds.		2-10	24 to 48 in. (61 to 122 cm)	12 to 24 in. (30 to 61 cm)	Late Summer-Fall

Ornamental Oregano Kirigami

NEW Papaver Garden Gnome

Papaver Spring Fever Yellow

Papaver Allegro

Class/Variety	First Year Flower	USDA Hardiness Zones	Height	Spread	Bloom Time
---------------	-------------------	----------------------	--------	--------	------------

ORNAMENTAL OREGANO Also see Annuals.

Origanum x hybrida 🟡

Kirigami A Kieft Seed™ Perennial. The perfect patio plant, this eye-catching non-culinary oregano features large, purple-green bracts, rose flowers and clear, light green foliage, with a delicious fragrance to attract pollinators. Dense, mounded, slightly trailing plant has a tighter, fuller habit than standard vegetative varieties, so it holds better in shipping and at retail. Heat and drought tolerant, with showy display of texture in baskets, borders and rock gardens from Spring until Fall. Higher light and cooler night temperatures accent the purple bract color.

5-8	8 to 10 in. (20 to 25 cm)	12 to 14 in. (30 to 36 cm)	Late Spring-Summer
-----	------------------------------	-------------------------------	--------------------

PAPAVER Also see Annuals (Poppy).

Papaver nudicale (Icelandic Poppy) 🟡

New Garden Gnome 🟡🟢 Produces tall stems of fragrant, cup-shaped flowers with unusual, papery-looking petals.

✓	2-8	10 to 12 in. (25 to 30 cm)	8 to 10 in. (20 to 25 cm)	Late Spring-Summer
---	-----	-------------------------------	------------------------------	--------------------

Spring Fever Series Multiple compact stems at one time and large flowers in bright colors make high-impact shows. Easy to ship. Daylength neutral.

✓	3-8	10 to 12 in. (25 to 30 cm)	8 to 10 in. (20 to 25 cm)	Late Spring-Summer
---	-----	-------------------------------	------------------------------	--------------------

• Orange • Red • Rose • White • Yellow

Papaver orientale (Oriental Poppy) 🟡

Allegro Dwarf variety has scarlet flowers and lobed, sharply toothed foliage.

✓	3-8	18 to 24 in. (46 to 61 cm)	24 in. (61 cm)	Late Spring-Summer
---	-----	-------------------------------	-------------------	--------------------

PENSTEMON (BEARDED TONGUE) Also see Annuals.

Uses: Gardens, landscapes

Penstemon barbatus 🟡🟢

Twizzle Mix F₁ Long-blooming series produces tall and stately flower stems that hold the small, bell-shaped flowers. Adds height to patio planters and garden backgrounds. Strong, low-maintenance plants make a great premium product offering in large, 5 to 7-in. (12 to 18-cm) pots. A pollinator magnet!

✓	5-8	28 to 32 in. (71 to 81 cm)	16 in. (41 cm)	Summer-Fall
---	-----	-------------------------------	-------------------	-------------

PEROVSKIA (RUSSIAN SAGE)

Perovskia atriplicifolia 🟡

Blue Steel A Kieft Seed™ Perennial. Great backdrop plant; also works well in mixed combos. Superb garden plant – exceptionally long blooming and very hardy. Grows in heat and drought, and always looks fresh! Attracts bees and hummingbirds. In the first year, the height will be 18 to 24 in. (46 to 61 cm) and the spread will be 14 to 22 in. (36 to 56 cm).

✓	4-9	18 to 36 in. (46 to 91 cm)	14 to 28 in. (36 to 71 cm)	Summer-Late Summer
---	-----	-------------------------------	-------------------------------	--------------------

New Bluesette A Kieft Seed™ Perennial. The first and only compact, branching and early Perovskia from seed. Works well at the front of the landscape, as well as in a single premium patio container or mixed combo. Features a long flowering period, with ornamental foliage, a pleasing fragrance and attracts bees and butterflies.

✓	4-9	14 to 22 in. (36 to 56 cm)	14 to 24 in. (36 to 61 cm)	Late Spring-Fall

Campanella Pink Campanula

CAMPANULA Also see Annuals, Perennials and Cut Flowers.

Campanula medium (Bellflower) ●

Campanella™ F₁ Series

Height: 8 to 10 in. (20 to 25 cm)
Spread: 8 to 9 in. (20 to 23 cm)

A PanAmerican Seed® Product.

Available as Ball Premier Line® seed.

Larger blooms and more colors than competing varieties; fills pots better with more flowers.

- Blue
- Lavender
- Pink

CELOSIA Also see Annuals and Cut Flowers.

Celosia cristata (Cockscomb) ●●

Concertina™ Series

Height: 8 to 10 in. (20 to 25 cm)
Spread: 6 to 8 in. (15 to 20 cm)

A PanAmerican Seed® Product.

Available as Ball Premier Line® seed.

Offered in a wide range of colors; best used as an indoor potted plant or outdoors in a sunny spot on the patio.

- Pink
- Purple
- Red
- Red Dark Leaf
- Yellow
- Mix May contain most or all colors in the series.

Concertina Pink Celosia

Celosia spicata (Wheat Celosia) ●

Kosmo Series

Height: 8 in. (20 cm)
Spread: 8 to 10 in. (20 to 25 cm)

A PanAmerican Seed® Product.

Available as Ball Premier Line® seed.

This genetically dwarf series is ideal for year-round programs, with no PGRs or pinching needed. Produces a main stem at the base with many side spikes.

- Cherry
- Orange
- Pink
- Purple Red
- Salmon
- Yellow
- Mix May contain most or all colors in the series.

CINERARIA

Cineraria hybrida ●

Angel Mix

Height: 7 to 9 in. (18 to 23 cm)
Spread: 10 in. (25 cm)

Best choice for shipping from late October to the end of December. Very early medium-sized flowers.

Early Perfection Mix

Height: 8 to 10 in. (20 to 25 cm)
Spread: 12 to 15 in. (30 to 38 cm)

A dwarf senecio (cineraria) series. Plants produce a colorful display of daisy-like flowers. Exceptional for pot use.

Cineraria hybrida ●●

New Planet F₁ Mix

Height: 5 to 6 in. (13 to 15 cm)
Spread: 7 to 8 in. (18 to 20 cm)

Vivid pastel flowers cover the plant for excellent volume in small pots.

New Abanico® Select Mini Deep Magenta F₁

Height: 8 to 14 in. (20 to 36 cm)

Spread: 6 to 8 in. (15 to 20 cm)

A Ball Ingenuity™ product — seed is available exclusively through Ball Seed®.

Strong mini-plants provide pure, long-lasting color and excellent shelf life. Good in gardens and mixed color bowls. Best for 3.5 to 5-in. (9 to 13-cm) pots.

ABANICO, ABSOLU, BISOUS, CRISPINO, HALIOS, INDIAKA, LATINIA, METALIS, METIS, SMARTIZ and TIANIS are registered trademarks of S.A.S. Morel Diffusion. Photos © Cyclamen Morel/E. Ulzega.

New Absolu® de Morel F₁

Height: 10 to 11 in. (25 to 28 cm)

Spread: 7 to 8 in. (18 to 20 cm)

A Ball Ingenuity™ product — seed is available exclusively through Ball Seed®.

First fragrant Victoria F₁. Round plant shape with dark and nicely marbled foliage.

ABANICO, ABSOLU, BISOUS, CRISPINO, HALIOS, INDIAKA, LATINIA, METALIS, METIS, SMARTIZ and TIANIS are registered trademarks of S.A.S. Morel Diffusion. Photos © Cyclamen Morel/E. Ulzega.

New Bisous® Mix F₁

Height: 11 to 12 in. (28 to 30 cm)

Spread: 9 to 10 in. (23 to 25 cm)

A Ball Ingenuity™ product — seed is available exclusively through Ball Seed®.

Original combination of flamed flowers with silvery foliage. A mix of fresh, attractive colors.

ABANICO, ABSOLU, BISOUS, CRISPINO, HALIOS, INDIAKA, LATINIA, METALIS, METIS, SMARTIZ and TIANIS are registered trademarks of S.A.S. Morel Diffusion. Photos © Cyclamen Morel/E. Ulzega.

New Crispino® Mix F₁

Height: 10 to 14 in. (25 to 36 cm)

Spread: 10 to 14 in. (25 to 36 cm)

A Ball Ingenuity™ product — seed is available exclusively through Ball Seed®.

Abundant, large blooms are well-centered on very compact, early flowering plants. Combines unique, ruffled flowers in great colors. Excellent flowering uniformity.

ABANICO, ABSOLU, BISOUS, CRISPINO, HALIOS, INDIAKA, LATINIA, METALIS, METIS, SMARTIZ and TIANIS are registered trademarks of S.A.S. Morel Diffusion. Photos © Cyclamen Morel/E. Ulzega.

Halios® F₁ Series

Height: 12 to 16 in. (30 to 41 cm)

Spread: 12 to 16 in. (30 to 41 cm)

A Ball Ingenuity™ product — seed is available exclusively through Ball Seed®.

Florist-quality series delivers compact, continuous-flowering plants with large blooms on strong stems.

Plants show large blooms over dark marbled foliage. Performs well across a range of conditions, including high heat/light. Flame varieties have a consistent narrow white edge. Standard varieties are more vigorous and best in larger pots (5.5 to 8.5 in./14 to 22 cm).

INTERMEDIATE CYCLAMEN

Dreamscape™ F1 Series

Height: 6 to 9 in. (15 to 23 cm)
Spread: 9 to 13 in. (23 to 33 cm)

A Ball Ingenuity™ product — seed is available exclusively through Ball Seed®.

Specially bred and selected to deliver the best outdoor performance of any cyclamen on the market. That means pro landscapers and home gardeners alike can now confidently plant cyclamen in-ground and count on better, longer performance. All colors can be sown at the same time to ship and sell together.

- **New Bright Purple** Bright color stays vibrant — even outdoors in low temperatures.
- **Bright Red**
- **Deep Burgundy**
- **Deep Rose**
- **Purple**
- **New Rose Eye** Striking color addition to the series.
- **Salmon Eye**
- **White**
- **Dark Flamed Mix**

Winfall F1 Mix

Height: 6 to 10 in. (15 to 25 cm)
Spread: 6 to 10 in. (15 to 25 cm)

Perfect for Fall and Winter production indoors and out, Winfall sizes up under low temperatures and requires less energy. Early, uniform-flowering mix has a tight, compact habit that still allows air flow to reduce the risk of Botrytis. Features fragrant, bicolor flowers. Good for high-density, 2.5 to 4.5-in. (6 to 11-cm) programs.

EDIBLE POTTED PLANTS

FOLIAGE POTTED PLANTS

Chamaedorea elegans ●

Chamaedorea

Height: 10 to 21 in. (25 to 53 cm)
Spread: 6 to 14 in. (15 to 36 cm)

A palm out of Mexico that is suitable for smaller 3.5-in. (9-cm) to 6.5-in. (17-cm) pots.

Coffea arabica ●

Coffea

Height: 6 to 12 in. (15 to 30 cm)
Spread: 6 to 8 in. (15 to 20 cm)

An attractive variety with shiny leaves that is suitable for 2.5-in. (6-cm) to 4.5-in. (11-cm) pots.

Dypsis lutescens ●

Dypsis

Height: 10 to 31 in. (25 to 79 cm)
Spread: 6 to 16 in. (15 to 41 cm)

Known as the golden can palm, *Dypsis lutescens* is suitable for 3.5-in. (9-cm) to 7.5-in. (19-cm) pots.

Pachypodium lamerei ●

Pachypodium

Height: 4 to 10 in. (10 to 25 cm)
Spread: 4 to 8 in. (10 to 20 cm)

Pachypodium has its origin in one of the driest areas of Madagascar, where it survived and thrived. Suitable for 2-in. (5.5-cm) to 5.5-in. (14-cm) pots.

Philodendron selloum

Philodendron

Height: 23 to 35 in. (58 to 89 cm)
Spread: 20 to 28 in. (51 to 71 cm)

Belongs to the Araceae family. Leaves have small openings when the plants are young, and larger openings as the plants mature. Suitable for 6.5-in. (17-cm) to 9.5-in. (24-cm) pots.

Schefflera arboricola ●

Schefflera

Height: 8 to 20 in. (20 to 51 cm)
Spread: 6 to 12 in. (15 to 30 cm)

Suitable for 5-in. (12-cm) to 6.5-in. (17-cm) pots.

GERBERA

Gerbera jamesonii (Transvaal Daisy) ●

Bengal Mix

Height: 8 to 10 in. (20 to 25 cm)
Spread: 6 to 8 in. (15 to 20 cm)

Available as Ball Premier Line® seed.

Crop Time: 4-in. (10-cm) pots, 22 to 24 weeks.

Big brother to the Jaguar series is more vigorous with a bigger plant habit. Produces a continuous show of large flowers on short stems. Well-suited to 6-in. (15-cm) pots, gallons and larger.

Cartwheel Series

Height: 16 to 18 in. (41 to 46 cm)
Spread: 12 to 16 in. (30 to 41 cm)

Available as Ball Premier Line® seed.

Rich colors on large, distinctive, semi-double flowers capture attention at retail and add depth to seasonal displays. Early-flowering series is ideal for premium 5-in. (13-cm) and larger programs.

- **Autumn Colors** Mix of 3 components segregates to provide a total of 7 colors, including yellow, butterscotch, scarlet and bronze.
- **Strawberry Twist** Shades range from creamy yellow with a hint of pink to deep strawberry with a hint of yellow.

ColorBloom™ F Series

Height: 4 to 6 in. (10 to 15 cm)
Spread: 6 to 8 in. (15 to 20 cm)

A PanAmerican Seed® Product.

Available as Ball Premier Line® seed.

Crop Time: 4-in. (10-cm) pots, 22 to 24 weeks

Compact and fast to flower, with colorful blooms that hold their color.

ORNAMENTAL PEPPER

Capsicum annuum ●

Crop Time: Packs, 11 to 14 weeks

ANNUAL ORNAMENTAL PEPPER, GARDEN OR LARGE POT

Black Pearl

Height: 14 to 18 in. (36 to 46 cm)
Spread: 12 to 16 in. (30 to 41 cm)

A PanAmerican Seed® Product.

The first black-leaved ornamental pepper on the market. Heat, humidity and drought-loving. The bushy, upright and well-branched plants produce rounded, shiny black fruit that matures to dark red with a very spicy taste. Use in 4-in. (10-cm) to gallon programs. *All-America Selections Winner.*

Calico F1

Height: 10 to 12 in. (25 to 30 cm)
Spread: 14 to 16 in. (36 to 41 cm)

A PanAmerican Seed® Product.

Well-branched plants produce high-appeal variegated foliage of purple, cream and green. Compact, mounded plants are extremely heat tolerant. Best in 4-in. (10-cm) to gallon programs. **NOTE:** Fruit is very spicy.

Midnight Fire

Height: 9 to 12 in. (23 to 30 cm)
Spread: 14 to 16 in. (36 to 41 cm)

A PanAmerican Seed® Product.

Well-branched plants are perfect for stunning Fall combination planters and large container programs at retail. Best in 6 and 8-in. (15 and 20-cm) pots, gallons and Mum Pals programs.

Onyx Red

Height: 6 to 12 in. (15 to 30 cm)
Spread: 6 to 8 in. (15 to 20 cm)

Produces round, shiny red fruit that starts purple/black and matures to red. Perfect for beds, borders, mixed containers, potted plant programs and dramatic mass plantings. *All-America Selections Winner.*

Purple Flash

Height: 13 to 15 in. (33 to 38 cm)
Spread: 19 to 21 in. (48 to 53 cm)

A PanAmerican Seed® Product.

Striking flashes of bright purple foliage among the almost-black leaves contrast with small, glossy and black, hot-to-the-taste fruit. Very heat-tolerant plants are perfect for mixed containers and in-ground plantings. Good for 4-in. (10-cm) pots to gallons.

Sangria F1

Height: 10 to 12 in. (25 to 30 cm)
Spread: 16 to 18 in. (41 to 46 cm)

A PanAmerican Seed® Product.

Produces a continuous display of both purple and red peppers. Child-safe, non-pungent variety is ideal for indoor/outdoor use in both public and residential areas. Good for 4-in. (10-cm) to gallon programs.

Sedona Sun

Height: 9 to 12 in. (23 to 30 cm)
Spread: 14 to 16 in. (36 to 41 cm)

A PanAmerican Seed® Product.

Perfect for Fall sales in 8-in. (20-cm), gallon and mum pot programs. Shows off a brilliant, multicolor display with masses of distinctive lemon yellow and carrot orange fruit. Indeterminate plants grow uniformly in seasonal landscapes. **NOTE:** Fruit is hot.

ANNUAL ORNAMENTAL PEPPER, POTTED PLANT

Acapulco™ Series

Height: 6 in. (15 cm)
Spread: 6 to 8 in. (15 to 20 cm)

A PanAmerican Seed® Product.

Tapered, 0.5 by 1.5-in. (1.5 by 4-cm) peppers top the plants. Well-suited to 4.25 to 5-in. (11 to 13-cm) pots, up to 6.5 to 8-in. (17 to 20-cm) pots with 3 plants per pot.

ORNAMENTAL PEPPER continued

Blaze

Height: 4 to 8 in. (10 to 20 cm)
Spread: 4 to 8 in. (10 to 20 cm)

A PanAmerican Seed® Product.

Distinctive, large fruit in Fall tones – peppers start yellow and mature to red. NOTE: Fruit has medium heat.

Chilly Chili F₁

Height: 9 to 10 in. (23 to 25 cm)
Spread: 13 to 14 in. (33 to 36 cm)

A PanAmerican Seed® Product.

Produces "non-pungent" fruit. The 2 to 2.5-in. (5 to 6-cm), blunt-nosed peppers mature from greenish-yellow to orange to dark red. Best in 4 to 6-in. (10 to 15-cm) pots. *All-America Selections Winner.*

Cupala Red

Height: 5 in. (13 cm)
Spread: 5 in. (13 cm)

A PanAmerican Seed® Product.

Lime to red fruit are 0.3 x 2.75 in. (1 x 7 cm). Suited to 4 to 4.5-in. (10 to 12-cm) pots.

Harlequin

Height: 8 in. (20 cm)
Spread: 6 to 8 in. (15 to 20 cm)

A PanAmerican Seed® Product.

Multicolor fruit are 0.5 x 0.75 in. (1.5 x 2.5 cm). Works well in 4.5 to 6-in. (11 to 15-cm) pots.

Hot Pops Series

Height: 4 to 5 in. (10 to 13 cm)
Spread: 6 to 8 in. (15 to 20 cm)

A PanAmerican Seed® Product.

Compact, heavily branched plants are best-suited to 4 to 8-in. (10 to 20-cm) pots for mixed container, color bowl and mum programs.

- **Purple**
- Fruit is very hot.
- **Yellow**
- Fruit is medium hot. Sow 1 week earlier to time finish with purple.

Joker

Height: 5 in. (13 cm)
Spread: 5 in. (13 cm)

A PanAmerican Seed® Product.

Red fruit are 0.3 x 1.5 in. (1 x 4 cm). Good in 2.75 to 4.5-in. (7 to 11-cm) pots.

Mambo Series

Height: 4 to 6 in. (10 to 15 cm)
Spread: 10 to 12 in. (25 to 30 cm)

Dark green-leaved Mambo produces colorful, long-lasting, pointed fruit held centrally above the compact, very well-branched plants.

- **Orange**
- **Purple Orange**
- **Purple Red**
- **Red**
- **Yellow**

Masquerade

Height: 10 to 12 in. (25 to 30 cm)
Spread: 8 to 10 in. (20 to 25 cm)

A PanAmerican Seed® Product.

Very early variety produces fruit that matures from purple to yellow to red.

Medusa

Height: 6 to 8 in. (15 to 20 cm)
Spread: 4 to 6 in. (10 to 15 cm)

A PanAmerican Seed® Product.

Very prolific, with 40 to 50 fruits per plant. Naturally compact and well-branched; good for 4-in. (10-cm) pots with no PGRs needed.

Red Missile

Height: 8 to 10 in. (20 to 25 cm)
Spread: 6 to 8 in. (15 to 20 cm)

A PanAmerican Seed® Product.

Tapered cream-to-red fruit on early, compact plants.

Salsa XP Series

Height: 4 in. (10 cm)
Spread: 6 in. (15 cm)

A PanAmerican Seed® Product.

Well-branched miniature series produces dwarf and compact plants with many bright, 1 by 0.5-in. (2.5 by 1-cm) fruits.

- **Dark Orange**
- **Purple**
- **Red**
- **Yellow-Red**
- **Mix** May contain most or all colors in the series.

Primula malacoides (Primrose) ●●

Prima F₁ Mix

Height: 6 to 8 in. (15 to 20 cm)

Spread: 6 to 7 in. (15 to 18 cm)

Crop Time: 4-in. (10-cm) pots, 4.5 to 6 months

Early mix produces large, dense flower clusters held above compact, uniform plants.

Primula obconica (Primrose) ●●

Crop Time: 4-in. (10-cm) pots, 4.5 to 6 months

Libre F₁ Mix

Height: 8 to 10 in. (20 to 25 cm)

Spread: 6 to 8 in. (15 to 20 cm)

The first *P. obconica* varieties with little or no primin. Well-rounded plants. Good "bridge" crop – will handle conditions of Spring into Summer or Summer into Fall.

Touch Me Large F₁ Series

Height: 8 to 10 in. (20 to 25 cm)

Spread: 10 to 14 in. (25 to 36 cm)

Cheery, primin-free plants show off intense, eye-catching colors on sturdy, compact plants with firm, spring-green leaves.

- Dark Orange
- Magenta
- Pink
- Violet
- White

• **Mix** May contain most or all colors in the series.

New Touch Me Midi F₁ Series ●●

Height: 12 to 16 in. (30 to 41 cm)

Spread: 6 to 8 in. (15 to 20 cm)

Firm flower stems, cheerful colors and a long flower life. Primin free.

- Blue White
- Dark Blue
- Dark Orange
- Magenta
- Red White
- Rose
- Violet
- White

• **Mix** May contain most or all colors in the series.

Primula polyantha (Primrose) ●●●

Lighthouse Series

Height: 8 in. (20 cm)

Spread: 6 in. (15 cm)

Compact, uniform habit without PGRs allows for multiple-color planting program. Longer flower stem reduces botrytis risk for higher retail sell-through.

- Blue
- Pink
- Rose
- Yellow

• **Mix** May contain most or all colors in the series.

SuperNova F₁ Series

Height: 8 in. (20 cm)

Spread: 7 to 8 in. (18 to 20 cm)

F₁ hybrid vigor combines with disease resistance and tolerance to a wide range of temperatures. Early-blooming plants flower up to 3 weeks earlier than other F₁ varieties; up to 4 weeks faster than O.P. types. Multiple flower stems in a uniform height hold the brightly colored, extra-large blooms. Compact, uniform plants have a tight flowering window, making them ideal for potted plant production. High germination.

Choco Sun Sunflower

Miss Sunshine Sunflower

Solsation Yellow Spirit Sunflower

SUNFLOWER

Helianthus annuus 🌻

Ballad F₁

Height: 24 to 30 in. (61 to 76 cm)
Spread: 6 to 8 in. (15 to 20 cm)

A PanAmerican Seed® Product.
Available as Ball Premier Line® seed.

Mildew-tolerant, green-leaved plants have bright golden-yellow flowers with deep bronze centers. Pollen-free; works well indoors, and in gardens and containers. Plants grow shorter under short days. Under longer days, plants grow taller without growth regulators. 49 to 63 days.

Big Smile

Height: 12 to 15 in. (30 to 38 cm)
Spread: 8 to 12 in. (20 to 30 cm)

Available as Ball Premier Line® seed.

Upright, 6-in. (20-cm), golden yellow flower with black center. 50 to 60 days.

Choco Sun

Height: 10 to 12 in. (25 to 30 cm)
Spread: 12 to 14 in. (30 to 36 cm)

A PanAmerican Seed® Product.
Available as Ball Premier Line® seed.

Very compact, well-branched plants produce lemon-yellow flowers with dark chocolate brown centers over very dark green leaves. Sets a large bloom on the central stalk, with several smaller flowers on side shoots. Ideal for containers, window boxes and gardens. 49 to 63 days.

Miss Sunshine F₁

Height: 10 to 16 in. (25 to 41 cm)
Spread: 6 to 8 in. (15 to 20 cm)

A PanAmerican Seed® Product.
Available as Ball Premier Line® seed.

Easy and economical to produce, mildew-tolerant Miss Sunshine needs fewer PGRs and will flower at a shorter height under short days. The 3 to 4-in. (7 to 10-cm), sunny golden-colored blooms face up for retail impact, and produce long-lasting color for the consumer, with a fast flush of secondary flowers. Pollen-free. 56 days.

Smiley

Height: 13 to 16 in. (33 to 41 cm)
Spread: 12 in. (30 cm)

Available as Ball Premier Line® seed.

Early blooming, dwarf-sized plant produces pollenless, broad-petaled flowers in a rich yellow color. 60 days.

SunBuzz F₁

Height: 12 to 20 in. (30 to 51 cm)
Spread: 8 to 12 in. (20 to 30 cm)

A PanAmerican Seed® Product.
Available as Ball Premier Line® seed.

Clear, yellow-filled flowers make SunBuzz a real standout! Compact, smaller-leaved plants are more manageable and programmable on the bench, and more appealing in the store. Delivers better seed uniformity and needs fewer PGRs than similar varieties. 63 days.

Solsation F₁ Series

Height: 10 to 12 in. (25 to 30 cm)
Spread: 10 to 14 in. (30 to 36 cm)

Available as Ball Premier Line® seed.

Very compact plants produce large, pollenfree flowers with black centers, over long-lasting leaves. Suited to garden borders and containers. 56 to 63 days.

- Flame
- Yellow
- Yellow Spirit

Suntastic Yellow Black Eye F₁

Height: 10 to 24 in. (25 to 61 cm)
Spread: 8 to 10 in. (20 to 25 cm)

Naturally compact, very floriferous plants produce three waves of dark-centered, 5 to 6-in. (13 to 15-cm) flowers, with up to 20 per plant. Ideal for low bedding and window boxes; also makes a great indoor and outdoor container plant. 65 days.
All-America Selections Regional Winner.

Blue Horizon Ageratum

Green Mist Ammi

ABELMOSCHUS

Abelmoschus esculentus (Red Butterfly) ●

Cramer's Okrazilla

Height: 36 in. (91 cm)
Large okra pods look great when they "split" open as they dry. Not as long as regular okra pods, but 3 or 4 times as thick.

AGERATUM

Ageratum houstonianum (Floss Flower) ●

Blue Horizon

Height: 30 in. (76 cm)
Available as Ball Premier Line® seed.
Mid-blue; also works well in landscapes.

AMARANTHUS

Amaranthus caudatus (Love Lies Bleeding) ●

Coral Fountain

Height: 40 in. (102 cm)
Velvety, coral-pink, tassel-like flower heads on long stems make an unusual and dramatic filler that can be used both fresh and dried. Heat tolerant.

Green Tails

Height: 36 to 48 in. (91 to 122 cm)
Annual, with long decorative tassels.

Amaranthus cruentus ●

Copperhead

Height: 48 in. (122 cm)
Copper flower head and stem with yellow leaves.

AMMI

Ammi majus (Bishop's Flower) ●

Queen Of Africa

Height: 48 in. (122 cm)
Mid-June sowings produce white-flowering plants by mid-September. Suitable for greenhouse, field and garden cut flower production.

Ammi visnaga ●

Green Mist

Height: 24 to 48 in. (61 to 122 cm)
White flowers bloom in Summer over feathery, fernlike foliage.

ANEMONE

Anemone coronaria (Single-Flowered) ●

Gemstone F₁ Series

Height: 15 to 18 in. (38 to 46 cm)
Large flower size. Suitable for high-density production. Longer harvest window extends shipping season for growers.

- Blue
- Red Bicolor
- Scarlet
- White

Mona Lisa® F₁ Series

Height: 18 in. (46 cm)
A PanAmerican Seed® Product.
Will flower under lower Winter light levels than other varieties. Sturdy stems hold vibrant, 4 to 5-in. (10 to 13-cm) flowers.

- Deep Blue
- Orchid Shades
- Pink
- Red Bicolor
- Scarlet Eye
- White
- Wine White Bicolor
- Mix May contain most or all colors in the series.

ARALIA See Potted Plants.

ASCLEPIAS

Asclepias curassavica ●

Silky Series

Height: 24 to 28 in. (61 to 71 cm)
A PanAmerican Seed® Product.
Strong-stemmed plants have intensely colored blooms all Summer.

- Deep Red Golden yellow centers.
- Gold

Queen of Africa Ammi

Silky Gold Asclepias

Mona Lisa Mix Anemone

Gemstone Blue Anemone

Gemstone Scarlet Anemone

Grenade Orange Carthamus

new

NEW Pampas Plume Mix Celosia

BUPLEURUM

Bupleurum rotundifolium ●●

Green Gold

Height: 24 to 36 in. (61 to 91 cm)
Yellow-lime green flowers top long, wiry stems. Excellent for mixed bouquets and dried flowers.

Griffiti ●

Height: 36 in. (91 cm)
Produces many small yellow flowers over foliage similar to eucalyptus.

CAMPANULA Also see Annuals, Perennials and Potted Plants.

Campanula medium (Bellflower) ●

Campana F₁ Series

Height: 30 to 34 in. (76 to 86 cm)
A PanAmerican Seed® Product.
Available as Ball Premier Line® seed.
Strong stems have good foliage and are 100% top-flowered.

Uniform plants have a short harvest window. Well-matched series is a low-energy crop for both Summer and Winter production.

- Deep Blue
- Lilac
- Pink
- White

Champion F₁ Series

Height: 36 to 40 in. (91 to 102 cm)
Available as Ball Premier Line® seed.
Early blooming, with a long vase life.

- Blue
- Lavender

Champion II F₁ Series

Height: 27 to 35 in. (69 to 89 cm)
Available as Ball Premier Line® seed.
Offers a uniform and shorter flowering window, uniform plant height and upward-facing flowers for better transportation.

- Deep Blue
- Lilac
- Pink
- Rose
- White

CARTHAMUS

Carthamus tinctorius (Safflower) ●

Grenade Orange

Height: 32 to 40 in. (81 to 102 cm)
A PanAmerican Seed® Product.
Available as Ball Premier Line® seed.
Round flower buds and round, thornless leaves are produced on stems of uniform length. Good for both indoor and outdoor production, flowering earlier than conventional strains. Useful fresh or dried.

Zanzibar

Height: 32 to 40 in. (81 to 102 cm)
Striking deep orange to yellow-red flowers that resemble thistles top stems of uniform length. Well-suited to indoor and outdoor professional cut flower programs; can be used fresh and dried.

CELOSIA Also see Annuals.

Celosia argentea plumosa (Feather) ●

Century Series

Height: 14 to 16 in. (36 to 41 cm)
Basal-branching plants produce 13-in. (33-cm) plumes. Suitable for greenhouse, field or garden cut flower production.

- Fire
- Pink
- Red
- Rose
- Salmon Pink
- Yellow
- Mix May contain most or all colors in the series.

New Pampas Plume Mix

Height: 36 to 48 in. (91 to 122 cm)
One of the fastest varieties to flower, these wispy plumes add lightness and texture to mixed bouquets.

Sylphid Lime

Height: 28 in. (71 cm)
Masses of 6 to 12-in. (15 to 30-cm), lime-green plumes on tall, straight stems make this an excellent bouquet filler and useful for all kinds of arrangements. Responds very well to light and temperature. In the greenhouse, with lighting and heating, Winter production is possible.

Century Fire Celosia

Griffiti Bupleurum

Green Gold Bupleurum

new

NEW Sunday
Bright Pink Improved Celosia

Supercrest Mix Celosia

Celosia cristata (Cockscomb) ●

Act Series

Height: 50 in. (127 cm)

Act gives you a very short crop time and lets you offer your customers a cut flower with big appeal, thanks to the exotic bright colors. Uniform plants with long, unbranched stems have good resistance to *Botrytis* and *Fusarium*. Crop time is 8 to 13 weeks from transplant, and Act can be harvested over a long period of time.

- Green
- Lemon
- Orange
- Pink
- Rose
- Rose with Orange Rim
- Velvet
- Yellow
- Mix May contain most or all colors in the series.

Chief Series

Height: 24 in. (61 cm)

Produces large, uniform, globe-shaped flower heads. Very well-suited for production in areas with high temperatures.

- Carmine
- Fire
- Gold
- Persimmon
- Red
- Rose
- Mix May contain most or all colors in the series. *All-America Selections Winner*

Kurume Series

Height: 28 to 47 in. (71 to 119 cm)

Produces large combs of vivid color. Very high tolerance to heat, drought and disease makes them ideal for Summer cut flowers.

- Corona Soft yellow and cherry red.
- Gold
- New Scarlet
- Orange Red
- Rose
- Mix May contain most or all colors in the series.

Neo™ Series

Height: 28 to 40 in. (71 to 102 cm)

A PanAmerican Seed® Product.
Available as Ball Premier Line® seed.

Neo is less long-day sensitive, making it easier to produce over a longer period during the year for most growers, and the plants produce a higher number of usable stems per sq. ft. than other *C. cristata* varieties. Large flowers with thick combs show off unique colors. Smaller leaf habit makes it easier to work with for bouquets and arrangements.

- Gold
- Orange
- Pink
- Red
- Rose

Spring Green

Height: 40 to 48 in. (102 to 122 cm)

A PanAmerican Seed® Product.

Available as Ball Premier Line® seed.

Suitable for higher-density plantings, with a short programmable cultivation period. Ships well and delivers long vase life.

Supercrest Mix

Height: 36 to 48 in. (91 to 122 cm)

True giant size cockscomb head with a tall, red stem. Ideal for cutting. Can be cut at various stages, from 4-in. (10-cm) head to well over 10 in. (25 cm). Includes pale lemon, apricot, cream, cranberry and soft orange shades.

Celosia plumosa ●

Sunday™ Series

Height: 28 to 40 in. (71 to 102 cm)

A PanAmerican Seed® Product.

Available as Ball Premier Line® seed.

Offers longer stem length with a nice full plume and intense flower colors. Good shipping and vase life.

- **New Bright Pink Improved** Upgraded for improved uniformity and flowering time under greenhouse cultivation.
- **New Cherry Improved** Earlier to flower, so it times better with the series under greenhouse cultivation.
- **Dark Pink**
- **New Gold Improved** A better match to the series under greenhouse cultivation.
- **New Green A** trendy, icy pale green with a great plume form.
- **Orange**
- **New Purple Improved** Better production and greenhouse performance.

Height: 36 in. (91 cm)

- Burgundy
- Lemon Lime
- Rose

Wheat type

Height: 48 in. (122 cm)

- Amazon
- Hi Z

Flamingo Series

Height: Varies by variety

Feathery plumes on strongly branching plants make this series one of the popular celosias for cut flower production. It can also be grown for bedding plant production to be used in either a landscape situation or the backs of annual garden beds.

- **Feather** Light pink later fades to white under high heat. Height reaches 18 to 26 in. (46 to 66 cm).
- **Purple** Bushier, twice as large and later to bloom than Flamingo Feather. Height reaches 36 to 48 in. (91 to 122 cm).

Sylphid Lime Celosia

Act Pink Celosia

Neo Orange Celosia

Spring Green Celosia

CENTAUREA

Centaurea cyanus (Cornflower) ●

New Cyanus Blue Boy

Height: 32 in. (81 cm)

A very fine, tall, double-flowered variety with lance-shaped, long and graceful leaves.

COSMOS Also see Annuals.

Cosmos bipinnatus ●

Double Click Series

Height: 48 in. (122 cm)

Unique double and semi double-flowered cosmos.

- Cranberries
- Pink Bicolor
- Rose Bonbon
- Snow Puff
- Violet Bicolor
- Mix Mix of carmine, pink and white.

Sensation Mix

Height: 48 in. (122 cm)

Large, single flowers with yellow centers.

New Versailles Mix

Height: 40 to 48 in. (102 to 122 cm)

Early blooming and vigorous. Produces under short days and is also suitable for greenhouse culture during the Winter. Strong stems can withstand considerable handling.

Xanthos

Height: 20 to 25 in. (51 to 64 cm)

Unique, soft, stunning yellow flowers are lighter at the edges. Upright and branching habit. For cuts and bedding.

Xenia

Height: 24 to 28 in. (61 to 71 cm)

Unique terracotta-orange blooms edged with pink mature to antique rose. Upright and well branched.

CRASPEDIA

Craspedia uniflora (globosa) ●●

Drumstick

Height: 37 in. (94 cm)

Available as Ball Premier Line® seed.

Wiry stems hold golden yellow florets.

DELPHINIUM

Also see Larkspur and Perennials.

Delphinium elatum (Larkspur) ●

Aurora F₁ Series

Height: 35 to 47 in. (89 to 119 cm)

Outstanding uniform flowering time is at least 1 month earlier than older O.P. varieties. The sturdy stems are covered with large, overlapping florets that completely cover the stem, over relatively small leaves. Also works well in bedding plant programs to sell green in packs or small pots, or as a garden perennial in 1 to 2-gallon containers.

- Blue
- Deep Purple
- Lavender
- Light Blue
- Light Purple
- White
- Mix May contain most or all colors in the series.

New Tall Double Mix

Height: 20 in. (51 cm)

Features a wild mix of colors and patterns that are perfect for cutting and arranging. True biennial variety for Fall transplant.

Dianthus barbatus interspecific
(Single Dianthus, Pinks, Carnation) ●

Amazon™ F1 Series

Height: 18 to 36 in. (46 to 91 cm)

A PanAmerican Seed® Product.
Available as Ball Premier Line® seed.

Vibrant blooms over very dark green, glossy foliage. No vernalization required for flowering.

- Neon Cherry
- Neon Duo Mix of Neon Cherry and Neon Purple.
- Neon Purple
- Rose Magic Blooms start white and age to pink, then to deep rose.

ECHINACEA See Perennials.

ERYNGIUM

 Also see Perennials.

Eryngium planum ●

Glitter Series

Height: 26 to 39 in. (66 to 99 cm)

Dense spikes of flowers are shaped like small pincushions. Tall, strong, silver-blue stems have dark green leaves. Very heat tolerant and easy-care.

- Blue
- White

ESCHSCHOLZIA

Also see Annuals (Eschscholzia, Poppy) and Perennials (Papaver).

Eschscholzia californica (California Poppy) ●

CA Poppy

Height: 12 to 18 in. (30 to 46 cm)

Attractive blue-green, coin-shaped juvenile leaves, opposite on the pendulous stems, are excellent for adding to bouquets and cut ornamental arrangements. A choice evergreen rounded shrub or shade tree.

EUCALYPTUS

Eucalyptus cinerea ●

Silver Dollar

Attractive blue-green, coin-shaped juvenile leaves, opposite on the pendulous stems, are excellent for adding to bouquets and cut ornamental arrangements. A choice evergreen rounded shrub or shade tree.

Eucalyptus gunnii (Gum tree) ●

Silverdrop

Fragrant, small, blue-green leaves on vigorous, uniform filler plants with strong side branching. A florist favorite.

Eucalyptus polyanthemos (Silver Plate) ●

New Polyanthemos

Silvery green leaves on sturdy stems.

Eucalyptus pulverulenta ●

Baby Blue

A smaller-leaved version of the Silver Dollar cinerea, well-suited for mixed bouquets.

EUPHORBIA See Annuals.

EUSTOMA See Lisianthus.

Also see Potted Plants (Lisianthus).

Empire Luba Kale

Grace Rose Pink Godetia

FLOWERING KALE

Brassica oleracea (Ornamental Kale) ●

Condor F₁ Series

Height: 25 to 30 in. (64 to 76 cm)

Eye-catching, on-trend look for arrangements. Ideally shaped, small head on a strong and straight stem – easy to cut and bunch.

- **Pure White**
- **Red**
- **White**

Crane F₁ Series

Height: 24 to 35 in. (61 to 89 cm)

Unique flower heads resembling large roses are tight and colorful; 6-in. (15-cm) diameter. Long-stemmed varieties are uniform and long lasting.

- **Bicolor** Creamy white with rose center; green outer petals.
- **Pink** Lighter color than Rose.
- **Red**
- **Rose**
- **White**

Crane Feather F₁ Series

Height: 20 to 36 in. (51 to 91 cm)

The first uniform feather-leaf kale offers two distinct colors, excellent stem length for easy harvest and uniform habit. Adds texture and interest to floral arrangements.

- **King White**
- **Queen Red** Red stems.

New Crane Ruffle F₁ Series

Height: 25 to 36 in. (64 to 91 cm)

New fringed leaf type in the Crane series. Features a vigorous plant habit, so growers can easily secure the plant height/stem length.

- **Bicolor** Slightly shorter than the others.
- **Red**

Empire Series

Height: 36 in. (91 cm)

Uniform flowering with more stem length. Fast crop, can plant 1-2 weeks later. Hard leaf structure requires less fungicide.

- **Agathana** White, round.
- **Alexander** White, round.
- **Anna** White, round.
- **Antonina** White, round.
- **Arina** White, wavy.
- **Bogdana** Rosy-red, fringed.
- **Katinka** Deep pink, fringed.
- **Katya** Deep pink, fringed.
- **Ksenia** Pink, fringed.
- **Kysia** Pink, fringed.
- **Luba** Coral, round.
- **Olga** Rose, round.

Flare Series

Height: 30 to 38 in. (76 to 97 cm)

Extra-early, long-stemmed series features unique, slightly wavy leaves. Long-lasting in arrangements and bouquets.

- **Rose**
- **White** Pure white center is ideal for dyeing.

Lucir F₁ Series

Height: Varies by variety

Features long-lasting, shiny leaves and long, single stems ideal for arrangements.

- **Rose** Grows 25 to 30 in. (64 to 76 cm) tall.
- **White** Grows 30 to 35 in. (76 to 89 cm) tall.

Condor Red Flowering Kale

NEW Crane Ruffle Bicolor Flowering Kale

Crane Pink Flowering Kale

Crane Feather Queen Red Flowering Kale

Flare Rose Flowering Kale

Lucir Rose & White Flowering Kale

Flowering Kale seed is tested for seedborne diseases according to the International Seed Health Initiative (ISHI) guidelines.

Doublini F1 Series

Height: 26 to 34 in. (66 to 86 cm)
Available as Ball Premier Line® seed.

Group 1 series features extra-small, 1.5 to 2-in. (4 to 5-cm) blooms shaped like roses. Producing numerous branches on each stem, these eye-catching, spray-type varieties are ideal for bouquets.

- Blue
- White

Echo F1 Series

Height: 26 to 34 in. (66 to 86 cm)
Available as Ball Premier Line® seed.

All-double, large-flowered Lisianthus for cut flower production. Flower stalks are strong and easily support the large flowers.

- Blue
- **Champagne** Peach center, rose edges.
- Lavender
- Pink
- Pink Picotee
- Pure White
- Purple
- Yellow

Esprit Series

Height: 36 in. (91 cm)
Available as Ball Premier Line® seed.

Medium-sized, double flowers with wavy fringes.

- 1 Green
- 1 Light Pink

Excalibur F1 Series

Height: 30 to 36 in. (76 to 91 cm)
Available as Ball Premier Line® seed.

Group 2 standard double series is well-suited for growing in areas with higher temperatures. Offers strong stems, more usable flower buds, mid-size flowers and good vase life. Flowers slightly earlier than Flamenco or Mariachi, with less sensitivity to rosetting. Top flowering lowers the risk of *Botrytis* when sleeved.

Prime 3 White

Height: 30 in. (76 cm)

Available as Ball Premier Line® seed.

A tall white cut flower with multiple bell-shaped blooms.

Purple Flamingo F₁

Height: 36 to 40 in. (91 to 102 cm)

Available as Ball Premier Line® seed.

Mid-late variety features rich purple, dark-centered double blooms on strong stems.

Rosanne F₁ Series

Height: 36 to 48 in. (91 to 122 cm)

Available as Ball Premier Line® seed.

Very unique flower colors, excellent vase life and more usable flower buds highlight this series. Strong flowers with thick petals and top flowering reduce *Botrytis* problems during shipping.

- 1 Black Pearl
- New 2 Green
- 3 Brown

Rosita F₁ Series

Height: 30 to 36 in. (76 to 91 cm)

Available as Ball Premier Line® seed.

Spray double series offers top flowering, strong stems and thick flower petals to assure easier transport without *Botrytis* issues. Mid-size, rose-shaped flowers have excellent vase life with high usable bud count. Rosita 3 varieties offer slightly larger flowers than Rosita 2.

- 2 Deep Pink
- 3 White

MARIGOLD (AFRICAN)

Tagetes erecta ●●

Coco Series

Height: 24 to 36 in. (61 to 91 cm)

Available as Ball Premier Line® seed.

Series offers uniform earliness, long stem length and fully double blooms; suitable for tighter-space production.

- Deep Orange
- Gold
- Yellow

Nosento Limegreen

Height: 28 in. (71 cm)

Available as Ball Premier Line® seed.

This scentless African Marigold shows off fully double, greenish yellow flowers and deep green foliage. Vase life is almost 3 weeks. Can be grown in cold or heated greenhouses as well as outdoors.

White Swan

Height: 23 to 31 in. (58 to 79 cm)

Available as Ball Premier Line® seed.

The first tall white hybrid marigold specially bred for professional cut flower production.

Xochi® Orange

Height: 24 in. (61 cm)

A PanAmerican Seed® product.

A great option for Summer and Fall cut flower programs, Xochi delivers stronger stems and richer colors than competing varieties. Xochi means "flower" or "princess of flowers" and is a shortened version of Xochitl, an ancient Aztec word used in Spanish today, most commonly in Mexico. Xochi offers the uniformity, good shipability and durability to meet the increasing consumer demand for Dia de los Muertos and Halloween celebrations; good for use in bouquets and grower bunches.

Set up recap reports for upcoming orders to help you with planning.

cut flowers

MATRICARIA

Tanacetum parthenium (Feverfew) ●

Tetra White Wonder

Height: 28 to 36 in. (71 to 91 cm)
Fully double blooms uniformly fill the top of the plant, making it a very productive cut flower. Blooms are pure white with citrus-yellow to lime-green centers.

Vegmo Series

Height: 28 to 36 in. (71 to 91 cm)
A PanAmerican Seed® Product.

Available as Ball Premier Line® seed.

Fast year-round crop with good uniform stems. Popular filler flower with good post-harvest life.

- Single
- Snowball Extra
- Sunny Ball
- Yellow

MATTHIOLA

Matthiola incana (Stock) ●

Canneto White

Height: 31 to 35 in. (79 to 89 cm)
About 90% double flowers. Dense flower spikes with sturdy stems. Early flowering.

SPRAY STOCK EXTRA-EARLY FLOWERING TUNNEL TYPE

Chanter Series

Height: 32 in. (81 cm)
Well-branched spray stock with strong stems. Slightly later than some other commercial sprays but dense and nicely tapered form of spikes.

- Apricot
- Blue
- Cherry
- Lavender
- Pink
- Pure White
- White

GREENHOUSE-GROWN
SELECTABLE TYPE

Cheerful Series

Height: 36 in. (91 cm)
Plants set buds without a cold period, bearing 2-in. (5-cm) blooms. Recommended for greenhouse cut flower production only, due to 95% doubleness.

- White
- Yellow

FIELD-GROWN NON-SELECTABLE TYPE

Column Stock Series

Height: 24 to 30 in. (61 to 76 cm)
A PanAmerican Seed® Product.
Column Stock will produce approximately 50% double-flowering plants.

INTERMEDIATE SUNFLOWER
(3 TO 5 FT./91 TO 152 CM)

Double Sunking

Height: 48 to 96 in. (122 to 244 cm)
Available exclusively through Ball Seed®.
Available as Ball Premier Line® seed.
Double golden yellow blooms with light faces on branched stems. 70 days.

Marley

Height: 24 to 36 in. (61 to 91 cm)
Available exclusively through Ball Seed®.
Available as Ball Premier Line® seed.
Bicolor purple and orange heads with dark faces on single stems. 55 to 65 days.

Premier F₁ Series

Height: 48 to 60 in. (122 to 152 cm)
Available as Ball Premier Line® seed.
Tall, single stem flowers with dark faces. Extra-early, pollen-free sunflower features attractive flowers with velvety, black centers. Tall, non-branching plant habit allows for more efficient cut flower processing. 45 to 55 days.

- **Lemon** Bright yellow.
- **Light Yellow** Creamy yellow.
- **Orange** Golden orange.

Ruby Eclipse

Height: 48 to 66 in. (122 to 168 cm)
Available as Ball Premier Line® seed.
One of the fastest-flowering varieties. Blooms are a mix of bicolor flowers in shades of cream, dusty-rose and ruby-red. 55 to 66 days.

New Solano Deep Orange F₁

Height: 39 to 71 in. (99 to 180 cm)
Available as Ball Premier Line® seed.
Very large, pollen-free flowers have a strong, intense orange color and deep black center. 56 days.

Sunbright Supreme F₁

Height: 48 to 60 in. (122 to 152 cm)
Available as Ball Premier Line® seed.
Pollenless, bright yellow flowers have a large, dark brown center. Earlier and more uniform than Sunbright. 70 days.

Sunrich F₁ Series

Height: 36 to 60 in. (91 to 152 cm)
Available as Ball Premier Line® seed.
Blooms 10 to 14 days earlier than Sunbright. Single-stemmed plants bear 5 to 6-in. (13 to 15-cm) flowers. The four Summer varieties flower 5 to 10 days earlier than others in the series. 60 to 66 days.

- **Gold** Green face matures to golden orange.
- **Gold Summer**
- **Lemon** Bright yellow.
- **Lemon Summer**
- **Lime** Light yellow with a green center.
- **Limoncello Summer** White-yellow with a dark center.
- **Orange** Golden yellow.
- **Orange DMR** Offers added vigor and disease resistance to multiple strains of downy mildew.
- **Orange Summer** True orange.
- **Orange Summer DMR** Features downy mildew resistance.
- **Provence Summer** Deeper orange color than Sunrich Orange. Double row of perfect petals surrounds the dark disk. Great uniformity and long vase life.

Vincent's F₁ Series

Height: 48 to 60 in. (122 to 152 cm)
Available as Ball Premier Line® seed.
Daylength-neutral series allows for flexible programming, with production of high-quality crops in early, mid and late seasons. Upward-facing flowers on strong stems have round, overlapping petals for better shipping, and an extra ring of petals for more attractive presentation. 55 days.

- **Vincent's Choice** Deep orange petals with a brown center.
- **Vincent's Choice DMR (Reintroduction)** Features downy mildew resistance.
- **Vincent's Fresh** Green center.

Ziggy Yellow Brown Bicolor

Height: 48 in. (122 cm)
Available exclusively through Ball Seed®.
Available as Ball Premier Line® seed.
This variety features a small disk and is great for bouquets. Full double rows of petals in a bicolor that is ideal for Fall.

TALL SUNFLOWER (5 to 7 ft./152 to 213 cm)

Bradley F₁

Height: 60 in. (152 cm)

Available exclusively through Ball Seed®. Available as Ball Premier Line® seed.

Big head, strong stems, opens upwards with double petals. Orange with green center. 63 days.

Cooper F₁

Height: 60 in. (152 cm)

Available exclusively through Ball Seed®. Available as Ball Premier Line® seed.

Big head, strong stems, opens upwards with double petals. Orange with black center. 63 days.

Dorit F₁

Height: 60 to 75 in. (152 to 190 cm)

Available as Ball Premier Line® seed.

Pollenless, golden yellow blooms with dark brown centers.

Double Quick Orange F₁

Height: 60 in. (152 cm)

Available as Ball Premier Line® seed.

The only single-stemmed, early-flowering double suitable for the mass market. Fully double, golden-yellow, 4 to 5-in. (10 to 13-cm) flowers have a pollenfree, green disk. Upright habit. 63 days.

Full Sun F₁

Height: 72 in. (183 cm)

Available as Ball Premier Line® seed.

Classic, golden yellow blooms are 6 to 8 in. (15 to 20 cm) wide. 65 to 75 days.

Orit F₁

Height: 60 to 75 in. (152 to 190 cm)

Available as Ball Premier Line® seed.

Pollenless, golden yellow petals with dark brown centers. 65 to 80 days.

Pro Cut F₁ Series

Height: 60 to 72 in. (152 to 183 cm)

Available as Ball Premier Line® seed.

Each bright, 4 to 5-in. (10 to 13-cm) flower features a dark, pollenless disk on single-stemmed plants.

- **Bicolor** Red and orange. 50 to 60 days.
- **Bicolor DMR** Downy mildew resistance. 45 to 50 days.
- **Brilliance** Unique petal color – yellow on outside intensifies to orange near the dark center. 55 days.
- **Gold Lite DMR** Features downy mildew resistance. 50 to 55 days.
- **Lemon** Bright yellow. 55 to 65 days.
- **Orange** 50 days.
- **Orange DMR** Features downy mildew resistance. 52 to 62 days.
- **Orange Excel** Fusion of deep orange color on upright, single-stemmed flowers. 50 days.
- **Orange Horizon** Upward-facing blooms feature overlapping orange petals and a dark center disk. 50 to 55 days.
- **Plum** 60 to 65 days.
- **Red** 55 days.
- **Red Lemon Bicolor** Red and yellow. 50 to 60 days.
- **White Lite** Creamy yellow petals with a light golden-green center. 50 to 60 days.
- **White Nite** Unique flowers open creamy vanilla and turn white after a few days of sunlight. 55 days.

Soleado Max F₁

Height: 60 to 72 in. (152 to 183 cm)

Available as Ball Premier Line® seed.

Daylength neutral. Deep orange upfacing flowers and a good vase life. 50 to 60 days.

Sunbright F₁

Height: 66 to 84 in. (168 to 213 cm)

Available as Ball Premier Line® seed.

The single-stemmed plants each bear one 5 to 7-in. (13 to 18-cm), single, bright yellow bloom. Daylength-neutral; can be grown under short days. 50 days.

Sun-Fill Series

Height: 60 to 72 in. (152 to 183 cm)

Available as Ball Premier Line® seed.

Spiky leaves at the base of the flower make this a dramatic addition to bouquets; its blooms are 3 to 4 in. (8 to 10 cm) in diameter. 50 to 55 days.

- Green
- Purple

Sunshine Max F₁

Height: 60 to 72 in. (152 to 183 cm)

Available as Ball Premier Line® seed.

Performs well under short days. Deep orange upfacing flowers and a good vase life. 55 to 65 days.

SWEET PEA Also see Annuals.

Lathyrus odoratus 🌻

Knee High Mix

Height: 24 to 30 in. (61 to 76 cm)

Colorful bush-type mix is good for cut flower gardens.

Mammoth Series

Height: 60 to 84 in. (152 to 213 cm)

Large, early flowers and long stems. Good for cut flower gardens.

- **Crimson**
- **Deep Rose**
- **Lavender**
- **Mid Blue**
- **Navy Blue**
- **Rose Pink**
- **Salmon Cream**
- **Scarlet**
- **White**
- **Mix** May contain most or all colors in the series.

Winter Elegance Mix

Height: 18 to 24 in. (46 to 61 cm)

Multiflora blend useful for flowering under short days from Winter to early Summer.

TANACETUM

Tanacetum parthenium ●

Baya White

Height: 24 to 32 in. (61 to 81 cm)

Available as Ball Premier Line® seed.

Popular variety joins the lineup to deliver many first-quality, uniform stems with attractive blooms, better disease resistance and the ability to thrive in less-than-favorable conditions. Can be grown year-round, delivering 5 to 6 crops per year when a minimum of 12 hours of light is provided.

TRACHELIUM

Trachelium caeruleum (Throatwort) ●

Corine Series

Height: 30 in. (76 cm)

Available as Ball Premier Line® seed.

Excellent for greenhouse production in early and late seasons. Also does well outdoors in warm weather.

- Light Blue
- Lilac
- Misty
- Purple
- Red
- White

New Lake Series

Height: 30 to 42 in. (76 to 107 cm)

A PanAmerican Seed® Product.

Available as Ball Premier Line® seed.

The Lake collection from seed offers simplified ordering and production. Lake varieties produce large central flower umbels with small satellites.

- **Lake Forest Purple** Lake Forest varieties are best for Winter to early Spring harvests.
- **Lake Michigan Blue**
- **Lake Michigan Purple**
- **Lake Michigan Violet**
- **Lake Michigan White**

New Supreme Early White

Height: 30 to 36 in. (76 to 91 cm)

Available as Ball Premier Line® seed.

Stem has a large central cluster of star-shaped flowers surrounded by several smaller umbels on side branches.

ZINNIA Also see Annuals.

Zinnia elegans ●

Benary's Giant Series

Height: 40 in. (102 cm)

Available as Ball Premier Line® seed.

Thick stems hold 4 to 5-in. (10 to 13-cm), fully double blooms with excellent yield per plant.

- **Bright Pink**
- **Carmine**
- **Coral**
- **Deep Red**
- **Golden Yellow**
- **Lilac**
- **Lime**
- **Orange**
- **Purple**
- **Salmon Rose**
- **Scarlet**
- **White**
- **Wine**
- **Mix** May contain most or all colors in the series.

Cut & Come Again Mix

Height: 18 to 24 in. (46 to 61 cm)

Available as Ball Premier Line® seed.

Great for cutting, this bright mix shows a complete color range. Fully double to semi-double flowers have flat petals and grow up to 3 in. (8 cm) in diameter.

Giant Dahlia Mix

Height: 36 in. (91 cm)

Double-flowered, 3.5 to 4-in. (9 to 10-cm) blooms on long, sturdy stems. A mix of yellows, roses, scarlet, green, orange, pink, red, purple and coral.

Oklahoma Mix

Height: 30 to 40 in. (76 to 102 cm)

Powdery mildew-tolerant plants bear 1.25 to 1.5-in. (3 to 4-cm), double and semi-double blooms.

Queen Series

Height: 18 to 24 in. (46 to 61 cm)

Produces a mass of fully double, 2.5 to 3-in. (6 to 7-cm) flowers. Well-branched, upright plants supply a high number of sturdy flower stems. Long vase life. Also makes a good garden cut flower.

- **Lime**
- **Lime Blotch**
- **Lime Red** Exotic bicolor – maroon petals topped with lime green.
- **Pure Orange**

Queeny F₁ Series

Height: 18 to 24 in. (46 to 61 cm)

Award-winning, one-of-a-kind color.

Show-stopping colors! The long-lasting, 2 to 4-in. (5 to 10-cm), dahlia-like blooms sit atop sturdy, compact plants.

- **New Lemon Peach**
 - **Lime Orange**
- All-America Selections Winner.*

Imperial Star Artichoke

NEW Dragon's Fire Arugula

Outlaw Bean

All varieties supplied as seed are sold by seed count.
 ● All vegetable varieties perform best in full-sun conditions.

ARTICHOKE Approximate Seed Count/lb. Days

Green Globe Globe-shaped green buds with purplish base. Productive and good-tasting. 9,900 Perennial

Imperial Star Developed to be grown as an annual, the thornless, 4.5-in. (11-cm) flower buds are round and slow to spread open when mature. More productive and tender with a sweeter, milder flavor than other Green Globe strains. 10,800 150

ARUGULA Approximate Seed Count/lb. Days

New Dragon's Fire Spicy, flavorful arugula is perfect in salads and sandwiches. Its oak leaf-shaped, serrated leaves feature vivid-colored maroon veins. 1,170,000 45-50

ASPARAGUS Approximate Seed Count/lb. Days

UC 157-F2 Very early, deep green spears are smooth with tight, uniform tips. Vigorous. 25,800 Perennial

BEAN Approximate Seed Count/lb. Days Pod Size Pod Color

Blue Lake Bush Excellent fresh, frozen or for canning. 12 to 22-in. (30 to 56-cm) plants are widely adaptable with heavy yields. Good resistance to common diseases. 1,300 56 6 in. (15 cm) Green

Blue Lake Pole Sweet and fiberless. Excellent for fresh use, freezing or canning. 5 to 6-ft. (1.5 to 1.8-m) vines. 1,800 60 6 in. (15 cm) Green

Caprice Plant produces straight, smooth pods that have slow seed development, a fine eating quality and an attractive medium-dark green color. Good resistance to common diseases. 1,800 60 5.5-6 in. (14-15 cm) Medium-dark green

New Derby Medium-dark green beans have long, straight, round pods that remain tender, are easy to pick and excellent fresh or frozen. Enjoy a successful and bountiful harvest. *All-America Selections Winner.* 1,300 57 7 in. (18 cm) Green

Gold 'N Green Mix II A Ball Ingenuity™ product, available exclusively through Ball Seed®. Two-color gourmet mix of slender, French filet type beans that are crisp and stringless, slightly sweet and tender. Bush-type. Good resistance to common diseases. 1,800 55 4.5-5.5 in. (11-14 cm) Green/gold

Kentucky Wonder Heirloom pole bean. 1,300 58 8 in. (20 cm) Green

Mascotte Perfect for small-space gardens and containers – dwarf, 16 to 18-in. (41 to 46-cm) plants produce slim, stringless beans continuously for a long harvest window. Easy to pick; good ornamental when flowering. Resists lodging. *All-America Selections Winner.* 3,100 50 6 in. (15 cm) Green

Outlaw An upright, bush-style variety for the fresh market, Outlaw produces concentrated sets of dark, glossy, straight pods and is widely adapted to many growing regions. High Resistance to bean mosaic virus. 1,800 57 5.2 in. (13 cm) Medium-dark green

Serpedor Stringless flat Romano wax bean. 1,300 65 6 in. (15 cm) Yellow

Valentino Notable for its ability to set pods under heat and drought stress, making it an excellent choice for growers planning to harvest in mid-Summer. High Resistance to bean mosaic virus. 1,800 56 5.3 in. (13 cm) Medium-dark green

BEAN continued		Approximate Seed Count/lb.	Days	Pod Size	Pod Color
Velero	Romano-type bean sets pods high on upright plants. Plants yield pods with high-quality interiors and excellent flavor. High Resistance to bean mosaic virus and curly top virus.	1,000	56	6 in. (15 cm)	Medium-dark green
Velour	Stringless dwarf French bean has eye-catching purple pods along with great taste and texture. Compact bush habit. Good resistance to common bean diseases.	2,700	55	5-6 in. (13-15 cm)	Dark purple
Victor F1	Compact, easy-to-harvest plants produce absolutely stringless, extra-fine, straight pods. High Resistance to bean mosaic virus and Anthracnose.	2,200	55	5-6 in. (13-15 cm)	Gold
BEET		Approximate Seed Count/lb.	Days		
Avalanche	Quick and easy to grow, and a real taste treat. The uniformly shaped roots are creamy white with no reddish tinge and offer a mild, very sweet flavor with no bitter, earthy aftertaste. Harvest at 2.75 to 3 in. (7 to 8 cm) and enjoy raw or cooked. Proven less incidence of hollow stem. <i>All-America Selections Winner.</i>	27,600	50		
Bull's Blood	Heirloom variety. Harvest dark red-purple foliage in 35 days for baby leaf tops. Best for ornamental use.	27,200	60		
Chioggia Guardsmark	Unique candy-striped root interiors plus increased uniformity and bolt tolerance make this new strain of a popular Italian heirloom ideal for specialty markets.	47,000	60		
Fresh Start F1	Developed for baby leaf use, this fast-growing variety has smooth, dark green leaves with well-defined veins and dark red petioles. Early, very uniform plants have High Resistance to downy mildew, especially important in East and West Coast markets.	26,300	25-35		
Merlin F1	Higher sugar content (12-15%) in comparison to standard beet varieties, making it a perfect choice for processors, fresh market growers or home gardeners. Smooth, red, globe-shaped roots with small-medium crowns and tap roots.	35,200	85-90		
Rainbow Mix II	Stunning mix includes 5 colorful, sweet-tasting varieties. Harvest at baby size to eat raw or pickled; use mature roots for cooking. Stems and leaves are tasty in salads and steamed.	44,000	55		
Touchstone Gold	Vibrant yellow-to-golden, smooth, globe-shaped roots with medium-sized crowns and tap roots. This variety is mid to late maturing. Intermediate Resistance to Cercospora Leaf spot.	49,700	85-90		

BROCCOLI	Approximate Seed Count/lb.	Days	Color
Artwork F1 Unique stem broccoli produces a tasty "bouquet" that can be eaten in its entirety – from the 6 to 8-in. (15 to 20-cm) stems to finely beaded heads. Gardeners simply pinch off the main head at just 0.75 to 1.5 in. (2 to 4 cm) and plants produce tender side shoots long into the season. Resists warm temperature bolting better than others on the market. Proven less incidence of hollow stem. <i>All-America Selections Winner.</i>	101,000	106	Dark green
New Burgundy First-ever whole head purple sprouting broccoli. Completely edible and tender throughout. Very uniform and holds color well.	86,000	70	Purple
New Centennial Centennial plants are early and medium-sized with large, smooth, small-beaded heads. The stems are long with minimal side shoots. Excellent fresh or frozen.	91,000	83-86	Green
Destiny F1 This mid-early, compact, heat-tolerant broccoli variety features medium-small green beads, a smooth dome and a round shape. A flavorful source of Vitamins A and C. Suited for Fall harvest when planted in Summer.	89,000	89	Green
New Dynasty Mid-late maturing broccoli variety with smaller, lower leaf attachments to aid with ease of harvests. Medium plant size with smooth, well dome-shaped, medium green heads that are anthocyanin free. High yielding and harvests uniformly. Excellent fresh or frozen.	97,600	86-90	Green
Emerald Crown F1 Medium-maturing, very uniform, heavy-headed, domed variety with small beads on a small-framed plant. Resists purpling.	79,000	93	Blue-green
Emerald Jewel F1 A Ball Ingenuity™ product, available exclusively through Ball Seed®. Small-beaded, smooth-headed, clean-stemmed variety. Best for late Spring/early Summer and late Fall harvest. Resists some races of clubroot.	116,000	110	Green
New Empire A high-domed, smooth head with great weight and deep emerald color. The large, tightly packed heads are best used as whole crowns.	97,600	90-95	Green
Green Magic F1 Summer-to-Fall broccoli has semi-domed, tight heads with medium-small beads and good plant habit. Widely adaptable.	109,000	90	Blue-green
Lieutenant F1 Impressive performer in Summer heat when well-watered. Medium-high domes are very smooth, with fine beads and smooth, mid-sized stems with minimal hollow stem. Upright plants have minimal side shoots. Very uniform maturity. Reliable performer is especially well-suited to warm growing conditions. Reliable variety for crown production in the northeast United States and parts of Canada. Low prevalence to cat eye.	98,000	75-80	Dark green
Marathon Industry standard is uniform and high-domed with small beads and heavy heads.	87,000	97	Blue-green
Monflor Florets separate with just one cut for quick kitchen prep. Bred for a flat, loose head with separated small florets on long stems.	135,200	63	Green
Waltham Compact with many side shoots. Best for late Summer/Fall harvest.	135,000	60-90	Dark blue-green

Jade Cross Brussels Sprouts

Primo Vantage Cabbage

Stonehead Cabbage

NEW Stellar Vantage Cabbage

Big Flat Head Cabbage

Headstart Cabbage

Katarina Cabbage

BRUSSELS SPROUTS

Jade Cross F1 Vigorous, extra-early variety produces medium-firm, deep green, 1-in. (3-cm) sprouts with excellent flavor. Tolerates heat stress.

Approximate Seed Count/lb. Days

118,000 90

Long Island Green Stocky, semi-dwarf plants produce lots of tasty green sprouts on short, self-supporting stems. Heirloom variety.

146,000 90

New Silvia F1 Early maturing compact plants. The green sprouts are tightly packed with 40-50 sprouts per stalk. Excellent roasted, sauteed or steamed.

81,000 100-105

HYBRID CABBAGE

Big Flat Head F1 Flat specialty cabbage produces sweet, tender heads with a very short core and less dense interior for easy slicing and shredding.

Approximate Seed Count/lb. Days Weight Color

89,000 80-85 5-7 lb. (2.3-3.2 kg) Green

Headstart F1 Quick to mature at 60-70 days from transplant, the new cabbage features bright green, round/slightly flattened heads; best used fresh for slaw, sauerkraut or slow cooking.

83,000 60-70 3.5 lb. (1.6 kg) Green

Katarina F1 A white cabbage variety in the Golden Acre type. A very early cabbage with smooth, round, 4-in. (10-cm) heads with tightly packed leaves. Can be grown in containers or in garden beds as an ornamental/edible border. Productive and uniform, with a good standing ability. *All-America Selections Winner.*

74,000 59 2-3 lb. (0.9-1.4 kg) Green

Platinum Dynasty F1 Dome-shaped heads are highly uniform. High Resistance to *Fusarium*. Long field-holding ability.

94,000 75 4.4 lb. (2 kg) Green

Primo Vantage F1 Excellent uniformity, holding ability and a short core. Mid-early maturity with great flavor. Juicy, tender and sweet. Has performed well in the East, West and Desert Southwest. Resistance to *Fusarium* yellows race 1.

90,000 75 4-4.5 lb. (1.8-2 kg) Dark green

Red Jewel F1 High-yielding variety matures early and uniformly. Round deep red heads have a short core.

108,000 75-80 3-5 lb. (1.4-2.3 kg) Red

Ruby Ball F1 Early-maturing, deep red cabbage is sweet tasting and attractive. Firm, round head resists splitting, tolerates both cold and heat, holds in the field a long time and stores well after harvest. Excellent cooked or raw in salads. *All-America Selections Winner.*

127,000 65 3-4 lb. (1.4-1.8 kg) Red

Ruby Perfection F1 Slow to bolt.

120,000 80 2-3 lb. (0.9-1.4 kg) Deep red

Savoy Ace F1 Available as Ball Premier Line® seed. Early savoy type has globe-shaped heads with fine leaves. Moderate cold tolerance. Recommended for Fall to Winter harvest. Good holding; widely adapted. *All-America Selections Winner.*

112,000 80 3.5 lb. (1.6 kg) Deep green

Savoy Alcosa F1 Earliest savoy makes small, dense, crinkled heads with thin, yellow interior leaves. Compact plants are good in small-space gardens for Spring and early Summer production.

75,000 62 2-4 lb. (0.9-1.8 kg) Blue-green

New Stellar Vantage This variety has mid-late maturity with nice, dense heads and short cores. Resistant to *Fusarium* yellows race 1 and has Intermediate Resistance to Black Rot.

124,100 85 4.5 lb. (2 kg) Green

Stonehead F1 Nearly round heads have excellent holding. Yellows resistant. *All-America Selections Winner.*

97,000 50 2-2.2 lb. (0.9-1 kg) Green

HYBRID CABBAGE <i>continued</i>	Approximate Seed Count/lb.	Days	Weight	Color
New Xtreme Vantage Very good uniformity with a good disease package showing strong resistance against Black rot and a strong tolerance to tip burn.	101,500	75-80	6 lb. (2.7 kg)	Blue-green
Zenon F1 Beautiful heads hold their color well during a long storage period. High-yielding variety has <i>Fusarium</i> resistance.	104,800	130-135	9-9.5 lb. (4.1-4.3 kg)	Light green
HYBRID CHINESE CABBAGE	Approximate Seed Count/lb.	Days	Weight	Color
Blues F1 High-quality, extra-early Napa type is a vigorous grower that is extra slow to bolt, and has good virus and disease resistance. Tender, tasty leaves are good for cooking and pickling.	137,000	57	4.5 lb. (2 kg)	Medium green, white ribs
China King F1 Early maturing, miniature Napa cabbage produces barrel-shaped heads with yellow interior color. Slow bolting and tolerant of tip burn. Compact shape makes this a good choice for close spacing. Days: 55 from transplant, 75-80 from direct sow.	142,000	55-80	2 lb. (0.9 kg)	Green
NON-HYBRID CABBAGE	Approximate Seed Count/lb.	Days	Weight	Color
Cheers F1 Mid-season variety produces very uniform, globe-shaped heads that have good wrap and are slow to burst. Moderate heat tolerance. High resistance to <i>Fusarium</i> yellows. Moderate resistance to Black Rot.	103,000	75	5 lb. (2.3 kg)	Blue-green
Early Jersey Wakefield F1 Quickly produces large, dense, elongated 7-in. (18-cm) heads, with a distinctly sweet flavor that is ideal for eating raw in salads and slaws, cooking or pickling.	110,000	60-75	2-4 lb. (0.9-1.8 kg)	Dark green
Fast Vantage Matures quickly, resulting in 2-lb. (1-kg), medium green heads up to 6 weeks earlier than other cabbage varieties.	112,000	59	2.5 lb. (1.1 kg)	Medium green
Golden Acre Resistant Very early, high-quality cabbage has dense, solid, spherical heads. Plants are very compact relative to the size of the heads. Fine for cole slaw, stir fry and other fresh uses.	117,000	65	2-3 lb. (0.9-1.4 kg)	Light green
Golden Cross F1 Round heads, medium cores.	97,000	40	2.2 lb. (1 kg)	Blue-green
Late Flat Dutch F1 Known for its solid head and excellent flavor, Late Flat Dutch is a late-season cabbage with excellent flavor. Heads form up to 12 in. (30 cm) and weigh as much as 15 lb. (7 kg).	130,000	100	10-15 lb. (4.5-6.8 kg)	Blue-green
Sweet Slaw Available exclusively through Ball Seed®. This sweet, green cabbage has a smooth, dense, cone-shaped head perfect for slicing and shredding. With a long harvest window, you'll get to enjoy more of this sweet, green cabbage. It is resistant to cracking, and is great for sauerkraut and cole slaw.	157,000	65	2-2.2 lb. (0.9-1 kg)	Green
Sweet Thang Available exclusively through Ball Seed®. This non-heading cabbage offers thick, sweet-tasting white veins with attractive dark green leaves. Features a uniform head and short core. Better tasting than collards or kale.	128,000	65	Non-heading	Green

Malbec Carrot

Depurple Cauliflower

Harlequin Mix Carrot

Flame Star Cauliflower

Cheddar Cauliflower

Clementine Cauliflower

CARROT

Harlequin Mix F1 Eye-catching Nantes type produces a mix of colors, including purple, white, orange and yellow, each with a slightly different flavor.

Approximate Seed Count/lb.	Days
360,000	70

Malbec F1 Available as Ball Premier Line® seed. Red imperator carrot for main season production. Strong, smooth, uniform 10-in. (25-cm) root with consistent color throughout allows for a variety of end uses, such as slices, minis or whole roots. Strong tops with good disease resistance. Excellent end-product quality makes this a reliable choice for growers in diverse climates.

206,000	60-70
---------	-------

Orangeblaze F1 Good quality Cello/Jumbo carrot for the Northeast and Canada. Also makes a smooth, cylindrical, high-quality root in a variety of soil types in the Midwest.

270,000	68
---------	----

CAULIFLOWER

Amazing Classic variety produces self-wrapping, rounded, 10-in. (25-cm) heads that are bright white with deep dome. Large, dense plants are uniform and vigorous. "Amazing" holding ability for very long harvest period. Can harvest at "baby" size.

Approximate Seed Count/lb.	Days	Color
95,000	75	White

Cheddar 25% more beta-carotene than standard white types – excellent source of Vitamin A. With great quality and an attractive orange head, Cheddar produces firm curds with smooth, domed heads.

93,000	80-84	Yellow-orange
--------	-------	---------------

Clementine Eye-catching deep orange curds have a mild, sweet and nutty flavor. Curds hold their color well when cooked.

132,500	67	Deep Orange
---------	----	-------------

Depurple The lavender-hued curds on this variety bring a unique look to salads and satisfy nutrition seekers with added antioxidants that give Depurple its color.

95,300	80-100	Purple
--------	--------	--------

Flame Star Stunning pastel-orange heads are ideal for the specialty color market; widely adaptable with uniform maturity and consistent performance, even under heat stress.

119,000	55-60	Pastel orange
---------	-------	---------------

Graffiti F1 Very flavorful and eye-catching heads retain their bright purple color even when cooked. Mid-size, 8-in. (20-cm) diameter heads are wrapped with dark purple-green leaves on large, uniform plants.

88,000	80-90	Purple
--------	-------	--------

Minuteman F1 Widely adaptable with the ability to perform well in heat, this early hybrid for Summer and Fall harvest has a large, dense, uniform head with good color.

133,000	65-70	White
---------	-------	-------

CAULIFLOWER	Approximate Seed Count/lb.	Days	Color
Multi Head White F₁ Easily branches with multiple heads per plant. Small leaves. Never turns bitter in the sun.	114,000	75	White
Self Blanche Pure white heads are well-shaped and fine-textured.	116,000	65	White
Snow Crown F₁ Vigorous grower. Good for fresh/frozen use. <i>All-America Selections Winner.</i>	89,000	70	White
Steady F₁ Early, vigorous plants have excellent internal wrap. Produces dense, dome-shaped, 7-in. (18-cm) heads with excellent flavor. Good variety for early Summer with consistent performance in many environments.	113,000	94	White
Twister F₁ Heads are tight, heavy and bright white with a spiraling internal wrap; mid-maturing with very uniform harvests and near perfect appearance when grown in a slot (Spring or Fall in most regions).	143,000	75-80	White
Veronica F₁ "Italian" type produces very symmetrical and spiraled, lime green heads with tightly beaded, pointed, 6-in. (15-cm) domes. Useful raw, cooked or pickled, with a milder, sweeter flavor than standard cauliflower. Holds its vibrant color even when cooked. Excellent heat tolerance.	99,000	77	Lime green

CELERIAC	Approximate Seed Count/lb.	Days
----------	----------------------------	------

CELERY	Approximate Seed Count/lb.	Days
--------	----------------------------	------

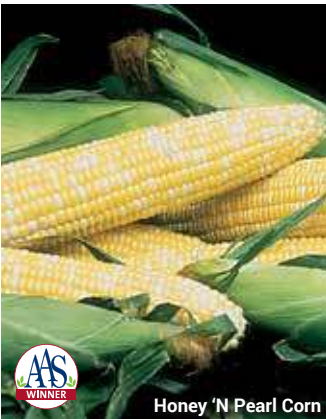

Tango Available as Ball Premier Line® seed. Early, very heavy yielder with extremely smooth stalks. Excellent eating quality – tender, sweet and not stringy.

Make seed order management simple and smarter. Keep track of seed purchasing, receiving and planning.

American Dream Corn

Honey 'N Pearl Corn

Obsession Corn

Georgia Collards

Top Bunch 2.0 Collards

COLLARDS	Approximate Seed Count/lb.	Days
----------	----------------------------	------

Flash F1 Early, very uniform Vates-type has smooth, dark green leaves on open, upright plants. Very slow to bolt, with repeated harvests.	79,000	75
Georgia Popular high-yielding variety produces tender, moist greens on non-heading, 30 to 36-in. (75 to 90-cm) plants.	133,000	80
Morris Heading An old-time favorite with broad wavy leaves on tall, fast-growing plants that reach 24 to 36 in. (61 to 91 cm) tall.	159,000	75
Top Bunch 2.0 F1 An early-maturing hybrid, Top Bunch has wavy, lightly savoyed blue-green leaves. Excellent yielder regrows quickly after harvest. Generally earlier and more uniform than open-pollinated types. High bolt resistance.	76,000	71
Vates A classic collard with flattened, deep green leaves and a sweet, satisfying flavor.	122,000	75

SWEET CORN	Approximate Seed Count/lb.	Days	Length	Color
------------	----------------------------	------	--------	-------

American Dream F1 Offers superb eating quality, a very tender kernel and outstanding flavor. Strong, clean 6-ft. (1.8-m) plants hold their ears at 26 in. (66 cm) and have Intermediate Resistance to Northern Corn Leaf Blight. Isolation required. <i>All-America Selections Winner.</i>	2,700	78	7.5 in. (19 cm)	Yellow/white
Devotion White F1 Ideal option for the grower searching for a high-quality white corn hybrid with both a nice husk package and superb eating quality. Tender and super sweet.	3,600	82	11 in. (28 cm)	Bright white
Honey 'N Pearl F1 Early-maturing, tender bicolor. <i>All-America Selections Winner.</i>	2,700	76	9 in. (23 cm)	Yellow/white
Jubilee F1 Very sweet, large-yielding.	2,200	87	8.5-9 in. (22-23 cm)	Yellow
Obsession F1 One of the most tender and delicious bicolor varieties you can grow.	3,500	81	8.5 in. (22 cm)	Yellow/white
Silver Queen F1 Popular late-season variety produces large, 8 to 9-in. (20 to 23-cm) long ears, with 14 to 16 rows of white kernels; plants grow to 8 ft. (2 m).	2,700	92	8-9 in. (20-23 cm)	White

ORNAMENTAL SWEET CORN	Approximate Seed Count/lb.	Days	Length	Color
-----------------------	----------------------------	------	--------	-------

Glass Gems Kernels are in a wide range of translucent, multicolored shades. The ears and stalks are great for ornamental use; the kernels may be used to make popcorn or ground into cornmeal for tortillas.	2,700	110-120	3-8 in. (8-20 cm)	Multicolor
---	-------	---------	-------------------	------------

CUCUMBER

Types:

M: Monoecious plants produce separate male and female flowers on the same plant.

G: Gynocercious plants produce only female flowers for higher and more concentrated yields

BURPLESS CUCUMBER	Approximate Seed Count/lb.	Days	Type	Length
Burpless Supreme F1 Sweet, dark green fruit, many seedless. Resists Watermelon mosaic virus.	19,500	55	G	7.5 in. (19 cm)
New Summer Dance Glossy, deep-green 9-in. fruits are packed with sparkling refreshment. Japanese burpless variety grows like crazy, sending out numerous lateral vines for high yields. High Resistance to downy mildew and powdery mildew; tolerant to heat stress.	18,400	55	M	9 in. (23 cm)
Summer Top High yields of very uniform, burpless, 3 to 3.5-oz. (85 to 99-g) fruit that is deep green with white spines. Heat tolerant; highly resistant to downy mildew, powdery mildew, Anthracnose and Cucumber mosaic virus.	18,600	40	M	8 in. (20 cm)
Sweet Success F1 Seedless variety produces high yields of sweet, burpless fruit. Parthenocarpic – no pollinator required. Long, straight cucumbers have a refreshing taste. High disease resistance to Scab and Target leaf spot. <i>All-America Selections Winner.</i>	13,100	54	G	12 in. (30 cm)
Tasty Green Smooth, dark green fruit. Very compact and productive Japanese-type.	15,000	60	M	9 in. (23 cm)
PICKLING CUCUMBER	Approximate Seed Count/lb.	Days	Type	Length
Bush Pickle Bush-type habit for small gardens/containers. Crisp and tender, with cool, mild flavor.	16,300	54	M	4-5 in. (10-13 cm)
Corentine This extra-early cuke is a European gherkin type that's both burpless and seedless, producing pickling-sized fruits with dark green skins, short spines and tasty interior.	17,250	45	M	4-6 in. (10-15 cm)
Eureka F1 Cucumber hybrid has High Resistance to Watermelon mosaic virus, Zucchini yellow mosaic virus, angular leaf spot, and Scab. Intermediate Resistance to Cucumber mosaic virus, Papaya ringspot virus, Anthracnose race 2 and powdery mildew. Harvest at 3 in. (8 cm) for pickling.	18,600	57	M	3-5 in. (8-13 cm)
GherKing F1 A PanAmerican Seed® Product. Produces early, large yields of bitter-free fruit that won't turn bitter if left on the vine. Cylindrical, dark green gherkins with white spines are perfect for pickling and fresh eating. High Resistance to Scab and Cucumber mosaic virus. Intermediate Resistance to powdery mildew and downy mildew.	21,700	55-60	G	3-5 in. (8-13 cm)
Homemade Pickles Bush-type plants bear medium green fruit with small white spines and solid core. Harvest at 1.5 in. (3 cm) for baby sweets. Good disease resistance.	18,100	60-65	M	5-6 in. (13-15 cm)
Parisian Gherkin Crisp, sweet fruit can be picked at midget or small pickle stage for pickling or enjoyed fresh. Semi-vining plants perform well in-ground or staked in containers. Disease resistance to Cucumber mosaic virus, powdery mildew and Scab. <i>All-America Selections Regional Winner.</i>	20,400	50	M	2-4 in. (5-10 cm)
Petipikel F1 Patio variety makes a compact, short-vined plant. Tidy and attractive; produces many crisp, sweet pickling cucumbers continuously.	15,800	60	M	4-5 in. (10-13 cm)
Pick A Bushel F1 Excellent heat-tolerant pickler that can be harvested at gherkin or spear size. High-yielding, semi-bush plants work well in planters and gardens. <i>All-America Selections Regional Winner.</i>	18,100	50	M	3-6 in. (8-15 cm)

Peticue Cucumber

NEW Telegraph Improved Cucumber

Patio Snacker Cucumber

Salad Bush Cucumber

Saladmore Bush Cucumber

SLICING CUCUMBER

	Approximate Seed Count/lb.	Days	Type	Length
Burpee Hybrid II F1 Dark green with white spines.	14,900	57	G	8.5 in. (22 cm)
Bush Crop F1 Bush-type habit for small gardens/containers. Produces an abundant crop of nice, straight cucumbers.	15,400	62	M	6-8 in. (15-20 cm)
Diva Non-bitter with tender skin. Disease resistance to Scab, powdery mildew and downy mildew. <i>All-America Selections Winner.</i>	18,600	58	G	4-5 in. (10-13 cm)
Gateway The next class of slicing cucumbers has arrived! Gateway boasts outstanding quality fruit along with a vigorous, strong plant. With Intermediate Resistance to downy mildew, this variety stands out among other varieties for its strong disease package and great adaptability for the home gardener.	18,600	50	M	8.5-9 in. (22-23 cm)
Marketmore 76 Non-fading, dark green fruit. Resists powdery/downy mildew.	18,600	66	M	9 in. (23 cm)
Martini F1 A PanAmerican Seed® Product. Stands out from the competition for its non-yellowing white exterior and earlier yields. Very tender, "no peel" skin if harvested at 5 to 6-in. (13 to 15-cm) length; larger fruit will need peeling. White interior is bitter-free, very sweet and crunchy. Powdery mildew resistant.	20,400	55-60	M	5-6 in. (13-15 cm)
Patio Snacker F1 A PanAmerican Seed® Product. Short vining plant is well-branched and high-yielding, producing dark green fruits with great flavor and nice crunch. Great for large containers with a small trellis.	17,200	50-55	M	8 in. (20 cm)
Peticue F1 Compact variety has vines only 24 in. (61 cm) long, making it ideal for containers. High yields of great-tasting fruit through the Summer with continued harvesting.	17,200	60	M	8 in. (20 cm)
Salad Bush F1 Early, compact plants are good for small gardens, containers. Uniform, cylindrical, dark green slicing cucumbers. Disease resistance to Cucumber mosaic virus and Scab. <i>All-America Selections Winner.</i>	14,000	57	M	8 in. (20 cm)
Saladmore Bush F1 Semi-bush vines that set sweet and crisp, dark green fruit continuously with regular harvest. Multiple disease resistance is especially valuable in warmer climates. <i>All-America Selections Regional Winner.</i>	15,400	55	G	7-8 in. (18-20 cm)
Slice More F1 Produces high yields of smooth, long, dark green slicing cukes with very small seed cavity. Highly resistant to Scab.	14,900	63	G	8.5 in. (22 cm)
Spacemaster This compact cucumber is ideal for containers or hanging baskets. Its short, hardy vines produce slender, dark green fruits. It is prolific and great in salads or plain. Disease resistance to Cucumber mosaic virus and Scab.	17,700	56	M	8 in. (20 cm)
Straight Eight Vigorous, productive vines benefit from trellising.	18,100	63	M	7-8 in. (18-20 cm)
New Telegraph Improved Produces excellent yields of 15 to 18-in. (38 to 46-cm) long, dark green, burpless cucumbers that stay crisp and fresher longer than other varieties.	18,600	60	M	10-18 in. (25-46 cm)

Asian Delite F1 A PanAmerican Seed® Product. Slender, elongated eggplants are glossy with bright purple skin and white, tender, non-bitter flesh. Fruit can be sliced lengthwise for grilling or lightly frying, and tender skin does not need to be peeled. Plants are upright and semi-spineless.	112,000	50-55	Elongated	Bright purple
Black Beauty Available as Ball Premier Line® seed. 24 to 28-in. (61 to 71-cm) plants.	103,000	82	Oval	Dark purple
Classic F1 Available as Ball Premier Line® seed. Glossy, 8 to 9-in. (20 to 23-cm) fruit. 76 days to maturity; teardrop fruit shape; purple-black color.	112,000	76	Teardrop	Purple-black
Fairy Tale F1 A PanAmerican Seed® Product. Available as Ball Premier Line® seed. Clusters of 3 to 5, sweet, bitterfree fruit up to 2 weeks earlier than others. 18 to 24-in. (46 to 61-cm) plants; good for small spaces and containers. All-America Selections Winner.	142,000	55	Teardrop	Lavender, white stripes
Gretel F1 A PanAmerican Seed® Product. Available as Ball Premier Line® seed. Earliest white eggplant produces clusters of glossy white mini-fruit, about 3 to 4 in. (8 to 10 cm) long. Petite, 3-ft. (91-cm) plants are great for containers and gardens. All-America Selections Winner.	131,000	55-60	Elongated	White
Hansel F1 A PanAmerican Seed® Product. Available as Ball Premier Line® seed. Early-maturing, highly productive variety produces clusters of glossy black-purple eggplants. Non-bitter, tender fruit can be used in many culinary recipes. Like white Gretel, the petite, 3-ft. (91-cm) plants can be grown in-ground or in large containers, with or without support. All-America Selections Winner.	150,000	50-55	Elongated	Dark purple
Little Fingers Available as Ball Premier Line® seed. Slim, 6 to 8-in. (15 to 20-cm) fruit in clusters of 3 to 6. Spineless for easy picking. 68 days to maturity; Asian fruit shape; dark purple color.	123,000	68	Asian	Dark purple
Louisiana Long Green Prolific plants bear 3 by 8-in. (8 x 20-cm) fruit with creamy white flesh and mild sweet flavor.	131,000	100	Asian	Light green
Patio Baby F1 A PanAmerican Seed® Product. Available as Ball Premier Line® seed. A unique, high-yielding, compact variety that produces individual-size, 2 to 3-in. (5 to 8-cm) long eggplants very early with a wide harvest window. Well-suited to containers and gardens. All-America Selections Regional Winner.	85,000	40-45	Egg	Purple-black
Pot Black Small, glossy 2 to 3-oz. (57 to 85-g) fruits are as attractive as they are tasty. Bushy, compact plants are perfect for containers and in-ground gardens.	112,000	58-62	Oval	Black

EGGPLANT continued	Approximate Seed Count/lb.	Days	Fruit Shape	Color
Rosa Bianca Italian heirloom. Meaty, mild, 5 to 8-in. (13 to 20-cm) fruit. 30-in. (75-cm) plants. 75-90 days to maturity; oval fruit shape; light pink color with white shading.	114,000	75-90	Oval	Light pink, white shading
Satin Moon F1 A Ball Ingenuity™ product, available exclusively through Ball Seed®. Available as Ball Premier Line® seed. Produces bushy plants that spread up to 28 in. (71 cm) and bear 6 to 8-in. (15 to 20-cm), almost smooth fruit with flavorful and firm, high-quality flesh. Great for northern climates.	96,000	50	Oval	Purple-black
Shikou F1 Available as Ball Premier Line® seed. Long, 6 to 8-in. (15 to 20-cm) fruit have thin and tender, glossy skin; very white interior and very few seeds. Attractive, mid-size plants are very productive and semi-spineless.	92,900	70-80	Asian	Purple-black
Snowy Mild, non-bitter flavor. Early, vigorous, 30-in. (76-cm) plants.	112,000	60	Oval	White

FENNEL	Approximate Seed Count/lb.	Height
Orion F1 Smooth, round bulbs for early through late Fall production. Very uniform; resists bolting and tip burn.	109,000	18-24 in. (46-61 cm)

GOURD	Approximate Seed Count/lb.	Days
New Birdhouse Martinhouse Tan, smooth, hard-shelled gourd grows up to 15 in. long.	3,600	100
New Hoargarth This distinctive orange and dark green gourd will add texture to Fall displays. The wart-covered fruit are 7 in. wide and 5 in. long.	5,300	90
New Large Apple Large hard-shelled gourd shaped like an apple. Mottled green skin dries to brown; very long shelf life. Best used for crafting and birdhouse.	2,400	120
New Speckled Swan With their graceful form and alluring color, swan-necked gourds are naturally ornamental. This variety's large round base is topped with a thick curved neck with a bulbous tip, giving its swanlike effect. The deep green fruits, speckled with light green speckles, weigh about 3 lb.	2,200	100

SIMPLYHERBS™ COLLECTION	Approximate Seed Count/lb.
A PanAmerican Seed® product. Available as Ball Premier Line® Precision™ Multi-Pellets. Single-species, multi-seed pellets give growers the easy and economical way to grow the most popular herbs. One plug in a 4-in. (10-cm) pot gives a nice fast fill – no wasted seed. Healthier, more uniform plants make great-looking retail programs.

Dolce Fresca Basil

Boxwood Basil

Everleaf Genovese Basil

Genovese Emily Basil

Floral Spires White Basil

Everleaf Emerald Towers Basil

NEW Crimson King Basil

ANNUAL HERBS

Approximate Seed Count/lb. Height

All herbs are **Patio Produce** varieties – ideal for use in containers and small-space gardens.

Basil Aristotle (<i>Ocimum basilicum</i>) Small leaved, highly aromatic and disease resistant, with a neat, rounded habit – looks as good as it tastes. Performs well even in poor weather.	378,000	10 in. (25 cm)
Basil Boxwood (<i>Ocimum basilicum</i>) A Ball Ingenuity™ product, available exclusively through Ball Seed®. Available as Ball Premier Line® seed. This compact, small-leaved herb makes a highly ornamental and fragrant edging or container. It's great for pesto, too! Extremely bushy and productive, even on the hottest days.	182,000	10-12 in. (25 to 30 cm)
Basil Cardinal (<i>Ocimum basilicum</i>) Tightly packed, cardinal red blooms top strong burgundy stems and smooth, dark green leaves. Vigorous. A beautiful ornamental and a tasty culinary herb.	243,000	24-30 in. (61 to 76 cm)
Basil Cinnamon (<i>Ocimum basilicum</i>) Sweet cinnamon aroma. Flat dark green leaves, purple stems/flowers. Also a lovely ornamental.	330,000	24-36 in. (61 to 91 cm)
New Basil Crimson King (<i>Ocimum basilicum</i>) Red Genovese type basil variety, bred for its uniform leaves and greater vigor than other red varieties. Excellent flavor.	113,600	18 in. (46 cm)
Basil Dolce Fresca (<i>Ocimum basilicum</i>) A PanAmerican Seed® Product. Traditional basil flavor, with more usable leaf yields. Mid-size plants have a unique, bushy habit with shorter internodes so plants stay controlled without getting tall and leggy. Great in-ground as well as in containers. <i>All-America Selections Winner.</i>	266,000	12-14 in. (30 to 36 cm)
Basil Everleaf Emerald Towers (<i>Ocimum basilicum</i>) A PanAmerican Seed® Product. Flowers up to 10 to 12 weeks later than standard basil, with a traditional Genovese flavor that's perfect for eating fresh; well-branched variety with short internodes makes a beautiful towering plant with huge harvest potential.	178,000	24-36 in. (61 to 91 cm)
Basil Everleaf Genovese (<i>Ocimum basilicum</i>) A PanAmerican Seed® Product. Flowers up to 8 weeks later than standard basil. First basil bred for season-long performance and continual harvesting. Compact variety has short internodes and excellent branching, perfect for in-ground or container gardens. Intermediate Resistance to downy mildew and standard resistance to <i>Fusarium</i> .	186,000	18-24 in. (46 to 61 cm)
Basil Everleaf Thai Towers (<i>Ocimum basilicum</i>) A PanAmerican Seed® Product. Aromatic and vibrant licorice flavor complements any dish, especially Thai cuisine. Blends well when cooked in a curry, or chopped fresh on Pad Thai with a full licorice aroma. This well-branched Thai basil variety with huge harvest potential has masses of medium-green leaves with occasional purple flecks and soft purple stems. Makes a beautiful, towering plant that stays tidy in garden beds and containers.	217,400	24-36 in. (61 to 91 cm)
Basil Floral Spires Series (<i>Ocimum basilicum</i>) Well-branched plants produce highly ornamental, sagelike flower spikes with a distinct cinnamon Thai basil scent. • Lavender • White	Lavender: 307,000 White: 302,000	10 in. (25 cm)
Basil Genovese Emily (<i>Ocimum basilicum</i>) Compact pot variety has medium-large leaves. Long shelf life. Good for Summer programs in moderate climates, or year-round in hot climates with high light production.	286,000	18-24 in. (46 to 61 cm)
Basil Greek (<i>Ocimum basilicum</i>) Sweet, miniature leaves on dense, mounded plants.	394,000	12-18 in. (30 to 46 cm)
Basil Italian Large Leaf (<i>Ocimum basilicum</i>) This is THE authentic Neapolitan Basil for Italian cuisine, especially pesto. You can use it fresh or dried. This plant is a warrior in the garden, where it repels aphids, mites and tomato hornworms.	315,000	24-30 in. (61 to 76 cm)

Lettuce-Leaved Basil

Newton Basil

Purple Ruffles Basil

Red Rosie Basil

ANNUAL HERBS continued	Approximate Seed Count/lb.	Height
Basil Lettuce-Leaved (<i>Ocimum basilicum</i>) Very large, somewhat crinkled leaves are about 4.5 in. (11 cm) long and almost as wide. Distinctive flavor is similar to but not as strong as sweet basil. Especially good in pasta dishes.	265,000	16-20 in. (41 to 51 cm)
Basil Newton (<i>Ocimum basilicum</i>) A PanAmerican Seed® Product. A fast-growing variety with a traditional Genovese flavor and large, bright green, crinkled leaves that do not have a licorice aftertaste; features high resistance to <i>Fusarium</i> .	283,000	12-20 in. (30 to 51 cm)
Basil Purple Ball (<i>Ocimum basilicum</i>) Has a unique dwarf, ball-shaped plant habit. This very aromatic annual has tiny, deep purple leaves that grow densely on ball-shaped plants. No need to pinch. The tubular flowers are late to appear and add extra color to the plant.	317,000	8-12 in. (20 to 30 cm)
Basil Purple Ruffles (<i>Ocimum basilicum</i>) A PanAmerican Seed® Product. Fragrant, ruffled, deep purple leaves. For culinary or ornamental use. <i>All-America Selections Winner</i> .	322,000	18-24 in. (46 to 61 cm)
Basil Red Rosie (<i>Ocimum basilicum</i>) Uniform and compact variety has a nice red color on slightly cupped leaves. Good for containers and in-ground planting.	303,000	18 in. (46 cm)
Basil Red Rubin (<i>Ocimum basilicum</i>) Large, flat, dark red to purple leaves have a sweet flavor. Vigorous plants are highly decorative. <i>All-America Selections Winner</i> .	322,300	18-24 in. (46 to 61 cm)
Basil Rutgers DMR Series (<i>Ocimum basilicum</i>) New series offers resistance to downy mildew. • Devotion • Obsession • Passion • Thunderstruck	Devotion: 306,000 Obsession: 320,000 Passion: 255,000 Thunderstruck: 260,000	26 in. (66 cm)
Basil Siam Queen (<i>Ocimum basilicum</i>) High-yielding; vigorous, large-leaved Thai type. Spicy and very aromatic. <i>All-America Selections Winner</i> .	357,000	24-36 in. (61 to 91 cm)
Basil Spicy Globe (<i>Ocimum basilicum</i>) Use fresh or dried. Compact bush-type plant is great for containers.	349,000	8-10 in. (20 to 25 cm)
Basil Super Sweet Genovese (<i>Ocimum basilicum</i>) Large-leaved Italian Genovese type. Very productive.	304,000	18-24 in. (46 to 61 cm)
Basil Sweet Mammoth Ruffled (<i>Ocimum basilicum</i>) Extra large-leaved variety has excellent flavor and aroma. Good for wrapping.	268,000	18-24 in. (46 to 61 cm)
Basil Sweet Nufar F₁ (<i>Ocimum basilicum</i>) Large, dark green, textured leaves. Vigorous, very productive. Highly tolerant to a broad spectrum of <i>Fusarium</i> wilts. Good for open-field production.	296,000	24-30 in. (61 to 76 cm)
Basil Thai (<i>Ocimum basilicum</i>) Choose this one for authentic spicy Thai basil flavor. It features green leaves and attractive purple blooms and stems.	454,000	12-18 in. (30 to 46 cm)
Borage Herb (<i>Borago officinalis</i>) Culinary or medicinal herb.	23,100	24 in. (61 cm)

Red Rubin Basil

Rutgers DMR Obsession Basil

Rutgers DMR Thunderstruck Basil

Santo Cilantro

Cumin

Dukat Dill

Fernleaf Dill

Sweet Leaf Stevia

Sweet Marjoram

ANNUAL HERBS continued

	Approximate Seed Count/lb.	Height
Celery Peppermint Stick (<i>Apium graveolens</i>) Unique red celery is a beautiful addition to herb planters and mixed combos. Striped candy pink and green, 0.25-in. (1-cm) stalks shade to green leaves with intense full flavor, and are useful for fresh seasoning all year. Long harvest season; holds color when cooked. Slow to bolt.	1,331,000	10-24 in. (25 to 61 cm)
Cilantro Santo (<i>Coriandrum sativum</i>) Available as Ball Premier Line® seed. One of the most popular fresh herbs, this cilantro is fast growing and slow to bolt, so you can harvest later into the season. Its unmistakable sharp scent and taste have made it the staple herb in salsa and other Mexican dishes.	36,000	12-24 in. (30 to 61 cm)
Coriander (Cilantro) F1 (<i>Coriandrum sativum</i>) Available as Ball Premier Line® seed. Pungent aroma. Use seed dried or ground.	42,000	18-24 in. (46 to 61 cm)
Culantro Ngo gai (<i>Eryngium foetidum</i>) Features a similar flavor to cilantro, although much stronger.	40,000	4-8 in. (10 to 20 cm)
Cumin (<i>Cuminum cyminum</i>) Fragrant, ferny foliage can be used young for salads. Grows best in warm areas; will produce seeds in northern areas if planted early.	135,000	6-12 in. (15 to 30 cm)
Dill Bouquet (<i>Anethum graveolens</i>) This herb has attractive, delicate fernlike foliage and is a multipurpose plant you can grow for seeds or foliage. Dill is a great addition to herb gardens or patio containers deeper than 10 in. (25 cm), in almost any climate. It has a strong flavor used often with fish, lamb, potatoes and even peas. It's fast-growing and easy to maintain.	283,000	24-36 in. (61 to 91 cm)
Dill Dukat (<i>Anethum graveolens</i>) Produces much higher yields of foliage than other dill varieties. The dark green, ferny leaves also have a distinct, strong aroma that adds depth to any fish, vegetable or pasta dish. Vigorous plants are topped with very large umbels.	317,000	30-40 in. (76 to 102 cm)
Dill Fernleaf (<i>Anethum graveolens</i>) A PanAmerican Seed® Product. Excellent in the herb garden, and ideal for windowsill growing. Easy to grow. All-America Selections Winner.	208,000	12-15 in. (30 to 38 cm)
Parsley Forest Green (<i>Petroselinum crispum</i>) Dark green, triple-curved leaves.	308,700	8-12 in. (20 to 30 cm)
Parsley Italian Dark Single (<i>Petroselinum crispum</i>) This herb's flat, deeply cut, dark green leaves are very flavorful and attractive. It grows well in sun or part shade, and adds texture to mixed containers.	225,000	15-18 in. (38 to 46 cm)
Parsley Italian Giant F1 (<i>Petroselinum crispum</i>). Large, flat, dark green leaves with unique flavor. Strong-stemmed, productive.	240,000	15-18 in. (38 to 46 cm)
Parsley Triple Curled (<i>Petroselinum crispum</i>) Curled, dark green leaves on compact plants.	265,000	12 in. (30 cm)
Savory Summer (<i>Saturea hortensis</i>) Popular for fresh or dried use. Peppery flavor adds spice to dishes.	759,000	12-20 in. (30 to 51 cm)
Stevia Sweet Leaf Available as Ball Premier Line® seed. (<i>Stevia rebaudiana</i>) The incredibly sweet leaves are an herbal alternative to sugar and are up to 30 times sweeter. Each bushy, high-yielding plant yields up to 0.5 lb. (227 g) of dried leaves. Also enjoyable when used fresh.	1,335,000	18-30 in. (46 to 76 cm)
Sweet Marjoram Available as Ball Premier Line® seed. (<i>Origanum majorana</i>) Use fresh or dried.	1,948,000	12-24 in. (30 to 61 cm)

Catnip

Onion Chives

Lemon Balm

Lemongrass

PERENNIAL HERBS		Approximate Seed Count/lb.	USDA Hardiness Zones	Height
All herbs are Patio Produce varieties – ideal for use in containers and small-space gardens.				
Catnip (<i>Nepeta cataria</i>) Aromatic, gray/green-leafed plant pleasing to cats.	778,000	3-9	36 in. (91 cm)	
Chamomile German (<i>Matricaria chamomilla</i>) Available as Ball Premier Line® seed . Flowering tops and leaves are used fresh or dried. The white, daisylike blooms appear from late Spring through Summer.	6,922,000	4-9	6-24 in. (15 to 61 cm)	
Chives Chinese Broad Leaved (<i>Allium schoenoprasum</i>) Deep green leaves are broad and thick with mild flavor.	105,000	3-10	14-16 in. (36 to 41 cm)	
Chives Garlic (<i>Allium tuberosum</i>) Garlic-flavored leaves.	108,000	3-10	24-30 in. (61 to 76 cm)	
Chives Garlic Geisha (<i>Allium schoenoprasum</i>) Available as Ball Premier Line® seed . "Just right" garlic flavor and vigorous growth. Slightly wider, flatter and more refined leaves than others make Geisha useful as both an edible and an ornamental. <i>All-America Selections Winner</i> .	91,000	4-10	10-24 in. (25 to 61 cm)	
Chives Onion Available as Ball Premier Line® seed. (<i>Allium schoenoprasum</i>) Excellent for seasoning.	375,000	3-10	12-18 in. (30 to 46 cm)	
Chives Quattro F1 (<i>Allium</i>) Beautiful and delicious patio or garden perennial flowers beautifully in July for about 7 weeks. Ball-shaped purple flowers have a vase life of up to 3 weeks.	195,000	5	36 in. (91 cm)	
Chives Staro (<i>Allium schoenoprasum</i>) Onion chives have a much thicker leaf than finer-leafed choices. Good for freezing, drying and fresh use.	303,000	3-10	12 in. (30 cm)	
Lavender See Perennials, Page 151.				
Lemon Balm Limoncello (<i>Melissa officinalis</i>) Compact and mounding plant habit is well-branched with finely lobed light green leaves. Highly aromatic lemon fragrance.	866,200		24 in. (61 cm)	
Lemon Balm Available as Ball Premier Line® seed. (<i>Melissa officinalis</i>) Strong, lemon-scented foliage.	741,000	4-9	13 in. (33 cm)	
Lemongrass (<i>Cymbopogon citratus</i>) Available as Ball Premier Line® seed . Attractive East Indian grass is used in Asian cuisine to add a "sweet-sour" lemon flavor. Leaf stalks and leaves are used fresh or powdered. Half-hardy perennial.	1,080,000	8-11	6-10 in. (15 to 25 cm)	
Mint Ornamental Mini Mint See Annuals, Page 62.				
Oregano Greek Available as Ball Premier Line® seed. (<i>Origanum vulgare hirtum</i>) Strong, spicy flavor. Dark green leaves. White flowers.	5,002,000	5-9	14-24 in. (36-61 cm)	
Oregano Italian (<i>Origanum x majoricum</i>) Italian type. Use fresh or dried.	4,475,000	5-9	18-24 in. (46 to 61 cm)	
Peppermint (<i>Mentha x piperita</i>) Low growing and vigorous – do not place near slow-growing or weak-habited plants.	6,025,000	3-7	24 in. (61 cm)	
Spearmint (<i>Mentha spicata</i>) Spearmint is best harvested as soon as you see it bloom. Use its flavorful leaves with vegetables and in any Summer drink, especially mojitos.	5,976,000	3-7	36 in. (91 cm)	
Rosemary (<i>Rosmarinus officinalis</i>) Use leaves for cooking.	313,000	7-10	18-24 in. (46 to 61 cm)	
Rue (<i>Ruta graveolens</i>) Lacy blue-green ornamental is evergreen and has a bushy habit that can be shaped into a hedge. Pungent aroma and bitter taste. Limited culinary use, but fresh leaves can be used to flavor meats, cheese and eggs.	207,000	4-9	24-36 in. (61 to 91 cm)	

Greek Oregano

Rue

All Kale, Flowering Kale, Pepper, Ornamental Pepper and Tomato seed has been tested for seedborne diseases according to the International Seed Health Initiative (ISHI) guidelines.

Redbor Kale

Starbor Kale

Vates Blue Curled Scotch Kale

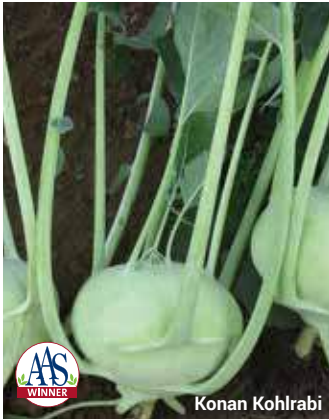

Summer Thyme

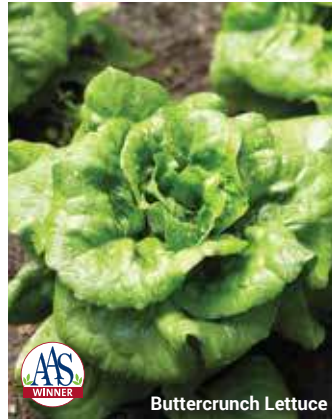

Sage

PERENNIAL HERBS continued	Approximate Seed Count/lb.	USDA Hardiness Zones	Height
Sage (<i>Salvia officinalis</i>) Use fresh or dried.	54,000	4-8	18-24 in. (46 to 61 cm)
Tarragon Russian (<i>Artemisia dracunculoides</i>) Green, fine-leaved variety.	2,890,000	5-9	24 in. (61 cm)
Thyme Summer (French) (<i>Thymus vulgaris</i>) Very aromatic, small, gray/green leaves. Tiny lilac flowers. Evergreen. Summer type is spicier than most other thymes.	1,922,000	4-8	12-18 in. (30 to 46 cm)
Thyme Winter (English) (<i>Thymus vulgaris</i>) Less aromatic than Summer types. Can be used as a groundcover.	1,752,000	4-8	12-18 in. (30 to 46 cm)

KALE	Approximate Seed Count/lb.	Days
Blue Ridge F1 This hybrid features dark, blue-green foliage with an attractive, triple curl on all leaves. Semi-tall plant type, mid-season maturity and an extended yield. Slow to bolt or stretch, and suitable for hand stripping or cutting for fresh market, mechanical harvesting and processing.	85,000	60
Darkibor F1 Available as Ball Premier Line® seed. Early maturing, easy-growing kale for late Summer and Fall harvests. Upright plants have finely curled leaves. Good field-holding ability.	103,000	75
Dinosaur Open-shape kale has straplike, blue-green leaves, 3 in. (8 cm) wide by 10 in. (25 cm) long. Extremely Winter hardy. Good for culinary and ornamental use.	138,000	60
Prizm F1 Produces attractive, short, tight ruffle-edged leaves and can be grown in containers as well as garden beds. Easy-to-maintain, almost stemless stalks are quick to re-leaf, so they can be harvested early and often for a continual supply throughout the season. <i>All-America Selections Winner.</i>	130,000	50-60
Red Russian Dark green oak-leaf cut leaves. Red/purple hues intensify after frost. Tender, sweet taste when cooked; also good raw. Very disease resistant. Baby stage: harvest at 25 days.	144,000	50
Redbor F1 Very deep red-purple, frilly leaves; color/curling are enhanced by cold weather. Edible and ornamental variety. Baby stage: harvest at 28 days.	115,000	55
Scarletbor Gardeners enjoy the Number One Superfood fresh from their garden! Vigorous variety produces red-purple foliage that deepens in color and becomes curlier in cooler weather. Slightly later than Redbor. Can be harvested at baby stage or left to mature. Highly attractive plant can be used as an ornamental, too.	148,000	60-90
SimplySalad® Kale Storm Mixture See Lettuce & Salad Greens.		
Snowbor F1 Very cold-hardy hybrid tastes even sweeter after a frost! Vigorous plants produce blue-green leaves; cut outer leaves so that center can continue growing.	148,000	60
Starbor F1 Very uniform, compact, 12 to 18-in. (30 to 46-cm) tall plants with dark blue-green leaves. Resists yellowing.	157,000	50
Vates Blue Curled Scotch Blue-green leaf, finely curled, uniform. Tall, upright habit and sturdy stems. Ornamental edible that can be used as a garnish. Can harvest baby-sized fruit at 25-30 days.	135,000	50-60
Winterbor F1 Finely curled, dark blue-green leaves on a tall, frost-resistant and productive plant. Overwinters well. Good ornamental, too.	104,000	53

Konan Kohlrabi

Buttercrunch Lettuce

Purple Splendor Kohlrabi

Bronze Arrow Lettuce

Gala Corn Salad Lettuce

Red Oak Leaf Lettuce

KOHLRABI		Approximate Seed Count/lb.	Days	
Konan F1 Offers smooth, globe-shaped bulbs that can grow up to 6 in. (15 cm) in diameter and are the perfect upright size and shape for container gardening and garden plots. The upright, uniform leaves resist insect damage, meaning the plant stays healthy all season long. <i>All-America Selections Winner.</i>		98,000	50	
Purple Splendor F1 Flat, globe-shaped and purple-skinned bulbs are 4 to 6 in. (10 to 15 cm) across and have crunchy white flesh. High yielding with excellent interior quality. Good for late-season harvests.		77,000	65	
Quickstar Early, slow-bolting variety with dark green, slightly broad leaves. 5.5-oz. (156-g) bulbs are extremely uniform in size and maturity.		90,000	50	
Vienna Series Has a mild turnip-cabbage flavor; leaves are eaten like kale and white-fleshed bulbs are eaten like broccoli. • Purple • White		Purple: 132,000 White: 126,000	55	
Winner F1 Fresh, fruity taste. Good holding. Light green variety.		107,000	45	
LETTUCE & SALAD GREENS		Approximate Seed Count/lb.	Days	Type
Amanda F1 Large, bolt-tolerant heads are bright green, curly and tender with delicious buttery taste. Can be grown in containers.		537,000	70	Looseleaf
Astro Medium-green leaves have a cut-leaf shape and a nutty flavor, which gets stronger in warmer weather. It can be utilized year-round for clipping and bunching.		200,000	32-52	Arugula
Bistro Salad Blend Available as Ball Premier Line® seed. Gourmet salad blend. Well-flavored with many exotic leaf shapes, textures and colors. Baby stage: 25-30 days.		489,000	50-55	Assorted
Bronze Arrow Attractive oak-leaf shaped dark green leaves with red-brown tips. Sweet and delicious. Slow to bolt and cold hardy. <i>All-America Selections Winner in 1947 under the name Bronze Beauty.</i>		424,000	40-50	Looseleaf
Butter King Heavy, compact heads have tender, sweet, pale green inner leaves. Slower to bolt and tolerates heat better than most butterhead varieties – ideal for warmer climates. <i>All-America Selections Winner.</i>		497,000	60-65	Butterhead
Buttercrunch Available as Ball Premier Line® seed. Popular, top-quality variety is easy to grow and yields very tender, 4.5-in. (11-cm) rosettes. <i>All-America Selections Winner.</i>		434,000	65	Butterhead/ Bibb
Gala Corn Salad Large, semi-round leaves are smooth and tasty. Does not yellow. Also called "Lamb's Lettuce".		340,000	56-77	Verte de Cambrai
Great Lakes 659 Available as Ball Premier Line® seed. The most tip burn-resistant Great Lakes strain produces in cool and warm weather. Medium-large, dark green, solid heads. Slow to bolt.		482,000	80-90	Iceberg
Mesclun Blend Available as Ball Premier Line® seed. Tasty, attractive blend of herbs and greens includes arugula, mizuna, tatsai, endive, chervil, radicchio and kale.		256,000	50-55	Assorted
New Red Fire Dark red, medium-large head lettuce has high bolting tolerance, moderate cold tolerance and strong heat tolerance. Harvest Summer to Fall.		421,000	55	Looseleaf
Parris Island Cos Dark gray-green, 8 to 12-in. (20 to 30-cm) head with creamy white center. Slightly savoyed. Tip burn/Mosaic tolerant.		420,000	50-80	Romaine
Raspberry Dressing Rumex Attractive rosette of light green foliage has strong maroon-color veining. The flavor is similar to spinach or chard. Can be grown in full to partial sun.		752,000	30	Rumex
Red Oak Leaf Oak-shaped, red-burgundy leaves on full, 8 to 9-in. (20 to 23-cm) rosette heads. Performs well Spring through Fall; color is more intense in cooler weather. Baby stage: 28 days.		597,000	50	Looseleaf

SimplySalad Global Gourmet Mix

SimplySalad Kale Storm Mix

SimplySalad Arugula

SimplySalad Wonder Wok Mix

NEW Regency 2.0 Lettuce

LETTUCE & SALAD GREENS continued

Red Salad Bowl Full rosette of burgundy-red, deeply lobed leaves. Mild, non-bitter taste. Slow to bolt. Good for baby leaf production. 458,000 50 Looseleaf

New Regency 2.0 Strong field tolerance to downy mildew, Tip burn and Corky Root. The solid, dark green heads are uniform and have a low core and good bolting. 434,000 68-74 Iceberg

Salad Bowl Mix Carefully selected mix of lettuces including Red Salad Bowl, Salad Bowl, Lolla Rosa, Romaine, Dark Green Romaine and Batavia, which all perform well in cool temperatures. Good for salads and garnishes. Baby stage: 28 days. 591,000 45-60 Assorted

SimplySalad® Series A PanAmerican Seed® Product. Available as Ball Premier Line® seed. Each SimplySalad multi-species multi-pellet contains a tasty, good-looking mix of greens that can be grown in color bowls. Gardeners can harvest every 3 weeks by cutting back to 2 in. (5 cm) and regrow several times for more fresh salad. Multi-pellets are efficient to sow in plugs or direct to the final containers, and since varieties can't separate in the seed hopper, assure a well-balanced mix. 14-28 Assorted

- **Alfresco Mix** Red and green leaf lettuces with arugula, endive and radicchio. 19,000
- **Arugula** Quick to establish, upright variety with a mix of lobes and smooth shapes – perfect for bunching. Features a mild, nutty flavor. 9,900
- **City Garden Mix** Traditional mix of red and green lettuces. 21,700
- **Global Gourmet Mix** Red and green leaf lettuces with spicy Asian greens. 14,500
- **Kale Storm Mix** The first all-kale SimplySalad is an attractive mix of textures and colors. Won't bolt in containers; can also be planted in-ground for all-season harvest. Includes purple, green and blue varieties. 3,600
- **Summer Picnic Mix** Heat-tolerant, all-lettuce mix includes red and green varieties. 16,700
- **Wonder Wok Mix** Asian greens including mustards, kale and bok choy. 3,100

Simpson Elite Available as Ball Premier Line® seed. Improved Black-Seeded Simpson; 30 to 40 days later to bolt. Long-holding; non-bitter flavor. 498,000 55 Looseleaf

Sweet Salad Blend Spicy mix includes arugula, mustard greens and an assortment of lettuces in an array of colors, shapes, textures and tastes. Good for salads and garnishes. Harvest baby-sized fruit at 28 days. 424,000 45-60 Assorted

Valley Heart Tall, medium-green romaine has large, slightly savoyed leaves. Good tolerance to cold and bolting. Early-maturing, uniform romaine lettuce variety provides consistent quality in early and late-season plantings. 504,000 75 Romaine

Mizuna Miz America Mustard

MUSTARD

Florida Broadleaf Semi-upright, 16 to 22-in. (40 to 55-cm) plant has serrated, dark green leaves that are 8 to 10 in. (20 to 25 cm) long with tender cream-colored midribs. Vigorous and popular in the South.

Mizuna Miz America F1 Dark red leaves have very uniform color, shape and size, with pleasant mild taste that is not bitter or spicy. Maintains the deep color even at maturity. Upright plant is easy to harvest. Harvest at 20-25 days from direct sow.

Red Giant Large, savoy-type leaves are deep purplish-red with white mid-rib. Vigorous plant grows 24 in. (61 cm) tall and wide. Harvest baby-sized fruit at 30 days.

Red-Straked Mizuna Produces very fine, frilled red leaves; dark red at very small stage. Adds a burst of color to any salad blend. Baby: 20 days.

Savanna F1 Large, glossy, dark-green oval-shaped leaves are heat, cold and drought tolerant. Mild flavor enhances salads, stir-fries and steamed dishes while adding nutritional value. Can substitute for spinach. Fast-growing and slow to bolt. Harvest baby-sized fruit at 20 days.

Southern Giant Curled Large, upright plants with crumpled leaves that have a delicious mustard taste; slow to bolt and very easy to grow.

OKRA

Candle Fire F1 A unique red variety with round (not ribbed) pods. The color is brighter than reddish-burgundy varieties currently available, making Candle Fire both edible and ornamental. Upright, 4-ft. (1.2-m) plants have rose-colored blooms from late Spring to frost. Very productive with very good taste, texture and tenderness. Thrives in heat and is disease resistant even in heat and humidity. *All-America Selections Winner.*

Clemson Spineless An abundance of dark green, straight, spine-free pods on 3 to 4-ft. (0.9 to 1.2-m) plants.

Green Fingers F1 Compact, bushy, 15 in. (38 cm)-tall variety with very attractive foliage and pastel yellow flowers is ideal for patio vegetable gardening. Green, 4-in. (10-cm) pods are ideal for cooking. Will produce almost until frost.

Jade Early-maturing, open-pollinated variety yields plentiful, tender, 6-in. (15-cm) pods. Plants average 4 to 5 ft. (1.2 to 1.5 m) tall.

Jambalaya Extra-early and very productive, the neat and compact plants produce plenty of 4 to 5-in. (10 to 13-cm), tapered, evenly sized pods that are dark green and glossy.

Red Baron Bunching Onion

Red Carpet Onion

NEW Yosemite Onion

Green Banner Bunching Onion

BUNCHING ONION	Approximate Seed Count/lb.	Days
Green Banner Bunching Uniform, vigorous variety is more heat tolerant than others – slow to bolt and holds well. Stems are glossy white, leaves are full and dark green, and the flavor is slightly pungent. High Resistance to Basal rot and Intermediate Resistance to pink root.	102,000	65-70
Ishikura Bunching Features a tender and mildly pungent flavor. Single-stalk variety can grow up to 2.5 ft. (0.8 m). Adapts very well to various climates and is suitable for Spring to late-Fall crops. Perennial Oriental bunching onion doesn't produce bulbs but forms clumps of elongated, straight white stems similar to Spring onions. Alternatively, the stems can be earthed-up to produce leek-like stems.	202,000	40-50
Parade Bunching Vigorous and uniform, very upright variety is dark green with little or no bulbing and a mild flavor.	213,000	70
Red Baron Bunching Versatile, long-day variety holds its dark red outer skin color and purple ring color well. Harvest at 12 to 15 in. (30 to 38 cm) tall as a scallion, or later in Fall with a mid-size, mild-flowered bulb. Vigorous roots; long storage.	107,000	65
White Lisbon Bunching Long, mild green onion. Vigorous, easy to grow, day-neutral.	202,000	60
DAY-NEUTRAL ONION	Approximate Seed Count/lb.	Days
Candy F₁ A mid-day yellow onion hybrid because of its ability to consistently produce mild-tasting, large to jumbo-sized bulbs. High Resistance to pink root.	102,000	85
Sierra Blanca F₁ Early-maturing jumbo variety makes globe-shaped bulbs with very white and shiny scales; flesh is firm and showy white. Good bolt tolerance, resistant to pink root rot.	118,000	95
HEIRLOOM (LONG DAY) ONION	Approximate Seed Count/lb.	Days
Ruby Red Beautiful burgundy skin gives this onion its name, Ruby Red. A good storage onion, Ruby Red is a large, firm, red onion that lasts 5-6 months. A long-day onion with a medium-large sized globe. Crunchy and aromatic, plants are very reliable and heavy yielding.	93,000	120
INTERMEDIATE DAY ONION	Approximate Seed Count/lb.	Days
New Yosemite This mid-day, globe-shaped onion produces jumbo to colossal-sized bulbs. Its several outer layers of vibrant brown skin provide good protection to the firm, white, single ring centers. Excellent uniformity and grower friendly. Intermediate Resistance to pink root rot.	88,900	105-110
NORTHERN (LONG DAY) ONION	Approximate Seed Count/lb.	Days
Red Carpet F₁ Deep red onion produces 3 to 4-in. (8 to 10-cm) bulbs with attractive magenta interior rings. Tight bulbs store extremely well.	94,000	116
Walla Walla Sweet Brown-skinned, mild, sweet. Grow as a Winter crop in the South; sow late Summer for June harvests.	116,000	125
White Sweet Spanish Large, globe-shaped bulbs with white skin, fine flesh. Excellent flavor.	115,000	110
Yellow Sweet Spanish Large bulbs with medium-firm flesh, brownish yellow skin.	116,000	130

Candy Onion

Toy Choy Pak Choi

Yellow Sweet Spanish Onion

Bopak Pak Choi

NORTHERN (SHORT DAY) ONION

White Grano Mild-flavored white onions; plants heartily produce large bulbs with low pungency.

Approximate Seed Count/lb. Days

131,000 100

Yellow Granex F₁ One of the sweetest, most versatile onions around, these large, yellow globes are packed with flavor.

144,000 100

NORTHWEST (LONG DAY) ONION

Red Nugent F₁ Red Nugent is a red hybrid with high yield potential that is highly adaptable for diverse soil types. It is larger in size and performs better than many other 105-day varieties. Early-maturity, long-day onion bred to perform in the sandy and clay loam soils of the Pacific Northwest of the United States. Good yield potential. Intermediate Resistance to basal rot and pink root.

Approximate Seed Count/lb. Days

120,000 112

SOUTHEAST (SHORT DAY) ONION

Red Duke F₁ A main season short-day red onion. Granex shape with early maturity. A deep attractive red color that is semi-resistant to sunburn. Vigorous disease resistant tops with a strong root system. A consistently good performer with pink root resistance and low pungency.

Approximate Seed Count/lb. Days

127,000 120

PAK CHOI

Bopak F₁ Great for small-space growing, compact plant matures up to 5 days before other varieties. Tender, dark green leaves and crisp, sweet white stalks are a tasty addition to Oriental recipes; leaves can also be enjoyed raw and hold their flavor even in warm weather. Harvest at baby size or grow to full 1.5 to 2-lb. (0.7 to 0.9-kg) heads. Bonus: it's an attractive "thriller" for patio planters! *All-America Selections Regional Winner.*

Approximate Seed Count/lb. Days

133,000 45

Toy Choy Dwarf Chinese cabbage. Tiny bunches of crisp, white, 4 to 5-in. (10 to 13-cm) tall stalks with tender green leaves. Easy to harvest.

231,000 30

White F₁ Thick, pure white petioles with smooth, round leaves. Good for stir-fry and soup. Grows well in warmer climates.

211,000 60

PEAS

Snak Hero Slender pods have the straight and elongated appearance of a succulent green bean but the surprising taste and texture of a stringless snap pea. *All-America Selections Winner.*

Approximate Seed Count/lb. Days

2,200 65

Snow Max Produces an abundance of sweet, flat, semi-stringless snow pea pods. Resistance to downy mildew, powdery mildew and *Fusarium.*

1,800 70

Sugar Snap Sweet, 3-in. (8-cm) x 0.5-in. (1-cm) pods for fresh use/cooking. 6-ft. (1.8-m) vines are high yielding for long periods in both cool and hot weather.

1,800 62

Greek Pepperoncini Pepper

Jimmy Nardello's Pepper

NEW Mocha Swirl Pepper

Gypsy Pepper

Lola Pepper

SWEET NON BELL PEPPER continued	Approximate Seed Count/lb.	Days	Color*	Size (LxW)	Disease Resistance
Giant Marconi F₁ Available as Ball Premier Line® seed. High-yielding peppers resemble a Marconi/Lamuyo cross. Tapering, 2 to 4-lobed fruit on robust, 30-in. (76-cm) plants. Fleshy peppers have a sweet, smoky flavor; use fresh or cooked. Withstands cold, wet, drought. <i>All-America Selections Winner.</i>	74,000	63	Green/red	8 x 3 in. (20 x 8 cm)	PVY0, TMV
Gold Fortune F₁ Lamuyo-shaped fruits are glossy golden yellow at maturity. Fruits are large to extra-large, smooth, firm and thick walled. Good disease resistance package.	49,900	80-90	Green/yellow	6 x 3-4 in. (15 x 8-10 cm)	HR: PVY0, 1 IR: TSWV
Greek Pepperoncini F₁ Heirloom variety from Greece is prized for its mild, sweet flavor that's perfect for pickling or fresh use; matures 65 days from transplant.	72,000	65	Light green	4 x 1 in. (10 x 3 cm)	-
Gypsy F₁ Vigorous, continuous-fruiting plants bear an abundance of very sweet, wedge-shaped fruit. <i>All-America Selections Winner.</i>	64,000	60-65	Yellow-orange/red	5 x 3 in. (13 x 8 cm)	HR: TMV
Hungarian Cheese Pepper F₁ Series Resemble heirloom varieties, but perform like hybrids: early, high-yielding and disease-resistant. Crisp and sweet – use the flat-round, smooth, thick-walled peppers raw, pickled or baked with fillings. Very early-maturing plants set fruit continuously. • Orange You Sweet Green/orange • Right on Red Green/red • Yes to Yellow! Green/yellow	Orange You Sweet: 59,000 Right on Red: 71,000 Yes to Yellow!: 49,000	65-68	See variety	2 x 2.5 in. (5 x 6 cm)	-
Jimmy Nardello's Italian heirloom variety is super sweet with medium thick flesh. Extremely versatile – can be used green or red, fresh or sautéed; freezes and dries well. Heavy fruit set on 24-in. (61-cm) plants.	75,000	80-90	Green/red	6 x 4 in. (15 x 10 cm)	-
Just Sweet A unique snacking pepper with 4 lobes like a larger bell pepper, only smaller; deliciously sweet with nice, thick walls. <i>All-America Selections Winner.</i>	64,000	65	Yellow	1-3 x 1-1.5 in. (3-8 x 3-4 cm)	HR: ToMV
Lola F₁ Fruits mature early on easy-to-grow plants. Extra-large, sweet, crunchy fruits are smooth, straight and long with firm, thick walls. The plants are medium-tall, strong and vigorous, with good cover, so fruits are protected from the elements.	59,000	65-70	Yellow/red	7.5-8 x 1.75 in. (19-20 x 4 cm)	HR: BLS0-3, 7, 8, IR: TSWV
Melrose Available as Ball Premier Line® seed. Italian frying pepper produces very sweet, flavorful, crimson red peppers early. Great fresh and grilled.	74,000	70	Green/red	4 x 2 in. (10 x 5 cm)	-
New Mocha Swirl F₁ A PanAmerican Seed® Product. Available as Ball Premier Line® seed. Perfect for small space and container gardens. Snack-shaped fruit has green and white stripes and matures to chocolate and red stripes. Peppers have thick walls and an exceptionally sweet flavor for fresh snacking.	62,100	80-85	Green and white to chocolate and red	4-4.5 x 1.5-2 in. (10-11 x 4-5 cm)	-

Peppi Grande Red Pepper

Peppi Cornissimo Pepper

Takara Pepper

Shishito Pepper

Mohawk Pepper

Pimiento Elite Pepper

SWEET NON-BELL PEPPER <i>continued</i>	Approximate Seed Count/lb.	Days	Color*	Size (LxW)	Disease Resistance
Mohawk F1 Sweet, orange pepper has a spreading, cascading habit that is good for hanging baskets and patio planters. Green to orange 4-5 in. (10-13 cm) long fruit.	88,000	75	Green/orange	4-5 in. (10-13 cm)	-
PeppiGrande Red Seedless F1 A PanAmerican Seed® Product. Corno-shaped pepper has outstanding crisp texture, rich flavor and more sweetness than large-fruited peppers. Best grown in-ground with support of stakes or a cage.	82,000	80-85	Green/red	5-6 x 1.5-2 in. (13-15 x 4-5 cm)	-
Peppi Cornissimo F1 A PanAmerican Seed® Product. Extra-large corno-shaped fruit ripens from green to red, with outstanding thick walls, rich flavor and more sweetness than most large-fruited peppers. To produce seedless fruit, grow in isolation from other (non-seedless) pepper varieties. If not isolated, it will produce larger, great-tasting fruit with just a few seeds.	64,400	95-100	Green/red	6-7 x 2.5 in. (15-18 x 6-cm)	-
Peppi Red and Yellow F1 A PanAmerican Seed® Product. These small, pointed fruits offer incredible sweetness and rich flavor. The fruit are often seedless and are great for snacking fresh off the plant.	Red: 68,500/ Yellow: 59,900	75-80	Varies by variety	3.5-4.5 x 1.75 in. (9-11 x 4 cm)	-
Pillar F1 Series Series of sweet table-top pepper plants that produce large, crisp, thick-walled fruit. Pinching or pruning is not necessary, and fruit grows close to the central stem to keep the plant in perfect balance. Drought tolerant • Sweet Red • Sweet Yellow	Sweet Red: 75,000 Sweet Yellow: 62,000	84-98	Varies by variety	2-2.75 x .75-1 in. (5-7 x 2-3 cm)	-
Pimiento Elite F1 Available as Ball Premier Line® seed. Good yields of heart-shaped, sweet, thick-walled fruit. Delicious flavor when roasted. Plants grow 20 to 24 in. (51 to 61 cm) tall. High yield potential.	54,000	72-75	Green/red	3 x 3.5 in. (8 x 9 cm)	HR: TMV, TSWV
Shishito Mild Japanese 3-in. (8-cm) peppers for roasting (blistering), pan-frying, tempura and grilling; the thin walls blister easily, taking on a distinct rich flavor that is delicious when sprinkled with salt and lemon juice.	71,700	55-60	Green	3 in. (8 cm)	-
Sweet Banana Available as Ball Premier Line® seed. Medium-thick walls. Banana type.	69,000	65-70	Yellow/red	6 x 1.5 in. (15 x 4 cm)	-
Sweet Sunset F1 Plant produces long and tapered sweet banana peppers perfect for frying, pickling and fresh eating. <i>All-America Selections Regional Winner.</i>	62,000	85	Yellow/red	8 x 1.5 in. (20 x 4 cm)	HR: BLS0-3, 7, 8
Takara A typical Shishito pepper with a small fruit and a mild, rich flavor. Compact plant has a spreading habit, short internodes, is well-branched and has high production potential. Uniformity is superior to O.P. strains. Peduncle holds well to the fruit. Early and prolific, with an extended harvest potential.	78,000	60	Green/red	3.5 x 1 in. (9 x 3 cm)	-
Yellow Sparkler F1 Elongated mini-peppers are sweet, firm and crisp – perfect for fresh snacking. The 20 to 24 in. (50 to 60-cm) plants work well in containers as well as beds.	60,000	65-68	Green/yellow	2-3 x 1.5 in. (5-8 x 4 cm)	HR: TMV

Biggie Chile Pepper

Desperado Pepper

Spitfire Pepper

ANAHEIM PEPPER	Approximate Seed Count/lb.	Days	Color*	Size (LxW)	Disease Resistance
Anaheim Available as Ball Premier Line® seed. Long, tapered fruit are flat, thick-walled and smooth. Mild pepper is good for roasting.	55,000	74-76	Green/red	5 x 3 in. (13 x 8 cm)	-
Biggie Chile F₁ Available as Ball Premier Line® seed. Vigorous, high-yielding variety bears large, flat, smooth-skinned peppers that are thick-walled and pungent with just a hint of heat at about 500 Scoville units.	48,000	74-76	Light green/red	8 x 1.5 in. (20 x 4 cm)	HR: TMV
Desperado F₁ A large-fruited pepper with mid-early maturity and great yield potential on a sturdy mid-size plant with good cover. Fruit is light green with an attractive glossy look and thick walls. Fruit 'decaps' well, making it well-suited for fresh eating and processing. Pungency is mild and ideal for roasting.	46,000	60-70	Light green/red	8 x 1.5 in. (20 x 4 cm)	-
Spitfire Spitfire is an anaheim pepper with a vigorous plant that has the potential to produce an abundance of large, high-quality fruit. 90 to 130 Scoville units.	62,000	85-90	Green/red	8-12 x 2-2.5 in. (20-30 x 5-6 cm)	IR: Pc

Trident Pepper

ANCHO/POBLANO PEPPER	Approximate Seed Count/lb.	Days	Color*	Size (LxW)	Disease Resistance
Alteno Extra-large-fruited poblano (Ancho) has good quality and heavy fruit. The maturity is mid-early and it is suited for multiple harvests where it has the ability to maintain fruit size. Has a high percentage of 2 lobes. 250-1,500 Scovilles.	40,400	80-85	Dark green to red	6.5-7 x 2.25-2.75 in. (17-18 x 8-10 cm)	Pc
Carranza High-performance ancho chili pepper is excellent for drying. Large, wide fruits start out green and are very striking in the fresh market. Semi-open foliage covers the fruits to protect against damage by the sun, making it excellent in high temperatures.	55,000	72	Dark green/red	6-7 x 3 in. (15-18 x 8 cm)	IR: N
Trident F₁ Extra-large, 4.5 to 5.5-oz. (128 to 156-g), glossy peppers are firm and straight with a high percentage of 2-lobed fruit. Good for fresh and dried use. Plants have good vigor and continuous setting, and perform well in a wide range of soils and climates.	40,000	80-85	Dark green/red	6.5 x 3.5 in. (17 x 9 cm)	HR: TMV

Carranza Pepper

NEW Aleppo Pepper

Alter Ego Pepper

Atomic Pepper

Arapaho Pepper

CHILI PEPPER	Approximate Seed Count/lb.	Days	Color*	Size (LxW)	Disease Resistance
<p>New Aleppo Aleppo peppers have a sweet taste with a nice kick of heat on the back end. This very thin-skinned and thin-walled pepper is native to Syria and Turkey. Mainly used dried or crushed. The taste is slightly smoky, salty, sweet, and warming, with the heat of 10,000 Scovilles.</p>	65,800	80-85	Green to red	2-2.5 x 1-1.25 in. (5-6 x 3 cm)	-
<p>Alter Ego Hot but sweet, this naturally dwarf plant is great for small spaces and the patio. Upward-facing fruit. 30,000-40,000 Scovilles. Foliage stays green and healthy, even with ripe fruit.</p>	76,000	85-95	Lime green/red	4-6 x 1 in. (10-15 x 3 cm)	IR: TMV
<p>Arapaho High yields of early maturing fruit on a compact plant. Can be harvested 10 days to two weeks earlier than most standard varieties on the market with no sacrifice in fruit quality. Pungent, with great cayenne aroma. Attractive and delicious, both sweet and moderately hot. Excellent for frying and in salsas. Medium-large plant, formerly known as 'Cheyenne.' Plant habit is compact and vigorous.</p>	64,000	65	Green/red	8-9 in. (20-23 cm)	-
<p>Atomic Large, upward-facing fruit mature purple to a sizzling red packed with fiery heat. Withstands both intense heat and full sun without fruit damage. 90,000 Scovilles. Foliage stays green and healthy, even with ripe fruit.</p>	78,000	85-95	Deep purple/red	3-4 x 1 in. (8-10 x 3 cm)	IR: TMV
<p>Basket Of Fire Well-rounded, cascading plants are covered with plenty of spicy hot peppers. Perfect for containers and baskets. 80,000 Scovilles.</p>	111,000	85-95	Cream/purple/red	2 in. (5 cm)	-

Bhut Jolokia Red Pepper

Trinidad Scorpion Pepper

CHILI PEPPER <i>continued</i>	Approximate Seed Count/lb.	Days	Color*	Size (LxW)	Disease Resistance
Bhut Jolokia Red The original from India! Recently recognized as one of the hottest chilis on Earth, this East Indian pepper grows pungent red fruits on 18 to 48-in. (46 to 122-cm) plants. NOTE: Allow up to 35 days for germination.	101,000	100-120	Red	2.5-3.25 x 1-1.25 in. (6-8 x 3 cm)	-
Cajun Belle A PanAmerican Seed® Product. Available as Ball Premier Line® seed. Up to 2 weeks earlier than others of this type, producing 1-oz. (28-g) peppers with a mildly spicy taste just right for fresh eating and salsa. Can be enjoyed green or red. <i>All-America Selections Winner.</i>	102,000	60-65	Green/red	3 x 2 in. (8 x 5 cm)	-
Carolina Reaper Officially the hottest pepper in the world as ranked by Guinness Records, with average Scoville units of 1.5 million units. Fiery red fruit has a unique little stinger tail. Flavor is surprisingly good once you get past the heat. NOTE: Extreme caution should be used when handling seeds and picking fruits.	95,000	95	Green/red	2 x 1.5 in. (5 x 4 cm)	-
Cayenne Long Thin Available as Ball Premier Line® seed. Very hot, tapered fruit with a twisted shape is thin-walled and 2-celled.	76,000	70-75	Green/red	4-6 x 0.75 in. (10-15 x 2 cm)	-
Cayennetta F1 Produces compact, branching plants that have an attractive habit and yield large crops of bright red, mild Cayenne-type chili peppers. Tolerant of both hot and cold seasons. 20,000 Scovilles. <i>All-America Selections Winner.</i>	136,000	85-90	Green/red	4 in. (10 cm)	-
Golden Cayenne A PanAmerican Seed® Product. Naturally compact pepper doesn't require PGRs. Offers good retail shelf life and excellent outdoor performance.	67,000	85-90	Yellow	3 x 0.75 in. (8 x 2 cm)	-
Longhorn Large, elongated and curled hot fruits grow on a plant with an umbrella-shaped canopy and sturdy stems. No sun scorch. 15,000-20,000 Scovilles.	55,000	85-90	Green/red	6-9 x 1 in. (15-23 x 3 cm)	-
Spicy Jane F1 A trailing-type pepper plant with bright, red, spicy fruit with a heat level of 30,000 Scovilles. The leaves have a beautiful shine and their structure secures low water use.	91,200	70-94	Green/red	2 in. (5 cm)	-
Super Chili F1 Available as Ball Premier Line® seed. Very productive, semi-compact plants produce upward-facing, cone-shaped chili peppers with a spicy flavor. Also good for ornamental use.	77,000	75	Green/red	2.5 x 1.5 in. (6 x 4 cm)	-
Sweet Heat F1 A PanAmerican Seed® Product. Available as Ball Premier Line® seed. Part of the Burpee® BOOST Antioxidant Collection. Sweet-to-spicy variety can produce 65% higher vitamin C content than the average garden pepper.* Compact, bushy plants work well in gardens and large planters. *Based on vegetables grown under our trial conditions and harvested when ripe. Actual harvest results may vary.	69,000	55-60	Green/red	3.5-4 x 1.25-1.75 in. (9-10 x 3-4 cm)	-
Trinidad Scorpion One of the hottest peppers in the world! Wrinkled, lantern-shaped fruit matures to deep red. (Moruga Strain)	89,000	90	Green/red	2 x 1.5 in. (5 x 4 cm)	BLS0, TMV, ToMV, Pepper Mild Mottles Mosaic

ETHNIC HOT PEPPER continued	Approximate Seed Count/lb.	Days	Color*	Size (LxW)	Disease Resistance
Gong Bao F₁ Named for the popular Chinese dish, the slender, thin-walled peppers have a pungent flavor (3,000 to 6,000 Scoville units) and can be used fresh or cooked. Fruit is easy to dry and use throughout the year. Very productive, deep green-leaved plants set fruit continuously.	102,000	85	Green/red	3-5 x 0.5-0.75 in. (8-13 x 1-2 cm)	-
Hot Portugal Sturdy, upright plants produce large, pointed fruit with a fiery hot flavor.	68,000	60-65	Green/bright scarlet	6-7 in. (15-18 cm)	-
Hungarian Hot Wax Available as Ball Premier Line® seed. Early, medium thick-walled fruit.	67,000	65-70	Bright yellow/red	5.5 x 1.25 in. (14 x 3 cm)	-
Mariachi F₁ Improved Santa Fe Grande type. Early, high-yielding. Mild, thick flesh is good fresh, roasted, pickled. <i>All-America Selections Winner.</i>	61,000	66	Yellow/red	4 x 2 in. (10 x 5 cm)	TMV
Red Cherry Hot Available as Ball Premier Line® seed. Round fruit.	87,000	75-80	Green/red	1.25 x 1.5 in. (3 x 4 cm)	-
Salsa Garden F₁ Available as Ball Premier Line® seed. Moderately hot, tapered fruit with approximately 3,000 Scoville units has medium-thick walls.	61,000	73	Dark green/red	8-9 x 1 in. (20-23 x 3 cm)	HR: PVY0-1, TMV
Tabasco Available as Ball Premier Line® seed. Green-leaf strain is best for the South/East.	113,000	80	Green/yellow	2 x 0.5 in. (5 x 1 cm)	-
Time Bomb Produces red hot cherry peppers with a light, smoky flavor and about 1,000 Scoville units.	68,000	65-70	Green/red	1.5 in. (4 cm)	HR: TMV

Mariachi Pepper

HABANERO PEPPER	Approximate Seed Count/lb.	Days	Color*	Size (LxW)	Disease Resistance
Burning Bush F₁ Wrinkled, lantern-shaped 'Chichen Itza'-type peppers are produced on early-maturing, sturdy and productive plants. Produces fruit with approximately 15,000-20,000 Scoville units. Matures 15 to 25 days earlier than O.P. Habaneros.	91,000	85	Green/orange	3 x 1.5 in. (8 x 4 cm)	IR: TMV
New Chaak Early hybrid habanero matures from green to beautiful orange color. High yielding and heavy, large, thick-walled fruits with good shelf life after harvest. 200,000 Scovilles.	99,800	75-85	Green/orange	2.5 in. (6 cm)	-
Habanero Orange Available as Ball Premier Line® seed. One of the hottest peppers available. Thin-walled fruit wrinkles at maturity.	106,000	95-100	Light green/orange	1 x 1.5 in. (3 x 4 cm)	-
Habanero Red F₁ Available as Ball Premier Line® seed. Short, wrinkled green fruits on 14 to 18-in. (36 to 46-cm) plants turn red when mature and pack a searing heat.	112,000	95-100	Green/red	1.5 x 1 in. (4 x 3 cm)	-
Primero Red F₁ A PanAmerican Seed® Product. One of the earliest ripening habaneros on the market, with fruit ready to harvest and enjoy as early as bell peppers! Produces huge yields of peppers that are larger than other habaneros with just about one-third the heat.	163,000	60-80	Green/red	2.75-3 x 1.25-1.5 in. (7-8 x 3-4 cm)	-
Roulette F₁ With all the aromatic qualities of traditional habaneros, Roulette has almost none of the heat. Mildly pungent and smoky, Roulette produces fruit with about 100 Scoville units, making it a welcome addition to mild salsas with extra character. High yield potential. <i>All-America Selections Winner.</i>	102,000	60-80	Green/red	3 x 1.5 in. (8 x 4 cm)	-

NEW Megatron Pepper

Spicy Slice Pepper

La Bomba II Pepper

Felicity Pepper

JALAPEÑO PEPPER	Approximate Seed Count/lb.	Days	Color*	Size (LxW)	Disease Resistance
Early Jalapeño Available as Ball Premier Line® seed. Early, thick-walled peppers on very productive plants.	83,000	80	Green/red	2-3 x 1.5 in. (5-8 x 4 cm)	-
Felicity F1 A Jalapeño-type hybrid that is heatless, this medium-early variety has a continuous fruit set that results in potentially high yields with large fruit. Plant habit is semi-upright and medium strong. Large fruit has a thick wall and no pungency.	59,000	72	Green/red	4 x .75 in. (10 x 2 cm)	-
Jalafuego F1 Large, strong plants bear super-pungent peppers (4,000 to 6,000 Scovilles). Extra-long length is suited to growing conditions that can cause fruit to shorten.	45,000	70	Dark green/red	3.5-4 x 1.75-2 in. (9-10 x 4-5 cm)	HR: BLS0-3, 7, 8, PVY1
Jalapeño M Available as Ball Premier Line® seed. Pungent, sweet-hot peppers deliver flavor and heat! Thick-walled fruits grow on vigorous, 26-in. (65-cm) plants.	74,000	75-80	Green/red	3 x 1.5 in. (8 x 4 cm)	-
La Bomba II F1 A PanAmerican Seed® Product. Available as Ball Premier Line® seed. Performs like original La Bomba, bearing very large jalapeños with little to no checking. Best in containers or in-ground.	52,000	65-70	Green/red	3-3.25 x 1-1.5 in. (8 x 3-4 cm)	IR: BLS1-3, TMV
New Megatron Megatron is an exciting hybrid jalapeño that boasts dense, extra large fruit. This variety has good shelf life and a nice green color. Other benefits include extreme earliness and high yield potential.	48,100	65	Green	4.5 in. (11 cm)	HR: BLS0-1, 4, 8, 9
Pot-a-peño F1 A PanAmerican Seed® Product. Unique cascading habit is perfect for a hanging basket or container – an ideal addition to any patio or small-space garden. Early maturing means this will be one of the first peppers to fruit in the garden. Tons of jalapeño fruit grow under a dense canopy of small, dark green leaves.	84,400	60-65	Green/red	3-4 x 1.25 in. (8-10 x 3 cm)	-
Spicy Slice F1 Available as Ball Premier Line® seed. Extra-large peppers are good for cutting into uniform, bite-sized rings with good flavor and medium pungency. Vigorous, prolific plants have good cover and are widely adaptable.	61,000	65	Green	4-4.75 x .75-1 in. (10-12 x 2-3 cm)	HR: BLS0-3, 7, 8, IR: TEV
Sriracha F1 A Ball Ingenuity™ product, available exclusively through Ball Seed®. Available as Ball Premier Line® seed. This pepper tops out at about 2,300-2,500 Scovilles. Large and firm, uniformly dark green pepper has beautiful smooth skin and a thick wall. Has a long shelf life and good heat content.	70,000	65-70	Green	5 x 1.25 in. (13 x 3 cm)	-
Tricked You F1 Meet the no-heat jalapeño! Great for blending with hot varieties to customize the heat level in hot sauces and salsas.	46,000	90	Green/red	4.25 x 1.5 in. (11 x 4 cm)	BLS0-3, 7, 8

NEW Spinning Tops Pepper

Little Lanterns Physalis

Durango Pepper

SPECIALTY HOT PEPPER <i>continued</i>		Approximate Seed Count/lb.	Days	Color*	Size (LxW)	Disease Resistance
Crackle F1	Early, high-yielding plants produce large, long and cylindrical peppers. Sturdy, mid-compact variety has concentrated setting and is suited for multiple harvests while maintaining good fruit size.	70,000	60-70	Dark green/red	4-5 in. (10-13 cm)	-
Durango F1	A gourmet favorite! Guajillo pepper offers classic mild to medium hot flavor, smooth exterior, thick walls and mature deep burgundy color on a strong, early-producing plant. High-yielding, with lots of long, tapered, 2 to 2.5-oz. (57 to 71-g) fruit that are good for salsa or drying for powder. Good garden performer.	58,000	70-80	Green/dark red	6.5-7 x 1.5 in. (17-18 x 4 cm)	HR: TMV IR: PC
Mad Hatter F1	A PanAmerican Seed® Product. A unique <i>Capsicum baccatum</i> pepper that is early and very productive, yielding more fruit than similar O.P. varieties. Distinctive, flat-disc peppers are crunchy and crisp, with delicate floral scent and rich flavor that intensifies/sweetens as it matures. In hot, dry climates, a small number of fruit will have a touch of heat close to the seed cavity, but fruit wings are always sweet. Best in-ground with support. <i>All-America Selections Winner.</i>	74,000	85-90	Green/red	2-3.5 x 2-2.5 in. (5-9 x 5-6 cm)	-
Rocket Mamba Red F1	Upright-growing pepper plant with mild, spicy fruit. The glossy fruit turns from a trendy black to a luscious red when ripening. The plant itself has an upright growth habit with a strong central stem and is drought tolerant.	77,000	84-98	Black/red		-
New Spinning Tops	This hot pepper has an unusual shape that bears fruit all season long. Measuring at 30,000 Scovilles, it has a hot, yet fruity flavor. Great for pickling or crushed up as a sauce for meat, fish or poultry.	118,000	90-100		1.25 x 0.75 in. (3 x 2 cm)	-

PHYSALIS	Approximate Seed Count/lb.	Days	Weight
Little Lanterns Neat, compact plants produce flowers followed by sweet, pale green fruit that matures to golden yellow. The paper-like husks dry to golden brown when ripe. Grows to just 12 in. (30 cm) tall and 24 in. (61 cm) wide. Ideal for planters and garden borders. Good weather tolerance.	715,000	70	0.25-0.35 oz. (7-10 g)

Baby Bear Pumpkin

NEW Hulk Pumpkin

Cinderella's Carriage Pumpkin

Jack Sprat Pumpkin

PUMPKIN	Approximate Seed Count/lb.	Days	Weight
Baby Bear Eight to nine pumpkins per vine. Long stems make good handles. <i>All-America Selections Winner.</i>	3,600	105	1.5-2.5 lb. (0.7-1.1 kg)
New Big Deal It is a large 25-lb.+ pumpkin with a hefty, well-embedded handle, uniform sized, sturdy fruit, dark orange color and good yield potential. Plants have Intermediate Resistance to powdery mildew and stand up to hot Summer and Fall conditions.	2,200	100	25-30 lb. (11.3-13.6 kg)
Big Max Nearly round with red-orange skin.	1,300	120	100 lb. (45.4 kg)
Cinderella's Carriage F₁ The first hybrid in this fairy tale shape, delivering high yield and powdery mildew resistance. Produces 5 to 7 bright reddish-orange fruit per plant; occasionally bears a pale blue fruit. Sweet, yellow flesh has a nutty flavor. <i>All-America Selections Regional Winner.</i>	1,800	100	25-35 lb. (11.3-15.9 kg)
Fairytale Deeply lobed, squat fruit is a deep tan color with deep orange flesh inside. Bears numerous pumpkins with thick, strong handles on vigorous 10-ft. (3-m) vines. Good for eating or ornamental use.	3,600	115	15-18 lb. (6.8-8.2 kg)
Hijinks High-yielding, with smooth skin, pronounced grooves and strong stems. Blocky pumpkins are about 8 in. (20 cm) tall and 7.5 in. (19 cm) in diameter. <i>All-America Selections Winner.</i>	3,600	100	7-9 lb. (3.2-4.1 kg)
Howden A traditional favorite. Good yields of intensely orange pumpkins with defined ribs.	2,700	115	20-30 lb. (9.1-13.6 kg)
New Hulk Dark orange with a large, dark green, embedded handle. High yields of extra-large, 30-lb.+ , oblong barrel-shaped, ribbed fruit. Hulk sets multiple, uniform-sized fruits per plant.	2,700	100	30 lb. (13.6 kg)
Jack Be Little Deep orange, 2 x 3-in. (5 x 8-cm) fruit with ribs. Last up to 12 months if fully cured on the vine.	6,800	95	8 oz. (226 g)
Jack Sprat F₁ Exciting pie-class addition with a nice, dark orange exterior and dark green embedded handles. Very uniform. High fruit numbers per plant and an excellent yield potential. Good powdery mildew tolerance.	5,400	100	3 lb. (1.4 kg)
Kandy Korn Plus Miniature pumpkins have deep orange skin with shallow ribs and dark green handles. Semi-determinate plants produce high yields.	4,500	90	1 lb. (0.5 kg)

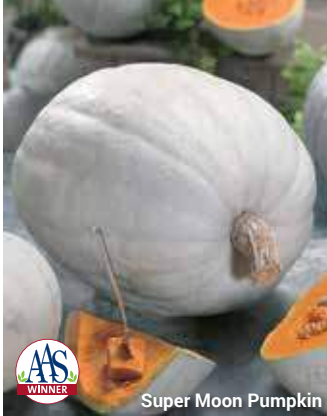

Jack Be Little Pumpkin

WEBTRACK To Go

The FREE **WebTrack To Go** app lets you place orders from anywhere to truly manage your business on the go!

PUMPKIN continued

Large Marge F₁ Extremely large variety has a deep orange, glossy exterior with a strong, dark green, large, embedded handle to match the fruit size. Plants are full-vined and can set multiple fruits per plant and maintain size. Traditional blocky, round shape is perfect for carving or decorating.

Long Island Cheese A longtime favorite on Long Island, very popular for pies. Flat, lightly ribbed fruit looks like wheels of cheese, with buff-colored skin.

Magic Lantern F₁ Classic, upright, dark orange pumpkins with medium ribs are set close to the plant crown. Restricted vining makes this a good choice for small spaces. Extremely powdery mildew tolerant.

Mini Harvest Blend F₁ Multi-color trio of mini-pumpkins includes orange with green handles; green-mottled white; and green-mottled orange/white color patterns. Good for ornamental and edible use.

Mrs. Wrinkles F₁ Attention-grabbing novelty pumpkins have deep wrinkled ribs; burnt orange color; and strong, dark green handles. A real standout from traditional Jack O'Lanterns.

New Skidoo Gold Blocky, heavily ribbed, mid-sized pumpkin with powdery mildew tolerance. Improved uniformity and color over comparable varieties in the same weight class.

Small Sugar Heirloom variety is dark orange and lightly ribbed. Productive, easy to grow.

Super Moon F₁ Features an appealing ghostly white coloration on large, blemish-free, round pumpkins. Grown for their large size and their clean white color, these hardy plants are known for early fruit development and vigorous growth. Tough stems, hardy and disease-resistant. *All-America Selections Regional Winner.*

Warty Goblin F₁ Heavily-warted, hard shell pumpkin has a round/flat shape. Intermediate Resistance to powdery mildew. Productive; stores well.

Wee-B-Little Rounded mini-pumpkins are deep orange for ornamental use. High-yielding, bush-type plants are ideal for small gardens. *All-America Selections Winner.*

White Flat Boer Ford Edible and ornamental specialty variety has a unique color; stackable, flat shape; and sweet, orange flesh. Creamy white exterior does not bleach out, yellow or blemish. Stores well.

Approximate Seed Count/lb.	Days	Weight
2,800	105	30-40 lb. (13.6-18.1 kg)
3,630	105	6-10 lb. (2.7-4.5 kg)
2,200	115	16-24 lb. (7.3-10.9 kg)
5,900	90-100	4-6 oz. (113-170 g)
2,700	100	14-18 lb. (6.4-8.1 kg)
3,600	90	12-15 lb. (5.4-6.8 kg)
3,600	100	5-8 lb. (2.3-3.6 kg)
1,800	90	25-30 lb. (11.3-13.6 kg)
4,000	105	8-20 lb. (3.6-9.1 kg)
5,900	120	0.5-1 lb. (0.2-0.5 kg)
1,800	100-110	10-15 lb. (4.5-6.8 kg)

RADISH

Easter Egg Mix II Novel mix produces 6 shades of red, purple and white. Adds distinctive color and delicate flavor to salads and veggie trays. Round, large and late to become pithy.

Rainbow Mix II Vibrant round to plum-shaped roots of purple, red/white bicolor, white, red and gold, all with crisp, white flesh and tangy flavor.

Starburst Watermelon-type radish characterized by a bright red interior and a white/green exterior. Performance will be best in most areas if seeds are planted in early Spring or Fall. Mature roots are tangerine-sized with upright, bright green foliage.

Approximate Seed Count/lb.	Days
47,000	28
50,000	28
60,000	60

RHUBARB

Victoria Excellent cooking variety is sweet and mild. Prolific green stalks with red blush are slender and tender. NOTE: Stalks can be harvested 2 years after sowing, but allow 3 years for a fully developed crop. Recommended for Summer sowing in 1-gallon pots for sales the following Spring.

NEW Darkside Spinach

NEW Countryside Spinach

Olympia Spinach

Green Beret Spinach

SPINACH	Approximate Seed Count/lb.	Days
Bloomsdale Heavy, continuous yield of thick-textured, crinkled and glossy, dark green leaves. Withstands heat and cold. Slow to bolt.	35,400	48
New Countryside F₁ Beautiful, dark green, very uniform, baby leaf spinach variety. Thick, smooth, round, oval leaves. Holds well and has acceptable bolt tolerance for fresh market growers.	45,200	23-27
New Darkside Uniform, dark green, smooth, round, oval leaves. Plant has a nice upright habit with thick leaves and good weight. It has a slow-to-moderate growth habit, making it an excellent choice for baby leaf growers.	42,500	27-32
Green Beret F₁ Dark green, semi-savory variety can be grown as baby spinach or as large leaves. Potential for minimal cracking. High Resistance to downy mildew races 1-13, 15 and 16.	33,500	30
Imperial Beach F₁ Asian-type spinach is deep green and smooth with an upright plant habit, making it easy to harvest and bunch.	50,300	35-40
Imperial Valley F₁ Asian-type spinach variety has uniform, deep green, smooth, Asian-lobed leaves with flexible and strong petioles, making them easy to harvest and great for bunching.	25,400	30-40
Olympia A moderate-growing, processing variety with large, smooth, elongated oval, medium green leaves. It is a bolt-tolerant variety with a preferred growing window of early Spring or late Summer. Offers high yields and multi-cuts for processing growers due to its bolt tolerance and large leaves. In addition, it has resistance to races 11-12, 14 & UA4410 of downy mildew.	41,000	45-50
Seaside F₁ Very uniform baby-leaf variety has smooth, thick, very dark green leaves with the preferred spade shape. Upright plants have moderate bolt resistance. Also resistant to several strains of downy mildew.	41,000	25-30

Seaside Spinach

SUMMER SQUASH	Approximate Seed Count/lb.	Days	Type	Size
Ball's Zucchini II A Ball Ingenuity™ product, available exclusively through Ball Seed®. Extra-early, proven performer with exceptionally high yields of slender, straight, glossy green fruit.	2,700	48	Zucchini	7-8 in. (18-20 cm)
Bossa Nova F₁ Variety bears slightly tapered, 8 to 10-oz. (227 to 284-g), dark and light green-mottled fruit with sweet, mild taste and smooth flesh. Compact bush-type plants bear early and continue up to 3 weeks longer than comparable types. Intermediate Resistance to Papaya ringspot virus, Watermelon mosaic virus and Zucchini yellow mosaic virus. <i>All-America Selections Winner.</i>	3,100	30-45	Caserta zucchini	3.5-6 in. (9-15 cm)

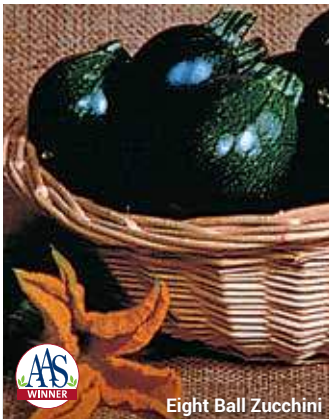

Ball's Zucchini II

new

NEW Chiffon Squash

AS WINNER
Eight Ball Zucchini

Golden Zebra Zucchini

Lemon Sun Squash

Dixie Squash

EasyPick Gold II Zucchini

Endeavor Zucchini

SUMMER SQUASH continued	Approximate Seed Count/lb.	Days	Type	Size
New Chiffon F₁ Fine, white flesh is velvety smooth and tasty. High yields from midsummer until frost. The extremely tender, uniform fruit has a flavor as delicate as its buttery, yellow color. Compact, bush habit makes it easy for picking.	4,990	42	Zucchini	6-8 in. (15-20 cm)
Dixie F₁ Available as Ball Premier Line® seed. Shiny, lemon yellow, strongly tapered fruit is produced on early, highly productive and vigorous plants.	5,400	45	Crookneck	5-6 in. (13-15 cm)
Early Summer Crookneck Smooth, bright yellow curved-neck fruits mature to orange-yellow. Meaty, flavorful interior.	5,900	45	Crookneck	8-10 in. (20-25 cm)
Easy Pick Gold II F₁ A PanAmerican Seed® Product. Fast-growing plants have an open habit and few prickles on the petioles. Continuous yields of slender, "twist to harvest" fruits make this traditional zucchini easy to market. Gold II offers improved disease resistance to ZYMV (Zucchini Yellow Mosaic Virus), WMV (Watermelon Mosaic Virus) and PRSV (Papaya Ring Spot Virus).	5,900	40-45	Zucchini	10 in. (25 cm)
Eight Ball F₁ Uniform, shiny, round fruit are dark green and speckled. Matures several days earlier than others. Vigorous bushes are easy to harvest. All-America Selections Winner.	3,600	35	Zucchini	3 in. (8 cm)
Endeavor F₁ Large, glossy, dark green squash is small-spined. Nice, open habit makes harvesting easy.	2,700	45	Zucchini	7 in. (18 cm)
Golden Zebra F₁ Straight, blocky and cylindrical fruit is bright golden yellow, with very crisp and flavorful flesh.	4,000	50	Zucchini	7-8 in. (18-20 cm)
Goldy F₁ Big yields of long, slender fruits with bright yellow skin, white flesh and contrasting green stems. An open habit with few spines makes harvesting easy.	3,600	55	Zucchini	8-10 in. (20-25 cm)
Lemon Sun F₁ A PanAmerican Seed® Product. Vigorous and strong bush plant habit produces exceptional yields of uniform, yellow, scalloped, disc-shaped fruit with no green on the blossom end; sweet and tender patty pan squash can be harvested from baby with the flower attached to full size.	5,900	40-45	Scallop	4-5 in. (10-13 cm)
Multipik F₁ A Ball Ingenuity™ product, available exclusively through Ball Seed®. Golden yellow fruit on early, very prolific plants.	5,900	50	Straightneck	7.5-8 in. (19-20 cm)
Noche F₁ Named for its "dark as night" skin, a popular choice in western regions. Long, glossy fruit have superior shelf life. Open, nearly spineless plants are easy to harvest. Resists Watermelon mosaic virus, Zucchini yellow mosaic virus.	3,100	45	Zucchini	7-8 in. (18-20 cm)
Scallop Blend Colorful blend of 5 hybrid scallop types offers gardeners a tasty and beautiful harvest of Summer squash. Best picked small.	5,400	45-48	Scallop	2-3 in. (5-8 cm)
Spineless Perfection F₁ Spineless...perfected! Open, upright plants make it super easy to harvest the attractive, glossy zucchini without pain or fruit damage. Intermediate Resistance to powdery mildew, Watermelon mosaic virus, Zucchini yellow mosaic virus.	2,700	42	Zucchini	7-8 in. (18-20 cm)

Summer Surprise Mix Zucchini

Sunny Delight Squash

Yellow Straight Neck Squash

Atlas Squash

SUMMER SQUASH <i>continued</i>	Approximate Seed Count/lb.	Days	Type	Size
Summer Surprise Mix F₁ Dark green/black, lighter green and golden yellow types of traditional zucchini, plus a unique Caserta type and flavorful Lebanese type. All varieties produce early, uniform and heavy yields of quality fruit.	3,600	45-48	Assorted	Varies by variety
Sunny Delight F₁ Semi-bush and compact plant has an open plant habit, making it easy to harvest. Pale yellow fruits have distinct scalloping and great taste.	7,200	45	Scallop	2.5-3 in. (6-8 cm)
Superspik Excellent uniformity and vigor, with high, early yields of sweet, yellow fruit that are longer than standard varieties.	4,900	55	Straightneck	7 in. (18 cm)
Yellow Straight Neck Uniform yellow fruit on semi-open, bushy plants.	4,900	55	Straightneck	10-14 x 3 in. (25-36 x 8 cm)
Zucchini Dark Green Early, vigorous zucchini squash bears abundant yields of 6 to 8-in. (15 to 20-cm) fruits. Straight, smooth, dark green-mottled zucchini with pale greenish-white, firm flesh and bush habit.	3,100	45-65	Zucchini	6-8 in. (15-20 cm)

Autumn Acorn Blend Squash

WINTER SQUASH	Approximate Seed Count/lb.	Days	Type	Size
Atlas F₁ High yields of uniformly sized and shaped fruits with long, cylindrical necks and slight bulb ends. A mid-maturing variety with light cream skin and dark orange flesh.	4,500	100-110	Butternut	5-7 lb. (2.3-3.2 kg)
Autumn Acorn Blend F₁ The best of all worlds! Includes Table Princess, Table Gold, White Ace and Mardi Gras for a colorful, tasty harvest.	4,900	70-105	Acorn	4-5 in. (10-13 cm)
Autumn Frost F₁ A PanAmerican Seed® Product. Uniquely ribbed, round fruit ripens to dark tan with a frosted overlay. Fruit is similar in taste to a butternut squash, with superior quality, rich flavor and a shelf life of up to 4 months after maturity, allowing for a supply of high-quality fruit throughout the Winter season.	6,800	100-105	Specialty Round	5-7 x 5-6 in. (13-18 x 13-15 cm)
Butterbaby A PanAmerican Seed® Product. Produces an abundance of sweet, personal-size mini butternuts with classic light tan skin color. Restricted vines will not take over the garden like traditional butternuts; can be grown on a trellis to save even more space. Excellent storage quality – will last up to 4 months or more after harvest. Intermediate Resistance to powdery mildew.	6,800	100-105	Butternut	4-6 x 3-4 in. (10-15 x 8-10 cm)
Buttercup Space Station F₁ Semi-bush habit is ideal for small spaces. Nearly black skin and pale yellow, sweet, dry flesh.	2,700	90	Buttercup	7 x 4 in. (18 x 10 cm)
Butternut Canesi The earliest butternut squash to date. Smooth, tan-skinned fruits are large for an early variety. The seed cavity is small, so you get more flesh per fruit. Great-tasting, bright yellow interior is sweet, fine-textured and smooth.	4,540	80-85	Butternut	10-12 in. (25-30 cm)
Butternut Waltham Exceptional yields and nutty flavor. Great for baking, cooks up sweet and tender. <i>All-America Selections Winner.</i>	4,900	90	Butternut	9 x 4-5 in. (23 x 10-13 cm)
Butterscotch F₁ Produces single-serving, 1.25-lb. (0.6-kg) butternut squash with a rich, very sweet and nutty flavor. The small, 1 to 2-lb. (0.5 to 0.9-kg) fruits mature early with short, space-saving vines producing 3 to 4 per plant. Can be grown in a container. Resists powdery mildew. <i>All-America Selections Winner.</i>	6,300	85	Butternut	6 x 3 in. (15 x 8 cm)

Autumn Frost Squash

Butternut Squash

Honeynut Squash

Primavera Squash

Sweet Mama Squash

Butterscotch Squash

Honeybaby Squash

Kurihomare Squash

WINTER SQUASH continued	Approximate Seed Count/lb.	Days	Type	Size
Delicata Unlike most winter squash that need a few weeks to "cure" before eating, Delicata is ready to use straight out of the garden. Fruits weigh 1 to 2 lbs. (0.5 to 0.9 kg), a perfect single-serving size.	6,800	90-100	Specialty Round	16-32 oz. (454-907 g)
Early Butternut F₁ Gold, smooth-skinned fruit has a strong, blocky shape and sweet-tasting, orange flesh. Early-maturing variety. Compact, semi-bush variety. <i>All-America Selections Winner.</i>	5,400	82	Butternut	10-12 in. (25-30 cm)
Goldilocks F₁ Bright orange, bush-type acorn squash has High Resistance to powdery mildew. <i>All-America Selections Winner.</i>	5,400	85	Acorn	5 in. (13 cm)
Honeybaby F₁ Another great patio planter choice – the super-compact, semi-bush plants are perfect for container growing! Short, 6 to 7-in. (15 to 18-cm) fruits with sweet, nutty flavor and meaty interior are produced on the 2 to 3-ft. (61 to 91-cm) vines; yields 8 to 9 fruit per plant. <i>All-America Selections Regional Winner.</i>	5,900	90	Butternut	4-8 oz. (113-227 g)
Honeynut A PanAmerican Seed® Product. First widely available small-fruited butternut squash in a high-germinating uniform strain. Higher yielding than traditional butternuts, with sweet, individual-size squash.	5,900	105-110	Butternut	4-5 in. (10-13 cm)
Kurihomare F₁ Large, dark green Kabocha squash has bright yellow flesh with an exceptional, "nutty" taste. Vigorous vine and strong plant habit assure good growth even in cold conditions. Good fruit setting with high yields.	3,100	100	Kabocha	4.5-5.5 lb. (2-2.5 kg)
Primavera F₁ Restricted vine-type is ideal for home gardens, delivers high yields of uniform, 3-lb. (1.4-kg) fruits with delicious, light-colored flesh.	3,600	90-95	Spaghetti	5.5 x 10 in. (14 x 25 cm)
Sweet Mama A favorite for home gardeners and small growers. Early-maturing, bush-type squash takes less space to grow compared to other Kabochas. Produces large fruit with dark green skin and bright yellow flesh that is very sweet with a nutty flavor. Its characteristics and storage capabilities are similar to a winter squash; however, it grows and sets fruit similar to a summer squash in the U.S.	3,600	45-50	Kabocha	4-4.5 lb. (1.8-2 kg)
Table Ace Semi-bush plants yield large black-green fruit with excellent flavor.	4,500	70	Acorn	4.5-5.5 in. (11-14 cm)
Taybelle High-quality acorn squash matures from dark green to jet black. With Intermediate Resistance to powdery mildew, high planting density and high yield potential, it's an easy plant to keep and excellent when baked.	4,500	72	Acorn	6-7 in. (15-18 cm)
Tivoli F₁ The first bush-type spaghetti squash – short vines make this a real spacesaver! Smooth, light yellow exterior with creamy, easy-to-shred flesh. <i>All-America Selections Winner.</i>	3,600	98	Spaghetti	9.5 in. (24 cm)
Vegetable Spaghetti F₁ Oblong, mid-size yellow fruits. Tasty, pasta-like interior. Harvested in late Summer/Fall, can be stored several months in a cool/dry location.	3,100	100	Spaghetti	8-12 x 5-6 in. (20-30 x 13-15 cm)

Super Verde Tomatillo

Tamayo Tomatillo

SWISS CHARD

Bright Lights Unique yellow, gold, orange, pink, violet, green and striped stems, plus standard red and white. Mild flavor. Tender, bronze or dark green leaves. Good ornamental. *All-America Selections Winner.*

Celebration Red, magenta, orange, pink, yellow and white stems support glossy, dark green leaves. A beautiful ornamental for the flower garden or large containers.

Eldorado Attractive, smooth, glossy green leaves have strong gold stem and vein coloring. Frost tolerant, vigorous and very slow to bolt. Harvest at baby stage: 20-27 days.

Fire Fresh Bright red petioles and medium dark green leaves make it a great choice for baby leaf or spring mix growers. It has a moderate to fast growth rate and an upright plant habit. Round-to-oval leaves have a slight texture. Intermediate Resistance to downy mildew.

Fordhook Giant A fast-growing variety featuring white petioles with large, semi-savoy, green leaves; bolt tolerant with an upright plant habit.

Northern Lights Mix Produces good yields of swiss chard with multicolor stems in vibrant red, magenta, gold and white. Excellent for salads and steamed with other greens.

Peppermint This one is all about eye-candy...the white petioles with pink stripes from top to bottom plus glossy, dark green savoy leaves. Very uniform and bolt-tolerant. Makes a great addition to Fall color bowls and landscapes.

Rhubarb Features dark red petioles and dark green, savoy leaves, with an upright plant habit and a moderate bolt tolerance.

Silverado A slow growing Swiss chard with white petioles paired with dark green, glossy leaves; bolt tolerant with an upright plant habit.

TOMATILLO

Super Verde F1 Firm fruit in attractive green color have strong, healthy husks and above-average shelf life. Strong plant has good vigor and cover with very good fruit set. Improved uniformity, yield and longer production cycle than others of this type.

Tamayo F1 Intense green fruits with uniform shape and size have above-average shelf life. Strong plants adapt well to a variety of growing conditions.

Big League Tomato

BuffaloSteak Tomato

NEW Big Beef Plus Tomato

TOMATO

All tomatoes are sold as defuzzed seed. Many tomatoes are also available as easy-to-sow Ball Premier Line® seed.

Growth:

- I: Indeterminate (pole or stake type). Blossoms and fruit develop progressively, and the harvest lasts several months; best when staked.
- D: Determinate (bush type). Blossoms and fruit develop on the vine at the same time. The harvest time is short – typically 2 to 3 weeks. Plants are self-topping and seldom need staking; best when caged.

Disease Resistance:

- HR: High Resistance
- IR: Intermediate Resistance
- A: Alternaria stem canker
- F1: Fusarium Wilt Race 1
- F1&2: Fusarium Wilt Races 1 & 2
- LB: Late blight
- N: Nematodes
- S: Gray Leaf Spot

- St: Stemphylium
- TMV: Tobacco Mosaic Virus
- ToMV: Tomato Mosaic Virus
- TSWV: Tomato Spotted Wilt Virus
- V: Verticillium

Royal Crown F₁ This multi-use variety has uniform deep green cut leaves and top-shaped roots with a bright purple crown and a creamy white bottom; features a sweet, mild flavor.

Approximate Seed Count/lb. Days

188,000 50

WATERMELON

Cal Sweet Bush Plant produces compact, bushy vines that grow 14 to 18-in. (36 to 46-cm) long and still provide enough foliage cover to protect the fruits. Each plant yields 2 to 3 fruits weighing 10 to 12 lb. (4.5 to 5.5-kg). *All-America Selections Regional Winner.*

Approximate Seed Count/lb. Days Weight

15,400 90 10-12 lb. (4.5-5.4 kg)

Crimson Sweet Dark/bright green-striped, oval fruit are 10 to 12 in. (25 to 30 cm) long. Sweet, crispy, juicy fruit is deep red with few seeds. Very productive; each plant produces 3 to 5 large fruits.

10,400 85-90 15-25 lb. (6.8-11.3 kg)

Mambo F₁ Has the appearance of a seedless watermelon but the better taste of a seeded type due to its extremely small seed cavity. Grows and yields well, even in cool, cloudy conditions. Crisp, extra-sweet, deep red flesh is remarkably flavorful and holds well on the vine. Each plant produces 3 to 4 fruits with dark green skin and blackish-green stripes. *All-America Selections Winner.*

4,500 75 11 lb. (5 kg)

Mini Love F₁ Personal-size seeded watermelon yields up to 6 fruit per plant. Mini Love has a rind pattern like Crimson Sweet, with sweet, crisp, red flesh and few seeds. The fruit hold well and the plants offer Intermediate Resistance to Anthracnose. *All-America Selections Winner.*

10,400 70-80 7-9 lb. (3.2-4.1 kg)

Sugar Baby Heirloom. Early, 6 to 8-in. (15 to 20-cm) fruit has thick, dark green skin. Firm, sweet red flesh with large, dark brown seeds. Space-saving, compact-vined variety is dependably productive.

10,400 70-80 8-10 lb. (3.6-4.5 kg)

Sunsugar Very productive, all-sweet type produces shorter, blockier, classic-sized, 18 to 21 lb. (8.2 to 9.5 kg) fruits. Vigorous vines protect developing fruit from sunburn.

10,400 85 18-21 lb. (8.2-9.5 kg)

**SINCE
1876**

**NEW
to see in
2023!**

A known and trusted brand since 1876, Burpee® continues to **bring the best** in vegetables, herbs and flowers. Our quality plants are trialed across North America to ensure our varieties will grow well in any region. Among our **best-tasting** and **top-performing** vegetables, fruits and herbs, you'll find new and unique varieties for foodies, new edibles for hanging baskets and small spaces, and **disease-resistant** varieties that can stand up to tough conditions and keep producing large harvests.

Our goal is to keep gardeners excited by pairing new, unique varieties and tried-and-true vegetables, fruits, flowers and herbs that consumers know and love. New products that will grab attention at retail include our hanging basket varieties: sweet **Peppers from Heaven**, available in red, orange and yellow, and the very early-fruiting **Jalapeño Pot-a-peño Hot Pepper**. Keep gardeners and foodies engaged with **Pepper Aleppo**, **Pepper Spinning Tops** and **Eggplant Asian Delite**.

We work hard to make Burpee the easiest brand for our customers and consumers to choose. **Color-coded tags and POP** make merchandising and shopping a breeze and will provide a tidy and uniform look at retail.

As always, Burpee provides this POP for FREE. In addition to our new tomato and pepper banners, you will find a brand-new assortment of **benchcards** highlighting our veggies by class.

Visit burpeehomegardensbrand.com to find out more about the Burpee branded program, and see all the great-tasting, top-performing varieties available from Burpee plants.

Sweet Slaw Cabbage

Sweet Thang Cabbage

Fresh Pickles Cucumber

Vegetable seed is for bedding plant production only, not for commercial production use.

All varieties supplied as seed are sold by seed count.

● All vegetable varieties perform best in full-sun conditions.

BRUSSELS SPROUTS	Approximate Seed Count/lb.	Days
------------------	----------------------------	------

Redarling F1 Produces high yields of beautiful reddish-purple, medium-sized buttons that are mild tasting, firm and well filled.

81,000 140-145

CABBAGE	Approximate Seed Count/lb.	Days	Weight	Color
---------	----------------------------	------	--------	-------

Sweet Slaw Available exclusively through Ball Seed®. This sweet, green cabbage has a smooth, dense, cone-shaped head, perfect for slicing and shredding. With a long harvest window, you'll get to enjoy more of this sweet, green cabbage. It is resistant to cracking, and is great for sauerkraut and cole slaw.

157,000 65 32-35.2 oz. (0.92-0.99 kg) Green

Sweet Thang Available exclusively through Ball Seed®. This non-heading cabbage offers thick, sweet-tasting white veins with attractive dark green leaves. Features a uniform habit and short core. Better tasting than collards or kale.

128,000 65 Non-heading Green

CUCUMBER

Types:

M: Monoecious plants produce separate male and female flowers on the same plant.

G: Gynoecious plants produce only female flowers for higher and more concentrated yields.

PICKLING CUCUMBER	Approximate Seed Count/lb.	Days	Type	Length
-------------------	----------------------------	------	------	--------

Fresh Pickles F1 Short-vined, compact plants are ideal for planters. Very high yielding with great flavor and continuous harvests. Can be sold in large pots with trellis in flower or with small fruit.

16,300 45-50 M 5 in. (13 cm)

SLICING CUCUMBER	Approximate Seed Count/lb.	Days	Type	Length
------------------	----------------------------	------	------	--------

Bush Champion Compact plants produce huge, crisp, bright green cucumbers. Perfect for small gardens and patio containers.

17,200 55 M 11 in. (28 cm)

Gold Standard Part of the BOOST Antioxidant Collection. Can produce five times the beta-carotene of other cucumbers.* Light green skin and light salmon-toned flesh.

14,000 49 M 6-8 in. (15-20 cm)

*Based on cucumbers grown under our trial conditions, harvested when ready to eat and peeled. Actual harvest results may vary.

EGGPLANT	Approximate Seed Count/lb.	Days	Fruit Shape	Color
----------	----------------------------	------	-------------	-------

Early Midnight Very early, mid-size fruit is tasty and nearly seedless...even if left on the vine too long! The 6-in. (15-cm) fruits have creamy white flesh with light, gourmet flavor.

PEPPER

*The first color listed is the stage when picking is most preferred. The second color indicates the mature stage, with more intense heat.

Disease Resistance:

- HR:** High Resistance
- IR:** Intermediate Resistance
- BLS:** Bacterial spot
- CMV:** Cucumber mosaic virus
- N:** Nematodes
- Pc:** Phytophthora blight
- PM:** Powdery mildew
- PVY:** Potato virus Y
- TEV:** Tobacco etch virus
- TMV:** Tobacco mosaic virus
- TSWV:** Tomato spotted wilt virus

SWEET BELL PEPPER	Approximate Seed Count/lb.	Days	Color*	Size (LxW)	Disease Resistance
Cherry Stuffer F1 Compact plants produce lots of "snackable, stuffable, grillable" peppers. Shape resembles popular Cherry Bomb, with less heat and more sweet. Good in small gardens, large containers.	54,000	73	Green/red	2 x 2 in. (5 x 5 cm)	IR: TMV
Confetti F1 Mini bell pepper has unique, eye-catching variegated foliage. Fruit has a sweet, crunchy flavor that is perfect for fresh eating at any stage of ripeness. Best for containers or gardens, with or without support.	74,000	45-70	Green/red	2-2.5 x 1.25-1.75 in. (5-6 x 3-4 cm)	-
New Gold Standard II F1 This great, big, green-to-gold bell pepper produces high yields. Also offers an excellent disease resistance package.	65,800	75-80	Green to gold	4.25-4.5 x 4-4.25 in. (11 x 10- 11 cm)	BLS0-9, PVY0, TMV, TSWV
Great Stuff Hybrid Jumbo peppers are easy to grow, pest-resistant and productive all Summer long.	51,000	75	Green/dark red	7 x 5 in. (18 x 13 cm)	IR: TSWV
Jungle Parrot An excellent choice for space-saving gardening. The plants grow strong without support and perform equally well in containers or in the ground. The blocky, bell-shaped fruit can be eaten at green or red stage. More than a dozen peppers can be harvested from each plant.	69,000	65-75	Dark green/red	3 x 3 in. (8 x 8 cm)	IR: N, PM, PVY0, TEV
New Red Standard II F1 This colossal, green-to-red bell pepper produces thick-walled fruit and adjusts well from cool to warmer seasons. It offers early maturity and high yields, and the peppers will ripen to red quickly in hot climates. It also offers excellent disease resistance.	68,500	75-80	Green to red	3.75-4.25 x 3.75-4.5 in. (10-11 x 10-11 cm)	BLS0-9, N

Jungle Parrot Pepper

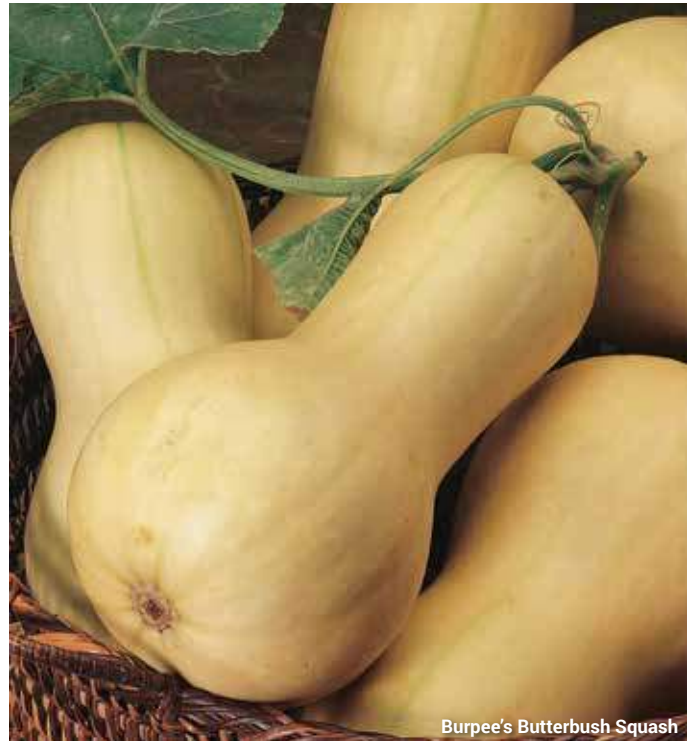

SWEET NON-BELL PEPPER	Approximate Seed Count/lb.	Days	Color*	Size (LxW)	Disease Resistance
Bananarama Big, meaty banana peppers on smaller plants. Peppers start yellow and mature to orange-red; can be picked at any time.	67,000	70	Yellow/ orange-red	8 x 1.25 in. (20 x 3 cm)	-
Big Daddy Hybrid Produces jumbo yellow Marconi peppers that are great grilled, sautéed, stir-fried, roasted or stuffed.	66,000	73	Green/yellow	8-10 in. (20-25 cm)	-
Costa Rican Sweet Ruby red peppers are easy to grow and have more flavor than most sweet bell varieties.	59,000	70	Green/red	6 x 2-3 in. (15 x 5-8 cm)	-
Jalapeño Sweet Poppers No-heat jalapeños give you all the flavor without the burn! These peppers are earlier to fruit and produce high yields with well-drained, nutrient-rich soil.	59,000	65-85	Green/red	3.7-4 x 1-1.3 in. (9-10 x 3 cm)	-
Mardi Gras Fun F₁ Series The perfect snack-sized peppers feature eye-catching colors that beg to be eaten; all colors can be grown together in one large container for a fun patio display. • Orange • Purple • Red • Yellow	Orange: 72,000 Purple: 67,000 Red: 75,000 Yellow: 61,000	65-80	Varies by variety	3.5 x 1.5 in. (9 x 4 cm)	-
New Peppers from Heaven F₁ Series Offers consumers a new way to grow sweet peppers. Attractive mounding/trailing habit makes it perfect for hanging baskets. Lots of fleshy fruit turn from green to glossy colors. Compact plants bear fruit all season long with pollinators. • Orange • Red • Yellow	Orange: 74,900/ Red & Yellow: 87,600	70-80	Varies by variety	2.5-3.5 x 0.75-1.25 in. (6-9 x 2-3 cm)	-
Thunderbolt F₁ Huge Marconi peppers have good flavor and texture, thick walls and satisfying crunch. High-yielding plants work in large containers, gardens.	67,000	65-80	Green/red	13 x 4 in. (33 x 10 cm)	IR: TMV, TSWW
CHILI PEPPER	Approximate Seed Count/lb.	Days	Color*	Size (LxW)	Disease Resistance
Armageddon F₁ The world's first F ₁ hybrid super-hot chili measuring at 1.2 million Scovilles. This gives a fantastic grower advantage in terms of improved plant vigor and fruit uniformity. It is the earliest maturing super-hot variety, at least 14 days earlier than the competition.	90,000	95-100	Green/red	1.6-2 x 1.2-1.6 in. (4-5 x 3-4 cm)	-
Hot Lemon Heirloom pepper from Ecuador is as hot as any Cayenne, but with a unique flavor and aroma. Flavorful when green or ripe, best used fresh in sauces or dried.	95,000	75-80	Green/yellow	3-4 x 0.75 in. (8-10 x 2 cm)	-
Ristra Cayenne II Tapered fruit has a twisted shape and is thin-walled and two-celled. Get more peppers with less heat and a mild spicy flavor. This plant also produces a better canopy with the potential for higher yields than original Ristra Cayenne.	54,000	75-90	Green/red	9-12 x 1.5 in. (23-30 x 4 cm)	-

Atlas Tomato

BushSteak Tomato

SteakHouse Hybrid Tomato

TOMATO

All tomatoes are sold as defuzzed seed. Many tomatoes are also available as easy-to-sow Ball Premier Line® seed.

Growth:

I: Indeterminate (pole or stake type). Blossoms and fruit develop progressively, and the harvest lasts several months; best when staked.

D: Determinate (bush type). Blossoms and fruit develop on the vine at the same time.

The harvest time is short – 7 to 10 days. Plants are self-topping and seldom need staking; best when caged.

Semi-D: Semi-determinate. Compact plants continue to fruit several times in the Summer.

Disease Resistance: **HR:** High Resistance, **IR:** Intermediate Resistance

A: Alternaria stem canker

S: Gray leaf spot

BLS: Bacterial Leaf Spot

St: Stemphylium

EB: Early blight

F1: Fusarium Wilt Race 1

TMV: Tobacco Mosaic Virus

F1&2: Fusarium Wilt Races 1 & 2

ToMV: Tomato Mosaic Virus

LB: Late blight

V: Verticillium

N: Nematodes

TSWV: Tomato Spotted Wilt Virus

BEEFSTEAK TOMATO	Approximate Seed Count/lb.	Days	Color	Size	Growth	Disease Resistance
Atlas This determinate beefsteak tomato is well suited for containers or in-ground production. With a big yield of extra-large tomatoes and good disease resistance, Atlas will surely delight any space-saving gardener.	152,000	65	Red	12 oz. (340 g)	D	IR: F1, S, V
Brandy Boy Hybrid Hybrid of the classic Brandywine has the incredible taste and thin skin of an heirloom without typical heirloom drawbacks. Produces loads of large pink fruits.	152,000	78	Pink	7 to 10 oz. (198 to 283 g)	I	IR: A, F1, N, TMV, V
BushSteak F1 A beefsteak that can be grown in a container! Compact plant produces big, flavorful and meaty tomatoes that mature early. Works in small gardens, too.	146,000	65	Red	8 to 12 oz. (227 to 340 g)	Semi-D	-
Oh Happy Day F1 Bred in England like Cloudy Day and suitable for areas with cooler Springs. Produces an outstanding crop of beefsteak tomatoes in clusters of 3 to 7 fruit, with a flavor that's top notch! Quick to harvest; fruits snap off easily from the stem.	193,000	67	Red	5 to 6 oz. (142 to 170 g)	I	IR: EB, F1, LB, V
SteakHouse One of the world's largest beefsteaks bears high yields of broad-shouldered tomatoes loaded with true heirloom flavor and wonderful fragrance. NOTE: Support required.	156,000	75-80	Red	1.5 to 4 lb. (680 to 1814 g)	I	IR: F1, V

2023 FLOWERS

ALL VARIETIES ARE EXCLUSIVELY BURPEE!

Paparazzi Glamour Pink Petunia

Paparazzi Glitz Yellow Petunia

Paparazzi Midnight Blue Petunia

Paparazzi Palladium Purple Petunia

Paparazzi White Diamonds Petunia

White Wedding Zinnia

Champagne Toast Zinnia

PETUNIA

P. x hybrida 🌞

Paparazzi® Series

Height: 10 to 15 in. (25 to 38 cm)
Spread: 10 to 15 in. (25 to 38 cm)
Flower size: 3.5 to 4 in. (9 to 10 cm)

Available as Ball Premier Line® seed. Gardeners will go wild for these big-bloomed grandiflora stars in exciting colors – now you can offer decorator options in a consumer favorite class! Suitable for pots, combo planters and baskets, this star-quality collection is a must for today's trend-conscious shopper.

- Glamour Pink
- Glitz Yellow
- Midnight Blue
- Palladium Purple
- White Diamonds

ZINNIA

Medium Z. elegans 🌞

Champagne Toast

Height: 14 to 18 in. (36 to 46 cm)
Spread: 10 to 12 in. (25 to 30 cm)

Available as Ball Premier Line® seed. Large, double pink blooms bring an elegant touch to mixed containers and gardens, as well as indoor vase arrangements. A low-water, easy-care variety.

White Wedding

Height: 14 to 18 in. (36 to 46 cm)
Spread: 10 to 12 in. (25 to 30 cm)

Available as Ball Premier Line® seed. Soft, double white blooms add a little romance to Summer containers and landscapes, and thrive all season long without a trace of maintenance or water. Nice cut flower, too.

terms and conditions of sale

VISIT BALLSEED.COM FOR CURRENT TERMS AND CONDITIONS OF SALE.

Note: Ball Terms & Conditions of Sale are country/region specific. The following Terms & Conditions of Sale apply to product sold within the United States and Canada.

ACCEPTANCE OF TERMS

These terms and conditions shall govern orders for seeds, bulbs, plants, supplies and other materials (merchandise) placed with Seller. All negotiations with sales representatives or other agents of Seller are merged herein. No modification of these terms and conditions shall be effective unless in writing signed by Seller. Placement of the order shall constitute Purchaser's acceptance of these terms and conditions. All orders are subject to acceptance by Seller at our offices in West Chicago, Illinois.

LIMITATION OF WARRANTY

Seller warrants, to the extent required by law, that merchandise conforms to the description appearing in Seller's catalog and on container labels, within recognized tolerances. SELLER MAKES NO OTHER OR FURTHER WARRANTY, EXPRESS OR IMPLIED. ALL OTHER OR FURTHER WARRANTIES, INCLUDING ANY WARRANTIES OF MERCHANTABILITY, TITLE, NON-INFRINGEMENT AND FITNESS FOR A PARTICULAR PURPOSE, ARE EXCLUDED. Certain merchandise may be separately warranted by the manufacturer. Seller does not adopt or ratify any manufacturer warranties, express or implied, and Seller shall have no liability thereunder. Seller does not adopt or ratify any manufacturer warranties, express or implied, made by Purchaser upon resale of the merchandise, and Seller shall have no liability thereunder.

LIMITATION OF REMEDY

PURCHASER'S SOLE AND EXCLUSIVE REMEDY SHALL BE REFUND OF THE PURCHASE PRICE. SELLER'S LIABILITY, WHETHER FOR BREACH OF CONTRACT, BREACH OF WARRANTY, NEGLIGENCE, PRODUCTS LIABILITY OR ANY OTHER THEORY OF LIABILITY, IS LIMITED TO THE AMOUNT OF THE PURCHASE PRICE. UNDER NO CIRCUMSTANCES SHALL SELLER BE LIABLE FOR DAMAGES IN EXCESS OF THE PURCHASE PRICE, OR FOR ANY SPECIAL, INCIDENTAL, INDIRECT OR CONSEQUENTIAL DAMAGES.

USE RESTRICTION

Merchandise is not intended for sale to large-scale commercial growers of herbs or vegetables. Use, transfer and/or acquisition of merchandise constitutes acceptance of a limited right to use the merchandise solely to grow a single crop for food, feed, processing or ornamental purposes. No other use is permitted. Any transfer of merchandise must be accompanied by this use restriction.

MANDATORY ARBITRATION

ANY CLAIM WHICH PURCHASER MAY HAVE AGAINST SELLER ARISING OUT OF OR RELATING TO THE SALE OF THE MERCHANDISE SHALL BE SETTLED BY BINDING ARBITRATION IN ACCORDANCE WITH THE COMMERCIAL ARBITRATION RULES OF THE AMERICAN ARBITRATION ASSOCIATION, SAID ARBITRATION TO BE VENUED IN COOK OR DUPAGE COUNTIES, ILLINOIS. The laws of several states require arbitration, conciliation or mediation of disputes involving allegedly defective seed before legal action may be taken. Purchaser should contact the State Department of Agriculture for information. Such laws typically require that a complaint be filed with the State Department of Agriculture in time to permit inspection of the seed, crops or plants. If such a complaint is filed, a copy must be sent to Seller by registered or certified mail.

GOVERNING LAW, JURISDICTION & VENUE

The laws of the State of Illinois, including but not limited to the Uniform Commercial Code as adopted therein, shall govern all matters arising out of or relating to Seller's sale of merchandise. ANY DISPUTE NOT SUBJECT TO ARBITRATION AND ANY ACTION TO ENFORCE AN ARBITRATION AWARD ARISING OUT OF OR RELATING TO THE SALE OF MERCHANDISE HEREUNDER SHALL BE MAINTAINED IN THE STATE OR FEDERAL COURTS LOCATED IN DUPAGE OR COOK COUNTIES, ILLINOIS, AND PURCHASER SUBMITS TO THE JURISDICTION OF AND VENUE IN SAID COURTS.

INDEMNITY

By accepting merchandise, Purchaser agrees to defend Seller, to hold it harmless and indemnify it from and against any claim or loss asserted by any or all transferees of such merchandise or users of the products of such merchandise who are not notified by Purchaser in writing of Limitation of Warranty, Limitation of Remedy, Mandatory Arbitration, Governing Law Jurisdiction and Venue, and Notice Regarding Seed-Borne Diseases in language substantially equivalent to that contained in these Terms & Conditions of Sale.

PRICES

All prices are subject to change without notice. The price in effect at time of shipment will prevail. Prices do not include installation; Seller takes no responsibility, and shall have no liability for installation. Requests to package seed in unlisted sizes will incur a charge of \$0.75 per packet. Additional processing and handling charges may be added.

PAYMENT

Payment is due in invoiced currency and in accordance with the terms specified on invoice. In the event of default in the payment of any amount when due, and in addition to all other rights and remedies available to Seller, SELLER SHALL BE ENTITLED TO COLLECT A LATE CHARGE OF 2% PER MONTH (24% PER YEAR) OR THE MAXIMUM RATE ALLOWED BY LAW, WHICHEVER IS LESS, ON ALL AMOUNTS PAST DUE FROM THE DATE DUE UNTIL THE

DATE PAID. A FEE OF \$25.00 WILL BE CHARGED FOR ANY RETURNED CHECK, DECLINED EFT TRANSACTION OR DECLINED BANKCARD TRANSACTION. If paying by Pre-Authorized Debit (PAD), or EFT, please note you have waived your right to receive pre-notification of the amount of the PAD and agreed that you do not require advance notice of the amount of PADs before the debit is processed.

FREIGHT & HANDLING CHARGES, INSPECTION, DAMAGED GOODS

The freight and handling charge on Purchaser's invoice covers shipment of the merchandise to Purchaser's destination, and replacement or credit for damaged merchandise if the steps listed here are followed. PURCHASER WILL NOT REFUSE OR RETURN GOODS, OR THE RIGHT TO FILE A CLAIM IS LOST AND PURCHASER WILL STILL BE LIABLE FOR THE MATERIAL AND THE FREIGHT. When Purchaser receives shipment: 1) Count all cartons. 2) Inspect all cartons for external damage. 3) Check for open or resealed cartons. 4) Note any damages, shortages, open or resealed cartons on the delivery receipt; the carrier's representative must also sign the receipt. 5) Open all boxes immediately and inspect for damage, such as scorched, frozen or broken plants; material shortages; etc. NOTIFY SELLER IMMEDIATELY IF A SHIPMENT IS DAMAGED. Call the Ball Traffic Department at **800 879-BALL** to report the damage and receive details on what is needed to file a claim.

CANCELLATION POLICY

Cancellations for unrooted cuttings must be received at least thirty (30) days prior to scheduled ship date. Cancellations for liners or seed-raised plugs must be received prior to stick or sow date.

NOTICE & RETURN

Seller shall have no liability for any defect unless notice is given promptly, not to exceed thirty (30) days after such a defect is or should have been discovered. The buyer is limited to six months from the ship date to report issues. Issues that arise past six months will not be considered for credit. No merchandise may be returned without the Seller's prior written authorization. Requests to return merchandise must be made within ten (10) days after delivery. All returns must be in accordance with Seller's shipping instructions with freight paid by Purchaser. All requests for return of merchandise must be made to Ball at **800 879-BALL**. The Purchaser will also be asked to provide a letter stating the reason for the return.

The order number or invoice number must accompany the return in order to expedite the credit. NOTE: No seed will be accepted without prior notification to Ball at **800 879-BALL**. Effective immediately, seed that is returned without authorization will not be accepted and credit will not be issued. For all Purchasers in the United States, a FedEx call tag will be issued upon authorization of return. There is a \$20.00 freight charge for the FedEx return. Seed must be returned in the original condition within thirty (30) days of the ship date for full credit. No open packages will be accepted. If seed is returned within

thirty-one (31) to sixty (60) days after ship date, full credit will be given but a 15% restocking charge will be assessed. No credit or replacement will be given for seed returned after sixty-one (61) days from our ship date. Because Ball® Controlled Growth seed is perishable and has a shorter shelf life, no returns of these products will be accepted.

DELAYS, SHORTAGES & SUBSTITUTIONS

Seller shall not be responsible for delays in delivery or for losses resulting from such delays. Seller reserves the right to make partial shipment. In the event of shortages, Seller may substitute such other, similar merchandise as is available.

PLANT PROTECTION

Varieties described herein may be covered by the Flowering-Only Terms and Conditions of Sale Agreement, United States Plant Patents, United States Plant Variety Protection, Utility Patents, and Plant Breeders' Rights. These varieties may not be reproduced without authorization. The breeder or authorized representative has the right to inspect Purchaser's nurseries during normal business hours to assess compliance with the restrictions on use of protected varieties.

TRADEMARKS

® denotes a U.S. registered trademark and ™ denotes a trademark of Ball Horticultural Company, unless otherwise indicated.

SALES LIMITATIONS

EXPORT CONTROL
THE COMPANY'S PRODUCTS MAY NOT BE SOLD, DIVERTED, TRANSFERRED OR RE-EXPORTED, DIRECTLY OR INDIRECTLY, TO ANY INDIVIDUAL, ENTITY, OR DESTINATION THAT IS SUBJECT TO UNITED STATES OR UNITED NATIONS SANCTIONS PROGRAMS OR EMBARGOES (INCLUDING BUT NOT LIMITED TO OFAC SANCTIONS PROGRAMS AND THOSE LISTED ON OFAC'S "SPECIALLY DESIGNATED NATIONALS" LIST) WITHOUT AN APPROPRIATE EXPORT LICENSE.

FOREIGN CORRUPT PRACTICES ACT
EACH PARTY REPRESENTS AND WARRANTS TO THE OTHER PARTY THAT IT WILL TAKE NO ACTION IN RELATION TO THIS TRANSACTION THAT WOULD BE IN VIOLATION OF THE APPLICABLE LAWS AND REGULATIONS OF ANY COUNTRY AND THE UNITED STATES OF AMERICA. NO PAYMENTS OF MONEY OR ANYTHING OF VALUE WILL BE OFFERED, PROMISED OR PAID, DIRECTLY OR INDIRECTLY, TO ANY OFFICIALS TO INFLUENCE THE ACTS OF SUCH OFFICIALS TO INDUCE THEM TO USE THEIR INFLUENCE WITH A GOVERNMENT OR AN INSTRUMENTALITY THEREOF, OR TO OBTAIN AN IMPROPER ADVANTAGE.

NOTICE REGARDING SEED-BORNE DISEASES

Seller makes no representation regarding the freedom from seed-borne diseases of the seed sold and disclaims any liability relating to such diseases, whether previously known to exist or not identified until this seed is grown.
